MOSAIC MAP OF SCI—Effective last Saturday, July 1, NOTS assumed administrative command of San Clemente Island, a sea range with permanent installations for testing antisubmarine weapon systems, torpedos, and underwater rockets. Located 55 miles off the Southern California coast, San Clemente Island is about 20 miles long and from one to four miles wide. Since April, 1959, it has been under the administrative command of NAS, North Island. NOTS has utilized San Clemente Island for test work since 1949.

High Enrollment Foreseen For Local Summer Classes

An enrollment of more than 1500 children is expected in the China Lake Summer School Program which will begin Monday, July 10. All schools in the China Lake District will be in use during the five-week session, and more than fifty teachers have been employed by the District School Board to teach the variety of courses that will be offered.

Registration for the elective program will take place at Murray School on July 10 from 8:30 to 11:30 a.m. Enrollment for this program will be open to all students living in the China Lake District who have completed the third grade of school.

Remedial Assignment
In addition to the elective program, remedial work in Reading, Arithmetic and Spelling will be given to children from second through the eighth grades. This program will start at 12:30 p.m. at Murray School on July 10.

Parents have been notified if their children have been recommended for this program by the regular school year teacher. The boys and girls participating in this program will also be eligible to register in the morning sessions of the elective program.

Vieweg, Groves, Richmond and Desert Park Schools are also beginning their summer program on July 10. All children who will be entering kindergarten, first, second and third grades in the fall are eligible. A majority of the interested youngsters have already been registered for this program, but additional registrations will be accepted on the first day of summer classes.

Vieweg, Richmond and Groves Schools will accept enrollments for kindergarten through third grades while Desert Park School will enroll only those in kindergarten through second grades.

Transportation will be furnished to students from the Desert Park area to Murray and Vieweg schools. They will be returned by bus after the 11:30 and 3:30 p.m. dismissals at Vieweg and Murray.

AAUW Book Sale

The American Association of University Women will hold a book sale next Friday, July 14, at Bennington Plaza from 10 a.m. to 6 p.m.

The third edition of the Indian Wells Valley Handbook, contributed to by many persons in this community, will be available at \$1.30. This book relates information on the area's history, climate and wildlife and recreational interests of the desert area residents.

Meetings...

NROC II-1 now designated Weptu 780 (Bureau of Weapons Training Unit), will meet next Wednesday at 7:30 p.m. in Conf. Room A, Mich. Lab. Dr. Rene Engle will speak on "Military Oceanic Research at NOTS." Lt. Col. Richard Goss, Asst. Aviation Tech. Training Officer at NAS, Los Alamitos, will discuss the new BuWeps reserve officer program.

PARLIAMENTARIANS Study Group will meet today at 7 p.m. in the Navy Wives Hut on Halsey St. for election of officers and adoption of by-laws. All persons who are members or eligible for membership to the Nat'l Assoc. of Parliamentarians, are invited.

SAGE SHARKS DIVING CLUB will meet Thursday, July 13, in Room B, Community Center, at 8 p.m. A film on Scuba diving "Crusin' the Caribbean" will be shown.

Additional assistance was rendered by many senior and cadet members of both Squadrons 82 and 84.

BuWeps Directive Aims SecNav Policy On Navy Criticism

A memorandum to all hands in the Bureau of Naval Weapons was recently distributed by Rear Admiral Paul D. Stroop, Chief of BuWeps, stating the Secretary of the Navy's policy regarding questions, suggestions and criticisms directed to the Navy Department.

"All hands are directed to familiarize themselves with the Secretary's statement and to be guided accordingly in all responses to inquiries concerning activities of the Bureau of Naval Weapons," states Adm. Stroop.

The memorandum, dated May 16, 1961, reads as follows: "In your respective organizations and functional fields, I would like each of you to study and do what you can to effect means of assuring a positive and open-minded attitude on the part of your staffs toward questions, suggestions and criticisms which may be directed to the Department; particularly those which come from the Congress and those which come from the tax-paying public, or have a public relations aspect."

"The Navy and the Marine Corps will benefit greatly from an honest and constructive approach to even the most trivial proposals. Conversely, they will suffer greatly from habitually defensive or negative reactions. In each response we make, whether by letter, public statement or otherwise, the viewpoint of the addressee should be respected and the Navy position or viewpoint be stated sympathetically and objectively, whether or not it is favorable."

