

# College's 'Oklahoma' Now in Rehearsal

Russ Stevens and Martha Hoge will be the romantic duo in the Bakersfield College Desert Division's production of "Oklahoma" to be staged July 17, 18, 24 and 25 on the Burroughs campus.

The show is now in rehearsal. The role of Ado Annie will be played by Florence Green, and Robert Pinney will be featured as Will.

Ali Hakim, a slippery peddler, will be portrayed by Eduardo Romero, and Jud Fry, the villain of the show, is to be played by David Bielawski. Marion Carter will play Aunt Eller.

Others in the cast include Charles Wilcox as Ike, Jeanette Pinney as Gertie, Samuel Haun as Cord Elam and Franklin Lydon as Andrew Carnes.

The production also features Robert Thacker, Eugene Baker, Ronald Hise and David Warner as farmers and cowhands.

Singing girls will be played by Eleanor Johnson, Betsy Von-Huene, Kifts Hise and Rose Marie Bielawski. Dancing girls will be Janie Evans, Patricia Stecker, Sherry Paulino, Ann Haymaker, Virginia Manger and Loretta Bell.

Dances will be staged by Mary Stolz, and Cheryl Anthes is musical director. Vernon Green is technical director and costume designs are under the supervision of Florence Pinto and Martelle Lawson.

## Open New Wing Of Museum Soon

The adjoining wing of the Maturango Museum, which will house an exhibit of non-classified weapons produced at NOTS, will soon be open and available for museum activities, Director Ken Robinson announced. Out of town visitors to the weapons display are already touring the section.

One of the first events to be held in the new room, probably in August, will be projection of slides and movies taken by members of field trips. Members will make their own commentary. A projector and screen are part of the permanent equipment of the room, but participants may bring their own if they wish.

## Draper New NLO

Gordon Draper, Code 1701, has relieved Russ Bjorklund as NOTS Liaison in Washington, D.C.

Draper's tour will end on June 19.

# WACOM Thrift Shop Donates \$1300

HELEN FLETCHER, Thrift Shop chairman, presents \$650 check to Chaplain Robert C. Fenning for Navy Relief. —Valley Independent Photo

## 6 Organizations Reap Benefits

Completing its most successful six months of operation since it was first opened in the spring of 1953, the WACOM Thrift Shop was able to distribute \$1300 in checks to local philanthropic and charitable organizations last week.

Largest contribution was a \$650 check to the Navy Relief Society. Thrift Shop policy stipulates that half of its proceeds go to Navy Relief.

Checks were distributed to five other organizations as follows: \$250 to American Field Service, \$200 to the Desert Area Counseling Service, \$100 to the IWV Council for Retarded Children, \$75 to the China Lake Little League, and \$25 to the Desert Community Orchestra.

Operated under the auspices of the Women's Auxiliary of the Commissioned Officers Mess, the Thrift Shop is staffed by volunteer workers headed by Helen Fletcher, Thrift Shop chairman and vice president of WACOM. Wives of civilians, officers, and enlisted personnel donate their time to this worthy cause.

The Thrift Shop is located on Lauritsen Rd. between Blandy Ave. and King Ave. Its entrance faces NOTS Enlisted Personnel Barracks No. 1. Hours of operation are from 9 to 11 a.m. on Tuesdays and from 7 to 9 p.m. on Thursdays.

Persons wishing to donate large or bulky items should call Ext. 76453 to make arrangements for pickup.

## SHOWBOAT

FRIDAY JUNE 12  
"PSYCHE 59" (94 Min.)  
Curt Jurgens, Patricia Neal  
7 p.m.

(Drama) Academy award winner Patricia plays the part of the blind wife of a wealthy industrialist who renews a romance with her sister. Gorgeous Samantha may be Hollywood's newest star. (Adult).  
SHORT: "Nuts and Volts" (7 Min.)

Sat. JUNE 13

—MATINEE—  
"SPOILERS OF THE PLAINS" (67 Min.)  
Roy Rogers  
1 p.m.

"Wise Quackers" (7 Min.)  
Jungle Drums No. 6" (13 Min.)  
7 p.m.

—EVENING—  
"HUD" (112 Min.)  
Paul Newman, Patricia Neal, Melvyn Douglas  
7 p.m.

(Drama) 1963's best actress and best supporting actor (Academy award) are in this tale of patriarch cattleman, his hell-raising son and their bitter housekeeper who fight to hold their dignity and a diseased cattle herd. Solid, don't miss Drama. (Adults and Mature Youth).  
SHORT: "Beach Peach" (7 Min.)

SUNDAY—MONDAY JUNE 14-15

"DEVIL-SHIP PIRATES" (86 Min.)  
Chris Lee, Andrew Keir  
7 p.m.

(Adventure in color) A defeated Spanish pirate vessel puts in at an isolated coastal village for repairs and tells the villagers the British have been defeated. Swash-buckling action and intrigue. (Adults, Youth and Children).  
"Pluto's Quinpulets" (7 Min.)  
"Spotlight Tasmania" (10 Min.)

TUESDAY—WEDNESDAY JUNE 16-17

"AMERICA, AMERICA" (167 Min.)  
Stathis Giallelis, Elena Karam  
7 p.m.

(Drama) Young Greek who can no longer tolerate indignities of the Turkish oppression doggedly strives to reach America and freedom. Superb acting from unknown cast. (Adults and mature youth).

THURSDAY—FRIDAY JUNE 18-19

"WHAT'S UP FRONT" (83 Min.)  
Tommy Holden, Marilyn Manning  
7 p.m.

(Comedy in color) Laugh your way around the country with a door-to-door bra salesman, a yodel who gets out of every jam despite a cruel, conniving sales manager. This will "bust" you up! And to top off the good clean fun, a "ROAD RUNNER". (Adults and Youth).

SHORT: "Lickety Splat" (7 Min.)  
ROAD RUNNER  
"Wonderful New York" (18 Min.)

## First Arlington Burial

Washington (AFPS)—A plain, white tombstone, like those of thousands of other American fighting men buried in Arlington National Cemetery, marks the grave of Pvt. William Christman.

