assignment even for a man with his educational background and

"Man can understand the American culture and Western civilization best only if he knows their roots and backgrounds - to fully understand the present, man must have a sense of the past." These are the ideas about history held by Terry Allen who is, in effect, the social science department at our local BJC.

Born in Longview, Illinois, he attended public schools in Charleston, Ill., and in 1951 interrupted his education to serve with the U.S. Air Force as an aircraft and engine mechanic. Three years of this time were spent in the Pacific Theatre where he was assigned for a time to the H-Bomb project at Eniwie-

.. Returns to School

After discharge from the Air Force in 1954, he attended Eastern 8b. Illinois College where he received his B.A. degree in social science and geography and his M.A. degree in history and sociology. The reciprocal, and that they take place title of his master's thesis was "Fifteen Years with Clement L. Vallandigham" which he wrote under the guidance of Dr. Charles H.