Adm. Stroop's memorandum closes with: "I feel particularly strongly that we in the Bureau of Naval Weapons, both here at the seat of government and in the field establishment, as members of the largest single entity within the Navy Department, have special responsibilities in these matters regardless of our position in the organization. To those outside the Department, we all represent the Navy."

China Lake to Host July Swim Meets

Diligent practice under the guidance of coach Carol Chatterton sets the pace for the approaching swim meets scheduled tomorrow and July 15 at the Officer's Club pool. Starting time is set at 9 a.m.

The first meet will be conducted on a local basis. Approximately seventy members of the Indian Wells Valley Swim Teams will compete within their respective age group.

Youngsters who place first and second in their age group will have the opportunity to compete against swim team members from Edwards, Mojave and Rosamond on July 15. Spectators are welcome at both local meets.

First and second place winners of that District Meet will then journey to Bakersfield on July 22 to compete in the Kern County Championships Meet.

According to statistics from the New York headquarters, there are nearly 500 communities in this country who submitted candidates but will not be represented due to lack of homes to accommodate them.

Last year, the Huse family were hosts to the exchange student from Manila, Corazon Desamito. She left Hollywood June 23 on a seven-week trip throughout the U.S. returning to Los Angeles in time to depart for Manila on August 13. Fifty-five similar tours are being conducted simultaneously throughout the U.S. for 1800 foreign exchange students during this period before they return to their homeland.

The local AFS committee received word last week that this year's

Modeling and Cake Decorating Classes To Start at NOTS Community Center

Mrs. Evelyn Green ... to teach modeling

The summer modeling and cake decorating classes, sponsored by the NOTS Special Services Division at the Community Center will be starting soon.

The first class in Adult Modeling begins on Saturday, from 1 to 4 p.m.

All other classes will begin on Monday.

Mrs. Lorraine Anderson is in charge of the cake decorating classes, and Mrs. Evelyn Green will handle the modeling classes.

Those who have registered are reminded that the classes are scheduled as follows: Beginning cake decorating — 8:30 to 11:30 a.m., and 7 to 10 p.m. Junior high school modeling — 8:30 to 11:30 a.m. High school modeling — 1 to 4 p.m.

Adult modeling — 7 to 10 p.m. (with the exception of the first class on Saturday).

All students in the cake decorating classes are requested to bring to the classes everything listed in the instruction sheet given out at the time of registration. Those who did not receive or have lost their instruction sheet should call the Community Center, NOTS extension 72010, before the first class begins.

There is a \$5 registration fee for each of the classes. In the cake decorating class, there is also a \$5 charge for a cake decorating kit, which becomes the property of the student after the class is over.

Those volunteering were: Marine Cpls. G. W. Jacobs, Vincent Romo, Ernest Townsend, H. L. Stinson, N.

Exchange Student Final Selection Told

John "Bucky" Anderson, son of Mr. and Mrs. R. W. Anderson and Burroughs High School semi-finalist in the American Field Service foreign exchange student program, leaves July 15 from New York to join his 'adopted' family in Malmo, Sweden.

He will attend school abroad during the fall term and return to China Lake in January to complete his senior year at Burroughs.

This is a first for Burroughs High which so far has participated only in the summer student exchange program.

Last fall, the local Americans Abroad selection committee announced Donna Huse as their unanimous first choice in the local competition, and her name was submitted as the local candidate to the AFS New York office.

Through the contributions of local anonymous donors, it became possible for the local committee to submit a second candidate, Bucky. Both students are above average.

Final placement of students in homes abroad is in the hands of the AFS in New York. This year there were an equal number of European families who would take boys and girls, but since there were many more girl semi-finalists, the placement of boy candidates was easier. The probability of finding a family abroad for Donna before the July 15 deadline is now very remote.

According to statistics from the New York headquarters, there are nearly 500 communities in this country who submitted candidates but will not be represented due to lack of homes to accommodate them.

Last year, the Huse family were hosts to the exchange student from Manila, Corazon Desamito. She left Hollywood June 23 on a seven-week trip throughout the U.S. returning to Los Angeles in time to depart for Manila on August 13. Fifty-five similar tours are being conducted simultaneously throughout the U.S. for 1800 foreign exchange students during this period before they return to their homeland.

The local AFS committee received word last week that this year's

Kindness is the golden chain by which society is bound together. — Goethe
It often shows a fine command of language to say nothing.