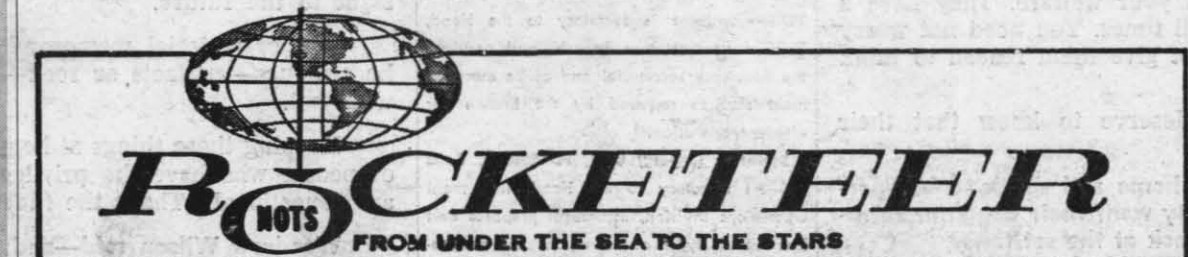

Christman, who served in the Civil War with the 67th Pennsylvania Infantry, was buried May 13, 1864 — the first U.S. serviceman to be entombed in the historic cemetery.

## What's He Doin'?

WHAT ELSE? — It's Bobby Brown, ace pitcher of the China Lake Pony League Tigers, hurling his SECOND NO-HITTER IN A ROW! Read about it on Page 7.

# Graduation Ceremony Today For Eighteen in Apprentice Program

Vol. XIX, No. 23 Naval Ordnance Test Station, China Lake, California Fri., June 12, 1964

Beswick Award, Other Honors Await Grads

## Kirkbride Heads Local Chapter Of Tech Writers

Earle E. Kirkbride, head of Presentation Division, Technical Information Department, has been installed as Chairman of the local chapter of the Society of Technical Writers and Publishers. He replaced D. T. McAllister following elections held last week.

Other officers of the Sierra-Panamint chapter elected were Thelma St. George, vice-chairman; Alberta Cox, secretary; and Byron W. Butler Jr., treasurer.

The meeting included reports on various technical sessions at the national convention, presented by Alberta Cox, V. C. Jones, A. P. Christman, Fay Couch, Carolyn Kruse, Lea Walker, Earle Kirkbride, Byron Butler and Thelma St. George.

GRADUATING APPRENTICES flanked by Carl Flagg, program coordinator, and Emma Teffeteller, program secretary, front row (l-r) are Herb Swader, Jim Herman, Paul Miles, Leon Barton, Larry Mather. Second row, Dave Garretson, Wallace Hirsch, Bob Mills, Billy Martin, Don Standard. Third row, Carl Morphis, Toshio Nakashima, George Fincher, Frank Lydon. Not shown Ernest Bell, Dick Graham, Frank Johns, John Monckton.

Eighteen apprentices will be presented with certificates of completion of the apprenticeship training program at graduation ceremonies to be held at 2:30 p.m. today in the Community Center. H. G. Wilson, Associate Technical Director, will award the certificates.

Principal address will be delivered by Capt. Leon Grabowsky, Station Executive Officer.

Electricians — Wallace F. Hirsch, Billy D. Martin, and Larry G. Mather.

Academic and Shop Graduates — Graduating apprentices are listed by trades as follows:

Electronic Mechanics — Ernest M. Bell, David H. Garretson, Franklin D. Lydon, John V. Monckton, Carl Morphis, Toshio Nakashima, and Robert L. Mills.

Machinists — Leon A. Barton, George E. Fincher, Richard D. Graham, James C. Herman, Frank Johns, Paul A. Miles, Donald G. Standard, and Herbert F. Swader.

Program was established here in 1948. This year's graduating class boosts to 268 the number of journeymen trained here since the program began.

RUSS BJORKLUND has 20-year Federal Service pin affixed to his lapel by his wife, Beth, as Assoc. Technical Director H. G. Wilson watches. Bjorklund began his Civil Service career with the U. S. Bureau of the Budget and transferred to NOTS in 1949. He was named head of Central Staff on May 8, 1959.

## New Asst. SecNav is Kin of Coopers Here

READING GOOD NEWS of Robert W. Morse's appointment as Asst. Secretary of the Navy for Research and Development are Mr. and Mrs. Donald Cooper and son, Douglas, at their home here, 905-B Lauritsen Road.

When Dr. Robert W. Morse was recently appointed by President Johnson to the post of Assistant Secretary of the Navy for Research and Development, there was an understandable burst of pride emanating from the China Lake home of Mr. and Mrs. Donald Cooper, 905-B Lauritsen Road.

The new Assistant SecNav is their nephew by marriage.

To be more precise, Cooper is Mrs. Morse's uncle. She is the former Alice Cooper. Her cousins are Donald W. Cooper, who lives at 34-B Vieweg Circle with his wife and three children, and Douglas Cooper, residing with his parents at the Lauritsen

When Dr. Robert W. Morse was recently appointed by President Johnson to the post of Assistant Secretary of the Navy for Research and Development, there was an understandable burst of pride emanating from the China Lake home of Mr. and Mrs. Donald Cooper, 905-B Lauritsen Road.

The elder Cooper is a production engineer with the Engineering Dept. (Code 5541), and Donald W. Cooper is an electronics technician in the Test Dept. (Code 3045).

## Community News

### MEN FORM "SLIMDOWNERS," NEW TOPS CLUB

A new TOPS (Take Off Pounds Sensibly) chapter for men only, the TOPS SLIMDOWNERS, has just been formed, with Jim Roy as leader. Any man who wishes to lose weight is eligible to join.

Meetings are held at TOPS Headquarters, 361-D McIntyre St., China Lake, each Thursday evening at 7 p.m. Interested men are invited to attend a meeting with no obligation. For further information about TOPS, call Jim Roy, office phone 71522 or 71576, home phone 725674.

### RETIRED CIVIL EMPLOYEES TO PICNIC

Indian Wells Valley Chapter 748 of the National Association of Retired Civil Employees invites all retirees and future retirees and their families to a Flag Day picnic, June 14, at the Kernville County Recreation Park. Bring food and service with you, and a passing dish. The picnic starts at 10 a.m., chapter president Ben A. Eubank announces.

### BEGINNING FOLK DANCING LESSONS FREE

The Desert Dancers are offering free beginning folk dancing classes each Thursday, starting on June 18 for six weeks. Everyone is welcome and it is not necessary to bring a partner. Classes begin at 7:30 p.m. at the Community Center.

