Primary Election Officials Needed

The Hon. W. W. Newbury, Assistant Secretary of Defense for Inspections Engineering, stationed at the State Building in early March, 1965, announced that his office is seeking to fill six positions.

Responsibilities of the officials are to include preparing reports and procedures as required, and to ensure that military vehicles are used in such a way as to minimize military training costs. The officials are to assist in the formulation of policies and procedures for the production of the following:

- Combat vehicles
- Motorcycles
- Armored vehicles
- Light vehicles
- Tanks

The officials are expected to have at least three years' experience in the military service, and to be able to speak and write English fluently.

Third More File For School Board

Three more candidates filed their applications for the three new school board seats on the Chino School District board of trustees.

The latest to apply for the school board seat opening is Dr. W. W. Ward, newly appointed head of the Administration Ordinance Department; George Adam, an electronics and a member of the National Guard; and Russell G. Ochs, a research scientist in the mathematics division.

At the end of the filing period on Wednesday, only one candidate, Joseph J. O'Brien, had applied for the three-year board term. Mr. Haydon has not yet applied for the position, but is expected to.

The school board election will be held May 21.

Air Conditioning Units

Air conditioning units are now ready for summer in three-quarters of the Student residences, according to the utilities officer of the Public Works Department.

As many men as possible from Public Works, and from private contractors who are servicing the cond, are busy working to get all of the air conditioning units in.

Trolley cars are asked not to enter walking rooms in these buildings, to prevent the possibility of electrical shorting and premature aging of the trolleys.

Fixing the wiring in the walking units near smaller units, and also the wiring to the main units, is to be done by the men.

The work is being done by a number of contractors, and is expected to be finished by the end of the week.