Three Bodies Found Station Enlisted Men Assist CAP In Search for Helicopter

Two search parties of Station enlisted men participated with China Lake CAP Squadron 84 and the Inyokern CAP Squadron 82 on Tuesday and Wednesday of this week in a search for a missing fire-fighting helicopter with three men aboard on the eastern slope of the Sierra between Coso Junction and Kennedy Meadows.

Chief Warrant Officer J. W. Quinn of the San Fernando CAP Squadron 35 in flying his last sortie Tuesday evening sighted what he believed to be the wreckage of the missing craft. This information was passed on to the U.S. Forestry Service Wednesday morning by Major Paul Miller of the CAP Eastern Sierra Group 22, who had set up search operations at Coso Junction.

By mid-day CWO Quinn's observation had been confirmed when Forestry Service officials and Inyo County Deputy Sheriff Watkins found the wreckage and the bodies of the crash victims near Ball Mountain in Tulare County not far from Kennedy Meadows.

Dead
The bodies of the crash victims pilot Robert T. Gilbreath, 35, of Van Nuys; Harold L. Barnes, 41, a Sequoia forest ranger; and Samuel R. Reddy, assistant ranger of Cannell Meadows district, whose home was in Kernville, were flown by helicopter to Kennedy Meadows where they were picked up by the Turner Ambulance Service and brought to Ridgecrest, according to Maj. Miller.

Called In to Search
Tuesday morning, the local CAP Squadrons which had been searching for the missing helicopter since Monday, called the Station and asked for personnel to assist them in the search. A group of 35 enlisted men responded.

Those volunteering were: Marine Cpls. G. W. Jacobs, Vincent Romo, Ernest Townsend, H. L. Stinson, N. G. Mitchell; Lt. Cpls. Raikes, Eugene Strozenski; Pfc. T. A. Ferris.

GMU-25—J. Halpin, GSSN, R. L. Wolf, YNSN, S. D. Critzer, GSS, and M. J. Tillotson, GMSN.

NAF—D. W. McCabe, AMH3, M. A. Cochran, AN, J. W. Harper, AOS, R. E. Starr, ADR3, S. R. Sartwell, ADR3, G. L. Greshing, ADR3, H. L. Basque, ADJAN, A. Hammer, AA, E. J. Dockus, ATN3, B. W. Avery, AN, K. R. Skidel, SA, L. F. Paddock, AER, R. R. Conwell, AMJ3, L. Jones, AA, R. A. Tinland, AN, R. P. Howard, AQF3, J. E. Holt, AN.

VX-5—J. M. Hartman, AT3, L. P. Andrighetti, AD3, R. E. Garwin, AN, and G. L. Riggs, AN, of NOTS.

Wednesday Volunteers
Volunteers for Wednesday in addition to Jacobs, Romo, Townsend, Stinson, Mitchell, James, Dobbins, Raikes, Ferris, Strozenski, Critzer, Tillotson, Harper, Sartwell, Greshing, and Hartman were: Richard H. Arnold, SFC, W. G. Lash, SN, W. A. Woodward, SN, Richard Martinez, F. X. Benevedias, SA, all of NOTS; and VX-5 men K. G. Watson, AN, and J. W. Robbins, AN.

Four helicopters from the El Toro Marine Corps Air Station at Santa Ana were used to fly the volunteers to the search areas.

Civil Air Patrol
The search was activated by Lt. Col. Stephen Lukacik, Commander of the Eastern Sierra Group 22, Civil Air Patrol based at Bishop, who appointed Major Paul Miller, (Continued on Page 4)

JC Dean Releases Tentative Schedule

A tentative schedule of fall classes for the Bakersfield College Evening Division at China Lake was announced by Omar Scheidt, Dean. Thirty-four different offerings will be available in humanities, social science, business, mathematics, science, and physical education.

Humanities offerings will include: English XA-XB (Eng. Fundamentals), English 1a (Freshman Reading and Composition), English 51a (Language Skills), English 52-a (Reading Improvement), Speech 18 (Voice and Diction), French 1 (Elementary), Music 5a (Class Piano), and Music 9 (Public School Music).

Social Science classes include: Economics 1a (Principles), Geography 1a (Introduction of Physical Elements), History 17a (U.S.), History 18 (Calif.), Political Science 1 (Amer. Gov.), Psychology 1a (Gen.), Psychology 33 (Personal and Social Adjustment), Sociology 1 (Intro.) and Social Science 53a (Intro.).