### PLAN FAREWELL DINNER FOR RHEA BLENNAN

Plans for a farewell dinner honoring Maturango Museum Founder-Director Rhea Blenman were made at the June meeting of the Museum Board of Trustees. The dinner, June 25 at the Hideaway in Ridgecrest, is scheduled at 7 p.m., preceded by a social hour. Reservations may be made by calling China Lake Ext. 725582 or FRontier 5-4291.

### MODEL PLANE CLUB ELECTS NEW OFFICERS

Gene Burkholder has been elected president, and Louie Shanteler secretary-treasurer, of the reorganized Alkali Angels, local model airplane club. The next meeting of the club will be held June 22 at the Hobby Shop in Ridgecrest at 7:30 p.m. Members fly their various models, including radio-control, free flight and gliders, at Mirror Lake on the Station on weekends.

### MUSIC SCHOLARSHIP WINNERS ANNOUNCED

The Music Parents Organization announced winners among China Lake Elementary Schools music students. Vocal scholarships went to Joseph Mallory, Wendy Sorenson, Gary Arnold and Steve Fountain. Instrumental music scholarships were won by Brenda Davis, Nancy Arsenault, Joseph Mallory, Elizabeth Ward and Michael McKay.

### NAVY WIVES CLUB CHANGES MEETING TIMES

The Navy Wives Club announces it is changing its meeting nights to the first and third Wednesday of each month. The next meeting will be held Wednesday, June 17, at 83 Halsey Ave., starting at 7:30 p.m. Contact Maria L. Lopez, FR 5-4839, for more information.

### Casting Absentee Ballot Is Easy For Serviceman

As servicemen, we've got it made when it comes to voting! Consider what a civilian goes through when he decides to cast his ballot.

First, in many states, he has to register in person before election day. Then, when the day comes, he may have to get time off from his job to go to the polls.

Just driving to the polling place in congested traffic is a big job for our civilian friend, to say nothing of the long lines he may have to wait in when he gets there.

None of these trials and tribulations for those of us in uniform! For us, casting a ballot is as easy as writing a letter home — even easier, in fact.

All we have to do is pick up a Federal Post Card Application for Absentee Ballot, fill it out and mail it to the proper authorities. They'll return a ballot, or in some cases, more forms to be filled out.

If registration is required, we'll be shown how to accomplish it (by mail) and told the deadline. With the ballot in our hands, all that's left to do is make our decision, seal the ballot, mail it (post-paid, probably) and sit back and wait for our choices to be added to the tally.

Simple, isn't it? Just a few blanks to fill in and all the hard work is taken care of by the Post Office Department. Doesn't it make you wonder why more of us aren't voting.

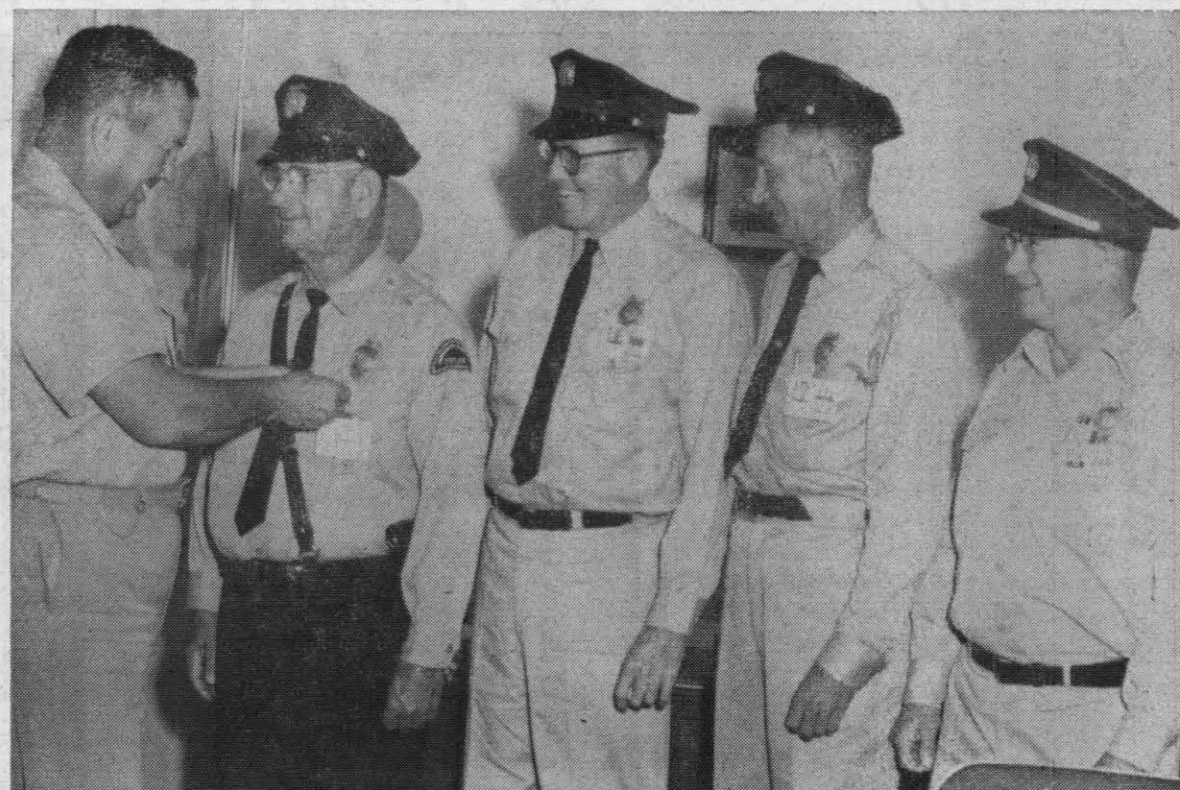

Voting is every citizen's right and duty, but for members of the Armed Forces, the "duty" aspect takes on a special meaning. In the service, we've been around a little. We know more than we did when we left home. We're guarding this nation against forces that want to take away our right to vote. Who has more reason to "sound off" in his choice of elected officials?

The Armed Forces hand you your voting privilege on a silver platter. Take advantage of it. Remember — the mail box is your ballot box! (AFPS)

MALT SHOP management goes to Burton Collie as he and Capt. Charles Blenman Jr. sign contract. Witnessing the ceremony are (l-r) Dr. Charles J. Thelen and William L. Kunz of the Employee Services Board; Austin Ross, Head, Employee Management Relations Division, and Capt. Floyd F. Reck, Plans and Operations Officer.

