1960 Census Job At Halfway Mark On Local Level

eteer, Ext. 72082.

Mr. Rockett may call the Rock-

ng satisfactorily in the China ake-Ridgecrest area due to the onscientious cooperation of most esidents, according to a report rom area crew leader Rose Dorsey. During the two weeks since the 960 census began, several calls by enumerators to single personnel occupying dormitories have fail be completed. Men have found to be the most frequent ab-

whenever occupants are not at home. Failure to honor the designated appointments will make it impossible to complete an accurate census report.

Each enumerator in this area has to contact about 450 househol's and the cooperation of all residents is imperative to the success of the campaign. They are expected to complete their jobs within a month's time.

It is estimated that if all the numerators in the United States missed one person each, the final statistics would be inaccurate by

Small Business Groups Get Two-Thirds Of NOTS Pasadena Purchase Orders

Small business is big business with NOTS, Pasadena. In the past two years, records show about two-thirds of all NOTS purchases have been made from small business con-

purpose of Government procureing its affiliates, which is independently owned and operated and is not dominant in its field of operation. Any business concern is small if its number of employees Named to Lead does not exceed 500 persons (with ertain exceptions) or if it is so ertified by the Small Business Ad-

inistration. "Ordinarily these firms are not equipped to enter into large-scale production contracts," Clinton V. Company in March, 1948. His new Day for 1960. He will be assisted line, has said, "but are especially suited for prototype or model development.