Math classes are: 14a — Analytical Geometry and Calculus, 1 — Math Analysis, C — Plane Trig, D — Intermediate Algebra, 53a — Elementary Technical, 53c — Advanced Technical, 54 — Industrial, and 51 — Business Math.

In the Science area: Astronomy 1a (Elem.), Chemistry 2a (Intro. Gen.), and Physics 60a (Tech.). Other courses will include Industrial Drawing 30a, Business Administration 18a (Bus. Law), P.E. 1 (Principles of Health Education), and P.E. 31a (Standard Red Cross First Aid).

GEBA Assessment No. 51 Is Now Due

Assessment No. 15 is now due and payable by members of the Government Employees Benefit Association following the death of Charles W. Craig, 61, former welder in the Shop Branch of the Manufacturing Division, Engineering Department.

Craig died last Sunday afternoon in the Long Beach Hospital from a malignancy. He obtained his medical retirement on May 12, 1961 and was admitted to the hospital while his wife, Metena, had been living at 2217 East 64th Street, Long Beach. They formerly lived at 118 Searles Street, Desert Park, and had been at NOTS since December, 1955. A check for \$1000 was forwarded to Mrs. Craig.

A general meeting for members of GEBA is scheduled for 7 p.m. next Wednesday, July 12, in the Fire Prevention Hut in back of the Fire Station on Lauritsen. Routine business and audit of books are on the agenda.

Assessments of \$1.10 per member may be mailed to the residence of the secretary-treasurer Frank M. Brady, 302-A Groves, China Lake.

Tremendous Growth
Currently numbering approximately fifty thousand, the Association has weathered the usual growing pains. Initially instituted in 1922 at a Philadelphia meeting, their prime objective then was to discuss strategy to oppose a well meaning but short sighted Congressional proposal abolishing the Fleet Reserve and with it, all fringe benefits enjoyed by reserve and retired members.

After the Philadelphia membership expanded to a national society, headquarters for the National Or-

In his address to the local audience, Herget emphasized that the FRA has a reputation for action and can be justifiably proud of its past record.

However, he also stated the need to think and act for the present and future because, he stated "We are in an era of increasing bureaucracy . . . and the flexibility of decision becomes more and more restricted by policy and procedure. With the Navy and Marine Corps as large as they are, there is a great need for some group which is outside of the processes, to objectively observe the course of events and speak out when things go awry."

Each member bears a grave responsibility for the Association's failures as well as reaping credit for its achievements. For truly successful results in any endeavor, he cited the preamble of the Association's constitution "we associate ourselves together." This will insure that the FRA is "going to go" and their destination will be "wherever it is needed."

NAT'L PRESIDENT INSTALLS—Charles Herget, National President of the Fleet Reserve Association presents the gavel to Willie Meisel, new president of Branch 95 at China Lake. Observing the ceremonies are Henry Dupree, vice president of the Southwest Region (I), and (r) Capt. Charles Blenman Jr., Station Commander.

National FRA Prexy Seeks Unified Ranks

The China Lake Fleet Reserve Association Branch 95 ushered in its new slate of officers last Monday during installation ceremonies at the VFW Hall. FRA National President Charles Herget was the guest speaker and installing officer, assisted by Southwest Regional Vice President Henry Dupree.

NOTS Commander Capt. Charles Blenman and Capt. T. A. Grell, Commanding Officer of the Naval Air Facility, viewed the proceedings which formally named Willie Meisel—president, Westy Petraeus—vice president, and Terry Driver—secretary-treasurer. Board of directors are: Art Trent, Jim Wheeler, Vic Bizon, John Totten, Opel Anders and Thomas Terrebonne.

John B. Fastingler and Orville D. Morris were named Master-at-Arms and Chaplain, respectively.

The Fleet Reserve Association has no legal connection with the "Fleet Reserve" component of the United States Navy as established by Congress. It is an organization of enlisted men and temporary officers of the U.S. Navy and Marine Corps who have at least six years of active federal service.

Currently numbering approximately fifty thousand, the Association has weathered the usual growing pains. Initially instituted in 1922 at a Philadelphia meeting, their prime objective then was to discuss strategy to oppose a well meaning but short sighted Congressional proposal abolishing the Fleet Reserve and with it, all fringe benefits enjoyed by reserve and retired members.