### Security Dept. Ceremonies

SERVICE AWARDS were presented seven Security Department personnel last week by Lt. Col. R. C. Clasen (left) during brief ceremonies. Four of those receiving awards are,

from left, Henry B. Simmons, Earl E. Kirksey, Royce J. Fisher and Clifford B. Wright. Not shown were B. C. Kinkennon, Lawrence K. Todd, and Frank H. Ryerson.

RETIRING SGT. Albert B. Lawrence receives gold-plated badge from Police Chief Val A. Cummins while Mrs. Lawrence watches proudly. Lawrence served more than 17 years here.

### Security Personnel Get Service Pins

Five Security Department personnel were presented 20-year service award pins while two others in that unit won five year awards last week.

Presented by Lieutenant Commander R. C. Clasen, Security Officer, the 20-year awards went to Henry B. Simmons, B. C. Kinkennon, Earl E. Kirksey, Lawrence K. Todd and Clifford B. Wright.

Five year awards were awarded to Frank H. Ryerson and Royce J. Fisher.

In another ceremony in the Police Division, veteran Sgt. Albert B. Lawrence was retired and presented a gold-plated badge by Chief Val A. Cummins.

Lawrence thus completed more than 17 years of duty here at NOTS, having reported in April of 1947. His wife, Martha, and many of their friends attended the retirement party at the Hideaway.

### Code 85 Reports Reassignments

Lt. Col. P. F. Mohr, Head, Command Administration Dept., announces the following reassignments:

George R. Sutherland, formerly Ground Electronics Coordinator (Code 8508), has been redesignated Head, Ground Electronics and Frequency Coordination Division (Code 852). Telephone Ext. 72991.

Lt. (jg) D. R. Roberts, formerly Head, Electronics Maintenance and Frequency Coordination Branch (Code 8541), is redesignated Head, Electronics Maintenance Branch (same Code).

Reassigned from Code 8541 to Code 852 are J. F. Christie, Electronics Technician, and Roy Webb, Electronics Technician (Gen.).

### Richards to Show Death Valley Slides At C. L. Photo Meet

The China Lake Photographic Society will meet next Wednesday, June 17, in the Photo Hut, 361 McIntyre, at 8 p.m.

A color slide program, presented by Fred Richards, is to be shown, entitled, "Death Valley and Your Camera." Refreshments are to be served by Mrs. Louise Richards.

### Savings Bond Drive Here During Week of June 22

"Operation Security," the annual United States Savings Bond Campaign for 1964, will be conducted on the Station during the week of June 22-26.

John B. Connally, later to be wounded at the time of the assassination of President Kennedy, when Secretary of the Navy, issued the still-current policy statement of the Department of the Navy:

"Military and economic strength are inseparable. The United States Savings Bond Program is one of the bulwarks of the Federal fiscal policy designed to help strengthen and stabilize the national economy; to assist in sound and economical management of the national debt; and to stimulate the practice of personal thrift required for individual, community, and national welfare. It is in the public interest for the Department of the Navy to cooperate with the Treasury Department and participate in this Program.

"It is the policy of the Department of the Navy to make available the Payroll Savings Plan for civilian employees and the Savings Bond Allotment Plan for military personnel for the purchase of U.S. Savings Bonds, and to encourage them for their own self-interest, on a voluntary basis, to take advantage of these methods of systematic savings."

### New Asst. SecNav Kin of Coopers

(Continued on Page 1)

He reportedly will resign as dean, but will go on leave from the faculty in which he holds the rank of professor of physics.

A noted researcher in the fields of ultrasonics and low-temperature physics, Dr. Morse has been a member of the undersea warfare committee of the National Academy of Sciences since 1957, and chairman since 1962.

He is president-elect of the Acoustical Society of America, a fellow of the American Academy of Arts and Sciences, and since last year has been chairman of the division of solid state physics of the American Physical Society.

All the Coopers here are looking forward to spending some time with the Morses when they pay an official visit to NOTS.

### Health Insurance Now Carried By Over 6,338,000

More than 6,338,000 persons are now covered under the Federal Employees Health Benefits program according to recently compiled figures on the open season held last October, the Civil Service Commission announced recently.

The carriers of the 38 participating plans have paid out about \$1,000,000,000 in benefits for medical and hospital expenses since the program was established in July 1960.

Total coverage increased during the open season when about 53,000 eligible unenrolled employees joined the program, who added another 107,000 dependents. During open seasons, unenrolled employees are given another opportunity to join the program and enrolled employees are permitted to change from one plan or option to another or to change their enrollment from self only to self and family.

In round figures, a breakdown of the total coverage before and after the open season shows:

	Before	After
Federal employees	1,929,000	1,982,000
Employee annuitants	128,000	128,000
Dependents	4,121,000	4,228,000
<b>Total</b>	<b>6,178,000</b>	<b>6,338,000</b>

About 203,000 Federal employees took some kind of action during the 1963 open season. Of the 53,000 previously unenrolled employees who joined the program about 83 percent elected high option coverage. About 86 percent of all the persons in the program are now covered under the high options of the participating health benefits plans.