After the Philadelphia membership expanded to a national society, headquarters for the National Or-

Library Charts World 'Book Plane' Cruise

Station children in grades 1 through 8 are invited to join the World Traveler's Reading Club, a reading program sponsored by the Station Library. The theme this year will be "Fly your book plane around the world!"

The program will run from July 10 through August 26. A party for all club members will be held at the library during the last week of August.

Housing Policy Review

The NOTS Community Council, scheduled to meet next Tuesday at 7:30 p.m. in the Community Center, carries on its agenda a review of the revised housing assignment policy and procedures for military and civilian personnel. The public is invited.

PLAN "N" — Four-bedroom single units with single garages to be built on Site A in various colors with colored gravel roof and traditional lines.

Learning a Language Is a Service Benefit

Getting maximum value out of our possessions is something we take for granted as being simple good sense. We don't discard things that are usable; if we spend money we aim to get our money's worth; if we take a vacation we try to make the most of it in pleasure and relaxation.

But do we apply this eminently sensible yardstick to our overseas assignments where we enjoy unique opportunities to enlarge our appreciation of other people and their ways? To take advantage of them to the utmost means hurdling the barrier of language—once that is down, person-to-person communication is feasible.

Today more than ever before, the simple tools to help us speak and read the languages of others are abundantly at our disposal. Correspondence courses, phonograph recordings, dictionaries, classes of group instruction—they are all available at military installations, and we are officially encouraged to make use of them.

To neglect to do so is really short-changing ourselves. Learning a language can be entertaining and stimulating, especially if it is done in a group. From fundamentals one proceeds to enlarge one's vocabulary and gain fluency of expression. It has the challenge of an adventure, for there is always a new avenue to explore, a new complexity to master.

The purely practical advantages of bi-lingual dexterity in our assignments abroad shouldn't be overlooked. Each of the services today relies heavily on a local labor supply to maintain its overseas installations, and we work—often closely—with civilians who may or may not have an adequate knowledge of our own language. If we can understand them, and make ourselves understood, the job gets done faster and better.

But quite apart from making us more valuable as members of the Armed Forces, learning the language of a foreign country where we are assigned is of immeasurable satisfaction in human terms. It is like having a veil stripped from our eyes. Our ears are open to the main stream of life about us—we cease to be strangers in a land far from home. We are not among "foreigners" but friends who are eager to know us better—and language is the indispensable link.

What's Doing IN RECREATION

By Jean Cone, Recreation Director

Tonight is dance night for all Station adults at the Community Center. Chuck Cabot is bringing his nationally-famous orchestra of all-star musicians along with headline entertainers Wee Bonnie Baker and Billy Rogers. Dean of the off-beat humorists, Billy Rogers started out to be a writer of comedy material for such greats as George Gobel and Joe E. Lewis. Some of the stuff was so "far out" he didn't understand it himself! Later, he was persuaded to give lectures before luncheon groups, and the laughs came so easily that he began to write for himself exclusively.

Most recent "credit" is the "Handbook for Booze Is the Only Answer Club," which is becoming a big item in conjunction with the Woody Woodbury LP album of the same title. Billy wrote the book and did the 50 alcoholic drawings which point up the text.

Never an obvious "joke" teller, Billy Rogers has been described as "subtle, savage, and sudden" by the New York Times in their review of his act at the Blue Angel. His appearances on the Ed Sullivan Show have always been a smash—always fracturing his audiences as the "Dr. of Applied Satire."

After his soft-spoken attack on human foibles, sex, money, politics, songs and space travel, there is little doubt as to why he has earned the appellation of "Dr. Billy Rogers!"

Dancing will begin at 9 p.m. at the Community Center with entertainment at 11 p.m. Admission is 75 cents per person. Group table reservations are held only until 9:30 p.m. Wee Bonnie Baker and Billy Rogers will appear there at the Officer's Club tonight at 9:45 p.m.

Tomorrow night, July 8, the 12-piece Cabot band will play at the EM Club. Wee Bonnie Baker and Billy Rogers will appear there at 11 p.m. and at the CPO Club at 10 p.m.

Cribbage Tournament The monthly cribbage tournament will be held in the lounge room of the Community Center on Monday, July 10, at 7 p.m. Four handed, partnership cribbage is played. All Station cribbage players are invited to participate.

Charity Bridge The China Lake unit will have a bridge game this Sunday at 6 p.m. in the Community Center with all monies collected to go to the Red

SHOWBOAT

FRIDAY JULY 7

"PICNIC" (116 Min.)
Kim Novak, Wm. Holden
7 p.m.

(Comedy in Color) A never-do-well young man, tired of drifting, arrives in small Kansas town to look up a wealthy college chum and ask him for a job. The friend introduces the drifter to his best girl and her family. Although he only stays for a day, he rearranges the lives of all—particularly the ladies. Hilarious dialogue. (Adults-Young People)

SATURDAY JULY 8

—MATINEE—
"WILD STALLION" (70 Min.)
Ben Johnson
1 p.m.

SHORTS: "Kitty Foiled" (7 Min.)
"Son of Geronimo No. 15" (16 Min.)
—EVENING—
7 p.m.

"ALL THE YOUNG MEN" (87 Min.)
Alan Ladd, Sidney Poitier
(War-Drama) Christmas, 1951, Korea. Only 12 men of an advance Marine platoon remain alive with Negro sergeant who is viewed coldly by them. They capture strategic point and await intensive counterattack. Tension mounts to slam-bang action and dramatic finale. (Adults-Young People)

SHORTS: "Clash and Carry" (7 Min.)
"Candid Mike No. 3-2" (10 Min.)
SUN.-MON. JULY 9-10

"THE YOUNG SAVAGES" (103 Min.)
Burt Lancaster, Shelley Winters
6 and 8 p.m.

(Drama) Trial of three teenagers for killing a blind boy turns into search for culpability of society. Burt Lancaster plays D.A. who first seeks death penalty but changes his mind. A grim but will done story. (Adults-Young People)

SHORTS: "Downhearted Duckling" (7 Min.)
TUES.-WED. JULY 11-12

"CARRY ON, NURSE" (90 Min.)
Kenneth Connor, Hattie Jacques
7 p.m.

(Comedy) A pretty nurse falls for a young reporter who is rushed to the hospital for an appendectomy. Continuous chuckles at the expense of nurses and patients in a men's ward. Hilarious situations, especially when patients lose inhibitions over an alcoholic beverage smuggled into the ward and proceed to take over the operating room. (Adults-Young People)

SHORTS: "The Lions Busy" (7 Min.)
"Granddad of Races" (7 Min.)
THURS.-FRI. JULY 13-14

"DAVID AND GOLIATH" (96 Min.)
Orson Welles, Iva Payer
6 and 8:15 p.m.

(Drama in Color) Adapted from the Bible tale. Shepherd boy David becomes an adviser at King Saul's court and is sent as envoy to the Philistine King. He meets Goliath of the Israel border with the Olympic Games film. The life of this great athlete from teenager, through romance, and Marine Corps duty. (Adults-Young People)

SHORTS: "There They Go Go" (7 Min.)
"Jungle Mankillers" (10 Min.)
SATURDAY JULY 15

"THE BOB MATIAS STORY" (80 Min.)
Bob and Melba Matias, Ward Bond
7 p.m.

(Drama-Sports) True life story of the only "twice winner" of the decathlon in the Olympic Games. Filmed in Tulare, California, with participation of actual officials and Olympic Games film. The life of this great athlete from teenager, through romance, and Marine Corps duty. (Family)

SHORTS: "Thumb Fun" (7 Min.)
"Nutsy Knights" (16 Min.)

PROMOTIONAL OPPORTUNITIES

Present Station employees are encouraged to apply for the positions listed below. Applications should be accompanied by an up-to-date Form 58. The fact that positions are advertised here does not preclude the use of other means to fill these vacancies. Secretary (Steno) or Secretary (DMT), GS-5 PD No. 001004, Code 01—Secretary to the Commander of the Technical Training Center, performs secretarial duties, takes and transcribes technical dictation, and participates in the Administrative work of the office. Supr. Aero. Power Plant Engr., GS-13, PD No. 26834, Code 4572—Head, Propulsion Development Branch. Incumbent conducts design, development and reliability testing of propulsion units and igniters. Performs detailed design studies for propulsion systems proposals and plans and conducts experimental tests to determine feasibility of new propulsion techniques. File applications for above positions with Dixie Shannon, Room 26, Personnel Building, Ext. 7-2674. Management Technician, GS-6, PD No. 170018, Code 7012—Performs investigation and analysis of data concerned with management forms for the Public Works Department, and designs forms for use within the department. File applications for above position with Judy Newman, Room 31, Personnel Building, Ext. 7-1393. Auto Equipment Serviceman, \$2.38 to \$2.58 p/h, Code 7076—Performs semi-skilled duties in connection with maintenance of automotive equipment, such as servicing vehicles with anti-freeze, water, gasoline, oil and air; lubricating vehicles; changing and repairing tires and tubes; servicing and charging batteries; checking generators, spark plugs, oil filters, radiators, fan belts, carburetors, etc. File applications for above position with Sue Wickes, Room 31, Personnel Building, Ext. 7-1393. Deadline date for all applications: July 14.