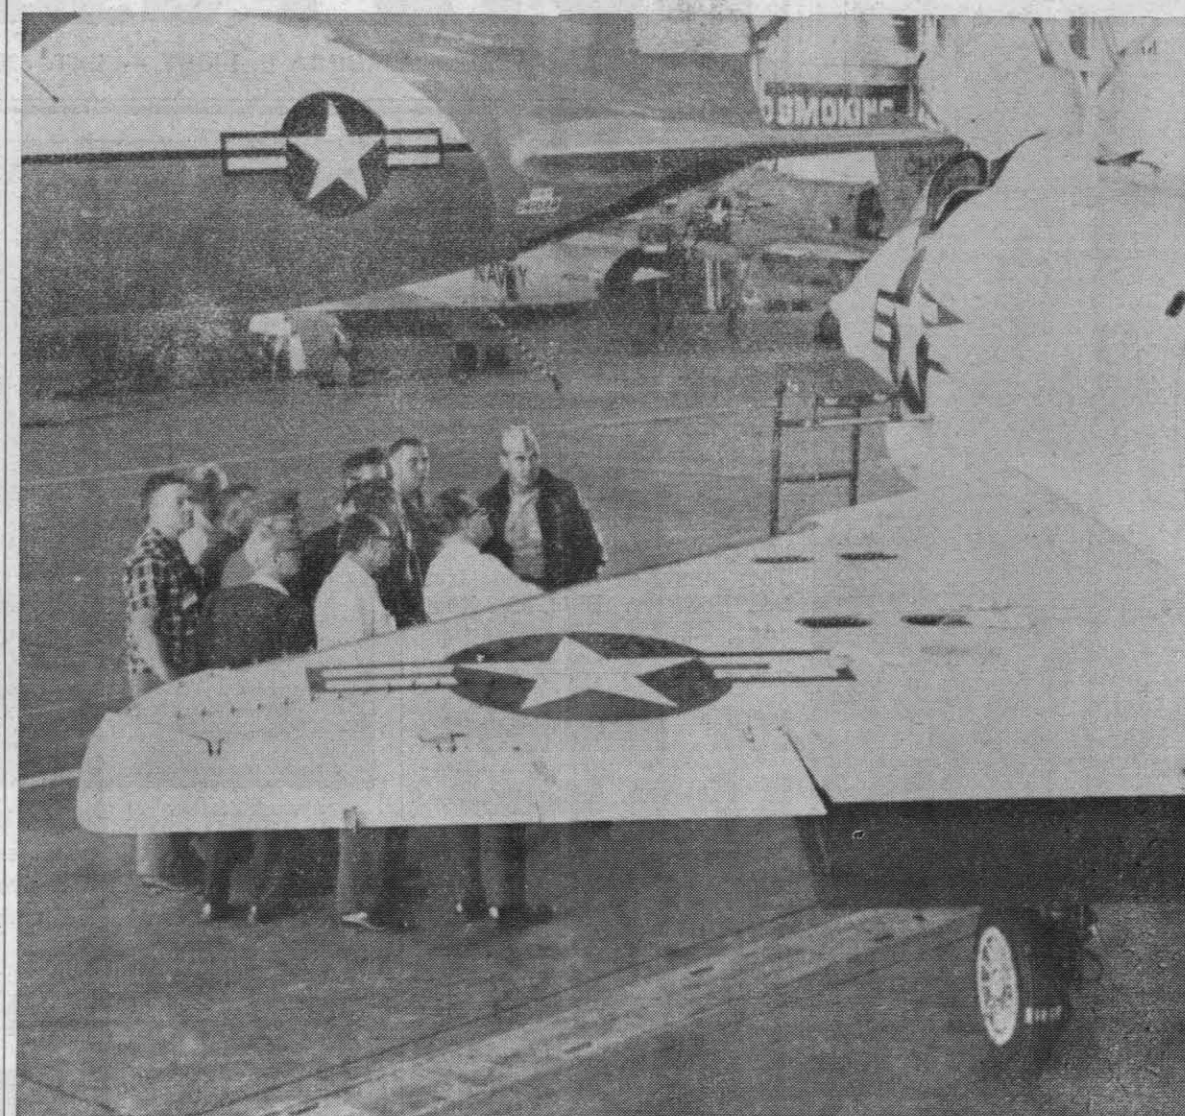

### Key DOD Men Going to School

Washington (AFPS) — School bells are ringing for many key Department of Defense civilian employees.

Deputy Secretary of Defense Cyrus R. Vance has directed military departments and other defense agencies to provide funds and plans for long-term education and training of professional, technical and managerial personnel.

Employees in the \$12,000-per-year and up wage bracket in designated professions will attend colleges on a basis of three years of obligated service for one year of training. Officials said scientists are in line for most of the advanced education in order to keep up with scientific progress.

## Oregon Teachers Tour Station

OREGON TEACHERS here on an Aerospace Education In-Service Workshop field trip are briefed by project pilot Lt. Col. William A. Odman on Naval Air Facility aircraft.

### In Aerospace Workshop Field Trip Program

Fifteen Oregon School administrators, the first contingent of Oregon educators participating in an Aerospace Education In-Service Workshop field trip, were here for a tour of the Station and to learn of the Station's research and development programs Monday and Tuesday.

A second contingent of 26 Oregon educators will arrive Saturday afternoon for Station tours, briefings, and workshop sessions.

This week's group were welcomed by Capt. Floyd F. Reck, NOTS Plans and Operations Officer, after which they viewed the "Expanding Frontiers in Ordnance" film.

"Philosophy of Operation at NOTS" was detailed for the visitors by L. S. Licwinko, Technical Asst. to the Assoc. Technical Director, while Frank Wentink, Head, Fleet Field Service Unit, briefed them on the Sidewinder program.

Other briefings included "Solid, Liquid and Hybrid Propulsion Systems" by Dr. C. J. Thelen, of the Propulsion Development Department, "Laser Research at NOTS" by Dr. J. L. Thompson of the Test Department, "The Moray Program" by Lt. Col. R. M. Montross of the Weapons Development Department.

Tuesday following a tour of the ground ranges and the Naval Air Facility, the group were briefed by Cdr. P. T. Jorgensen of the Research Department on the "Weather Modification Program" and by L. D. Marquardt of the Test Department on "Satellite Tracking."

A tour of the Maturango Museum concluded the day for the visitors.

#### Visitors Named

Visitors participating in the two-day workshop are listed by their respective cities:

**Hillsboro**—Richard H. Bond, Richard H. Hart, John W. Hays, Walter Henry, Earl Perry, Harry Scribner, and Raymond E. Warner.