Dodger Rookie Team Stage Weekend Games

The Los Angeles Dodgers Rookie Baseball Team will meet the Station ball club tonight and tomorrow night. Game times for both nights at Schoeffel Field is 8 p.m.

Composed of high school graduates and junior college players, the 19 man Rookie squad was selected from more than 300 aspirants during the past two weeks by Dodger scouts Harold Phillips, Jackie Warner, Kenny Meyers and Ed Roebuck. Meyers manages the club while Roebuck serves as a coach. Pitcher-outfielder Roy Gleason from Garden Grove, recently signed to a six-figure bonus by the Dodgers, will lead the squad which includes seven pitchers, three catchers, five infielders. Eleven of the 18 members of last year's Rookie team signed professional baseball contracts.

Gary Ball will pitch for NOTS Friday night with Bill Parlier slated to start Saturday night's game. The Station team has won all three of their games played this season.

BRL Invited A special treat is in store for the Babe Ruth League players tomorrow morning at 9 a.m. when Kenny Meyers and Ed Roebuck will conduct a baseball clinic. Besides being a top scout in the Dodger organization, Meyers is also the team's batting instructor. Ed Roebuck was the leading relief pitcher for the Dodgers until he came up with a sore arm this past Spring, but intends to rejoin the parent team in September.

There is no admission charge to the games . . . everyone is welcome!

By B. C. Sipin, PNI Filipino-American residents at China Lake had a pre-July 4th party at the Sandquist Spa with their traditional "lechonada" last weekend. Everybody enjoyed the dancing and a chance to gather all the Fili-American children as well. Some came from the Long Beach and Los Angeles areas and others were former China Lake residents. The celebration continued an additional day in the form of a baptismal party for the latest addition to the Filipino-American group—Baby Elvira Perez. Everyone enjoyed the festivities to such an extent that it prompted neighboring picnicers to join the fun.

The 2nd Division welcomes the services of K. F. Mishler, RMSN, who reported for duty upon completion of instruction at the ARM School, San Diego. A native Californian, Mishler hails from nearby Glendale.

Personnel Division lost the services of one of their able Yeoman—W. R. Wellman, YN3. He left for a 15-day leave as delay enroute to Air Group 11 at NAS Miramar.

Congratulations to CSCM Moeckly of the Galley Division and EMCA Lennon of NOTS Sea Range at Long Beach for their success in the last P-1 examinations. They will be awarded Proficiency Pay effective July 16. (To those who did not pass the P-1 exams . . . better luck next time)

Change In Command Slated Here Today As Captain Beers Ends Three-Year Tour

Cdr. E. P. K. King . . . assumes command

Capt. Charles J. Beers . . . leaves for Washington

Change of Command today at NOTS Pasadena marks the culmination of a three-year tour of duty as Officer in Charge for Captain Charles J. Beers. He and his family leave the Pasadena area next week for Washington, D.C. where he will attend the Industrial College of the Armed Forces.

PERT System Is Topic of Lecture Today at 1:30 p.m.

"The PERT System" is the title of a technical lecture being presented today at 1:30 p.m. in the Large Conference Room of Building 7, sponsored by the Employee Development Committee. Guest speaker is Y. Nakayama, Head of the Program Office, Management Plans, Bureau of Naval Weapons. Nakayama will discuss the PERT (Program Evaluation and Review Technique) System, initially developed for the Polaris program, as it is applied by BuWeps to other projects. The PERT system accepts various management inputs and through electronic computer techniques, predicts possible problem areas concerning deadlines and goals. The lecture is unclassified.

PROMOTIONAL OPPORTUNITIES

Farewell Party

A farewell party honoring Capt. and Mrs. Charles J. Beers will be held today, 4:30 to 7 p.m., at the Bahama Inn Trophy Room, 3545 E. Foothill Blvd., Pasadena.