**Aloha**—James Becker and Joe Wenzel.

**Cornelius**—Ben Inscore and Fred D. Krauss.

**Lake Oswego**—Guy Corliss, Forest Goswe—Robert D. Marshall.

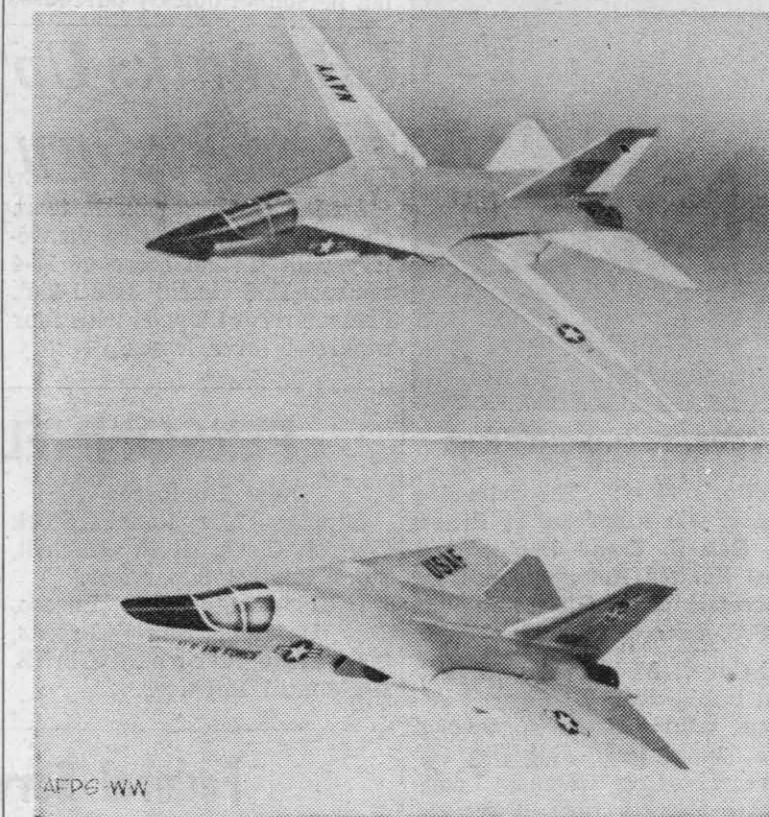

**Ballston**—"Chuck" Olson. **McMinnville**—Kenneth Ramey.

### Air Facilities At SCI to Expand

Rear Admiral L. C. Cox, CEC, USN, Officer in Charge of Construction and Director, Southwest Division, Bureau of Yards and Docks, has awarded a contract for construction of airfield facilities and utilities, Naval auxiliary landing field, at San Clemente Island.

Work will consist of a helicopter maintenance building approximately 40' x 100' steel frame and sides; airfield control tower, including utilities; airfield lighting, including a 60 KW emergency generator and pumphouse. The project also includes fresh water and electrical distribution lines, water storage tank, including pump and pumphouse.

The Officer in Charge of Construction will be represented at the site by Capt. C. A. Reilly, CEC, USN, Resident Officer in Charge of Construction and Public Works Officer at China Lake.

MOVABLE WINGS — The F-111 jet fighter (first known as the TFX) to be built for use by the Navy and Air Force, calls for movable wings. In these drawings the wing positions are shown both in the extended and swept-back attitudes. The wings are extended in take-off and low-altitude flights, and swept back for high-altitude flight. It is expected that the Air Force will have F-111s within a year and the Navy will have them within two years.

### May Temperatures Below Normal

May temperatures were below normal, setting a new record low of 35 degrees at China Lake. The previous low was 36.

The extreme maximum was 95, far below the record of 107.

Rainfall amounted to only a trace, which is about par for the course.

Temperatures generally increase sharply in June, averaging nearly 10 degrees above those in May. The record maximum of 114 has occurred three times in June. Average precipitation remains the same, as does the average wind.

Statistics were provided by the Atmospheric Studies Branch of the Instrument Operations Division, Test Dept.

### Warn Against Use Of Elec. Defrosters In Refrigerators

In recent months there have been several incidents causing damage to government-owned refrigerators as a result of the use of electric defroster, the Public Works Dept. reports.

So far damage has been limited to the melting of plastic and distortion of metal parts within the refrigerator.

However, a potential fire hazard exists because of the flammable plastic which is used throughout the interior of most refrigerators.

It is noted that the tenants were charged for the necessary repairs arising from their neglect in these instances. Therefore, the use of such devices in government-owned refrigerators is strongly discouraged.

12 DECADES OF FEDERAL SERVICE is represented by these employees of the Aviation Ordnance Department. Recipients of 20-year

pins this week (l-r) were Delbert Rollings, William Jones, Louise Bard, Everett Hill, Eldon Faris, and Alfred Ferris.

# Sailor of the Month

JERRY L. BUCHANAN, ICI

Jerry L. Buchanan, ICI, USN, was nominated "Sailor of the Month" for May from the NOTS Pasadena, Long Beach Facility. He reported aboard from the USS Proteus (AS-19) on June 27, 1963.

Entering active service in For this selection, he received May 1958, he graduated from a ticket for the closed circuit Class "A" IC School in Decem-TV performance of the Indianapolis 500 race, which was Early in July, Buchanan will ing professional knowledge, per-report to the USS Simon Lake formance, and leadership ability. (AS-33).

## CWO-4 Asseier Heads '64 Savings Bond Drive

CWO-4 A. H. Asseier, Assistant to the Director of Supply, Pasadena, has been selected as Chairman of the 1964 Savings Bond Campaign which will be conducted on station during the week of June 22-26, in accordance with SECNAV NOTICE 5120 of March 17, 1964.

"Operation Security" is the

CWO 4 A. H. ASSEIER

theme of this year's Savings Bond Campaign.

All over the world today, in Berlin, Asia, Africa, and in our own hemisphere, freedom is endangered as never before. Many of us have asked what we can do as individuals to help defend our "American Way of Life."

The Federal Government has asked our assistance in pointing out one way all of us can help—the regular purchase of U. S. Savings Bonds, truly "Bonds of Freedom." It is one of the easiest and most logical ways for providing the inherent, personal freedom of the individual saver.

During the week of June 22-26, an intensive drive will be launched for increased participation in the Savings Bond Program. In order that this campaign may be successful, each

division was requested to assign a "key" person to see that the advantages of the Payroll Savings Plan is vigorously promoted by personal solicitation of all personnel under their jurisdiction.

A meeting of all "key" personnel will be held at 2 p.m. Wednesday, June 17th, in the Small Conference Room, Building 7, to assist the Chairman in organizing the drive.

### PROMOTIONAL OPPORTUNITIES

To apply for vacancies, contact Nancy Reardon, Pasadena Personnel Division, Extension 492.

Secretary (Stenography), GS-5, PD: 2P71005; Code P7102—Secretary to Assistant Public Works Officer for Pasadena and San Clemente Island, who is assigned additional duties as Officer in Charge of Construction and Resident Officer in Charge of Construction for BUDOCKS contracts. Takes and transcribes dictation pertaining to Public Works and contract matters; receives all telephone calls for him and keeps personal appointment calendar; receives mail for Public Works offices and routes to division heads; types and submits military travel orders, physical reports, and other reports pertaining to military personnel. Composes correspondence, maintains office procedural files, and is responsible for classified files.

# NOTS Pasadena

VIRGINIA E. LIBBY — EXT. 638

## Come and Get 'Em

The new membership cards for Disneyland Magic Kingdom are now available to all NOTS employees, including contractors. Cards entitle members to purchase either the 12 or 20 ride book plan. Both plans include admission to the park and many free attractions. The park is now open seven days a week.

There is no charge for the membership cards which are valid until December 31, 1964. They may be obtained from Bob Hollister, Bldg. 3, Room 3A31, Ext. 283.

## LCdr. Hendricks Is Guest Speaker

LCDR. R. M. HENDRICKS

(Editor's Note: The following report was submitted by Ernest A. Daltzell, Trend Engineering, past Exalted Ruler and present Secretary of the Glendale Lodge B.P.O. Elks No. 1289.)

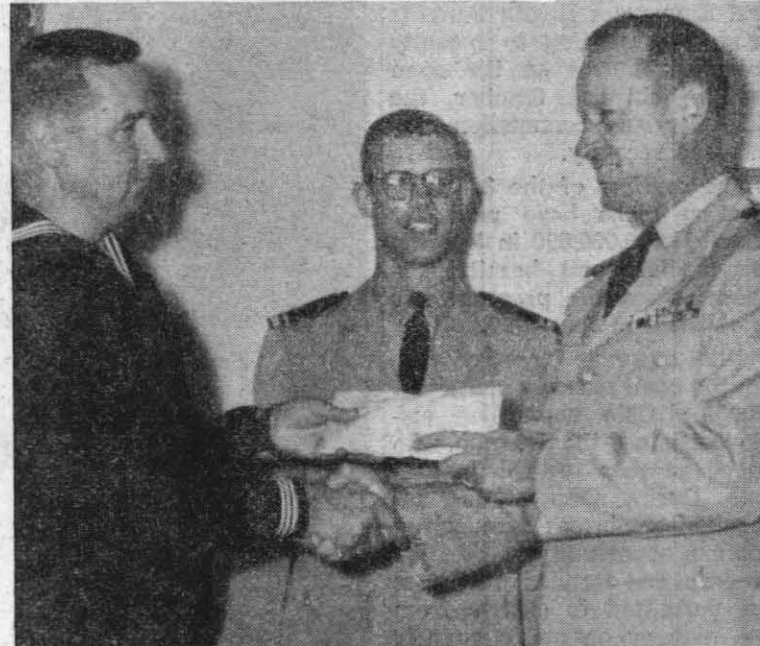

LCdr. R. M. Hendricks, Assistant Public Works Officer, Pasadena, will be guest speaker at the 52nd Annual Flag Day Observance at the Glendale Lodge B.P.O. Elks No. 1289. The event will be held on Monday evening, June 15.

LCdr. Hendricks will speak on "The Pledge of Allegiance" and what it means to each and every American.

Although most of us recite the words from memory, too few stop and reflect on the real significance of these famous words.

Flag Day (officially celebrated on June 14th), was first acknowledged by Presidential Proclamation in 1923 by President Calvin Coolidge. However, the Benevolent and Protective Order of Elks have made it one of their three mandatory observance days since July, 1908, 15 years before it was honored by President Coolidge.

Of all the flags of history, the American flag is the oldest and, to us as Americans, it is the most beautiful. It is at once a history, a declaration and a prophecy. It represents the American nation as it was at its birth. It speaks for what it is today, and it holds the opportunity for the future not only for Americans but the entire free world.

R. J. ROBEY, Photographer, USN, (left) delivers receipts of the Navy Relief Ball ticket sales from Pasadena Annex to Capt. R. Ironmonger, Comptroller, Long Beach Naval Shipyard. Lt.(jg) K. W. Eveland, Enlisted Personnel Officer (center), looks on.

## Annex Participates 100 Percent in Ticket Sales

The annual sale of tickets to the Navy Relief Ball was met by Pasadena Annex with 100 percent participation. Military and civilian personnel quickly purchased Pasadena's quota of 200 tickets.

## LB Chalks Up Third Victory

Long Beach softball team chalked up its third straight victory with a final score of 18-4 against USS Lucid (MSO-458). Present record stands with four wins and three losses.

The Navy Relief Society is the Navy's own organization to relieve distress among Navy and Marine corps personnel and their dependents.

The Navy Relief Ball featuring Alvino Rey and his orchestra was held Saturday, June 6, at the Long Beach Municipal Auditorium.

## PERSONNEL STATISTICS

<b>New Employees</b>	Administration — Curtis Daniel, Guard.
Supply — Mary Danaha, Stock Control Clerk; Ruth Mitchell, Stock Control Supervisor.	
<b>Terminations</b>	Administration — Margaret Kendall.
UOD — Stephanie Lucero, Secretary-Steno; Shirley Brooks, Clerk-Steno; Richard Uhrich, Mechanical Engineer.	Public Works — Denford Long.

## Federal Service Awards

SEVENTY YEARS of Federal Service are represented by James W. Taylor with 30 years, Richard D. Fritz and Thomas B. Burno with 20 years each (l-r). They received length of service pins from LCDR. W. M. Place at recent ceremonies. Taylor, a Mechanical Engineer (Ordnance), has been with NOTS since January 1946. Fritz, Electronic Engineer, came aboard in 1950 with duty at Morris Dam previous to Foothill. Burno, a Machinist at Morris Dam, is a comparative newcomer to NOTS having reported to the station in May 1963.

# County, Local Groups Honor Capt. and Mrs. Blenman

BAKERSFIELD DELEGATION of civic-industrial leaders (from left) Walter Kane, Bakersfield Californian publisher who represented California Chamber of Commerce; George Parker, President of Kern County Board of Trade, and David Fairbairn, Kern County Board of Supervisors, bestow citation on Capt. Charles Blenman, Jr., ComNOTS.