Dominick Calvano Leaves on Disability

Leaving NOTS Pasadena last week on a disability retirement was Dominick Calvano, Heavy Duty Equipment Mechanic in the Transportation Branch, Public Works. "I plan to continue living in Duarte, taking life easy for a month or so, then will do some part-time work with light duties, perhaps as a Service Manager or similar employment," he says. Originally from Chicago, Illinois, Calvano came to California in 1942 and as most everyone else was doing those years, worked "in the war effort" at the shipyard. During 1945-1946, he served in the U.S. Army.

On coming out of the Service, he joined General Tire and Rubber Company, later converting to Civil Service. He has been with NOTS for 13 years. He was also with CalTech on Green Street for three years.

Mr. and Mrs. Calvano have two daughters, both of whom are now out of school and employed—one with a bank and the other at Johnson Pump Company near the Foothill Plant.

Shore duty was at the University of Oklahoma where he taught an NROTC class. Cdr. King resides with his wife, Zori, and their two daughters in Arcadia.

CITED BY LITTLE LEAGUE—John Adams, one of the China Lake Little League's most faithful volunteer workers, is presented a plaque by Station Commander Capt. Charles Blenman Jr., attesting to his abilities as a grounds keeper. The inscription on the plaque reads: To John Adams—in appreciation for selfless devotion to duty despite extreme heat and difficult conditions, July 4, 1961—China Lake Little League Baseball Association.

Crew's News

By B. C. Sipin, PNI

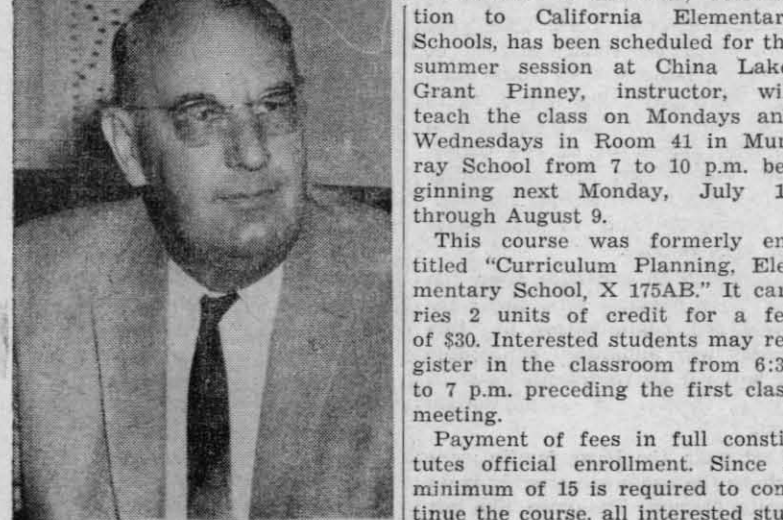

Filipino-American residents at China Lake had a pre-July 4th party at the Sandquist Spa with their traditional "lechonada" last weekend. Everybody enjoyed the dancing and a chance to gather all the Fili-American children as well. Some came from the Long Beach and Los Angeles areas and others were former China Lake residents. The celebration continued an additional day in the form of a baptismal party for the latest addition to the Filipino-American group—Baby Elvira Perez. Everyone enjoyed the festivities to such an extent that it prompted neighboring picnicers to join the fun.

The 2nd Division welcomes the services of K. F. Mishler, RMSN, who reported for duty upon completion of instruction at the ARM School, San Diego. A native Californian, Mishler hails from nearby Glendale.

Personnel Division lost the services of one of their able Yeoman—W. R. Wellman, YN3. He left for a 15-day leave as delay enroute to Air Group 11 at NAS Miramar.

Congratulations to CSCM Moeckly of the Galley Division and EMCA Lennon of NOTS Sea Range at Long Beach for their success in the last P-1 examinations. They will be awarded Proficiency Pay effective July 16. (To those who did not pass the P-1 exams . . . better luck next time)

Re-elected

SCHOOL BOARD—Albert S. Gould, consultant with the Weapons Planning Group, was re-elected for another term as president of the board of trustees of the Kern County Union High School and Junior College District last Monday. He has been a member of the board since May, 1950.

UCLA Refund Checks

UCLA spring semester tuition refund checks may now be picked up at the Education Office, Room 1004, Michelson Lab, anytime during the regular working day.