GIFTS FROM WACOM and military wives are presented to Rhea Blenman by Carrie Reck (left) and Penny Kistler at surprise coffee party at Commissioned Officers Mess.

## Capt. Yount to Be Speaker at Flag Day Fete

CAPT. ROBT. R. YOUNT  
Flag Day Speaker

Capt. Robert R. Yount, Naval Air Facility's new commanding officer, will be guest speaker at the Flag Day ceremonies at Elks Lodge No. 1913 this Sunday starting at 2:30 p.m.

The NOTS Color Guard also will participate in the patriotic fete paying homage to the Stars and Stripes. Other flag bearers will be members of China Lake's Boy Scout Troop No. 3. Speaking for youth at the occasion will be Timothy Tiffany, Burroughs High student who recently won an Elks Scholarship Award.

A special feature of the ceremony will be a colorful presentation of "The History of Early American Flags." George A. Danchuk is in charge of the entire program. The public is invited. A free buffet will be served.

## Pharmacist On Leave

Station Pharmacist Clyde Campbell will be on leave from June 15 through 26. Jerry Rafkin, who operated the pharmacy for many years, will be at your service until Clyde returns.

## ComNOTS Tells Station's Role in Local Business

Captain Charles Blenman, Jr. took the mass salute of business and civic leaders of numerous China Lake, Ridgecrest and Bakersfield organizations Wednesday night during a "Presidential Dinner" honoring the NOTS Commander.

Scheduled to end his Navy career June 30, Capt. Blenman was presented citations from Ridgecrest and California State Chambers of Commerce, Kern County Board of Trade at Bakersfield, and the Board of Supervisors in addition to several other civic and industrial organizations.

George Parker, president of the Kern County Trade group, praised the contributions made by Capt. Blenman before an audience of several hundred who had come from points throughout the county.

Local and State Tributes The testimonial dinner included brief talks by Ridgecrest Mayor Mathias "Bud" Hugo, Chamber President George Padgett and Leroy Jackson, Director of the China Lake Community Relations department.

Walter Kane, publisher of the Bakersfield Californian, and representing the California State Chamber of Commerce, added his praise to Capt. Blenman's contributions in the county during his tour as Commander of the Naval Ordnance Test Station.

Included also in the testimonial citations was one presented from the China Lake Community Council by its president, Bob Glen.

Responding to the dramatic display of admiration from his audience, Capt. Blenman shunned the individual praise, terming the success of China Lake in the past 20 years a result of "teamwork" between the civilian and military elements in the community.

"Like Any Industry" He identified the position of the China Lake community as a "resident of the city, county and state in the same manner as any other industry.

"As an industry, NOTS creates jobs for people and introduces money into local circulation. "The residents of China Lake — members of the NOTS team — pay taxes, serve on city and county boards and commissions in local government — and they

this county and state." Sees Model Community Recalling the past, Capt. Blenman said, "We have come a long way in East Kern County in the last 20 years.

"Some of the roads have not been smooth. But, if we learn from our mistakes in the past, it is within our grasp to make this East Kern County community of the Indian Wells Valley a model community which will be the envy of others within the state.

"I have every confidence that we shall continue to work together in the interesting and promising years ahead," he concluded.

## Aviation Agency Rules Survivor Light a Must

Washington (AFPS) — A recent ruling by the Federal Aviation Agency (FAA) states that all air carriers operating more than 50 miles from land must equip their life preservers and rafts with approved survivor lights.

Lights which meet FAA standards are available commercially and must be installed by Nov. 2, 1964.

## Surprise Party By WACOM For Mrs. Blenman

Rhea Blenman was surprised Wednesday morning when WACOM (Women's Auxiliary of the Commissioned Officers' Mess) honored her with a coffee in the Mojave Room of the Commissioned Officers' Mess.

Penny Kistler, WACOM president, and Carrie Reck presented Mrs. Blenman with two gifts, an engraved silver reverse bowl from the members of WACOM and a porcelain fish from the military wives.

Georgia Knutsen, hospitality chairman, was in charge of the coffee which was attended by 68 women. Assisting her with invitations and organization were Mrs. Kistler, Helen Fletcher, Helen Weiss, and Doris Velechka.

## Member-At-Large

Dr. Richard Zabelka, aerospace research engineer in the Propulsion Development Dept., has been appointed member-at-large on the China Lake Community Council's board of Directors.

BRITISH SCIENTISTS (l-r) Frank Carver, Clement M. Robertson, and Wilfred F. Maber are briefed on NOTS propellant work by Dr. G. W. Leonard, Head of the Propulsion Development Dept., prior to a tour of the Applied Research Lab and Environmental Test Facility on Monday. Men also met with Dr. Arnold Adicoff of Research.

CHAPLAIN'S MESSAGE

Talks With Teenagers

By Fr. Joseph A. Costa, O.F.M. CAP.

Take your parents into your confidence! Your mother and father are sincerely interested in your welfare.

A girl's parents especially deserve to know that their daughter is not in moral danger.

Her escort should call at her home and speak to her parents. He should ask them when they want their daughter to return home.

What if they suggest a time much earlier than the party or movie would be over? The boy might respectfully explain the situation and request their permission to bring her home at a later time.

If an emergency arises — the car breaks down, or any similar unforeseen eventuality—he should try to phone them to let them know what situation prevails.

Dress to fit the occasion. Terry was a cute little girl. She probably had innocent intentions, but she wasn't very bright.

When Terry went to a dance, she drew remarks from boys in the crowd. "Look at the dress!" said one. "She looks like she was poured into it."

"Yes," said the other. "But she forgot to say 'When!'" Terry's date that night was embarrassed. He knew that a girl dressed like that was sure to stir up desires in him.

Another lad at the dance was less level-headed. He called Terry a few nights later and she agreed to go to another dance with him.

Some girls encourage improper advances by their suggestive way of dressing. Girls should realize that the typical male has a physical system which makes him susceptible to sexual suggestion.

Bible School Starts Monday

The Protestant congregation of the All Faith Chapel will hold its annual Vacation Bible School from June 15 through June 26.

Classes will be held from 8:30 to 11:15 a.m. in Dorns 6, 7, and 8, located on the northwest corner of Blandy Ave. and Lauritsen Rd.

Registration will take place beginning at 8 a.m. Monday in Dorn 7. Class will be conducted from kindergarten through the ninth grades.

Diplomas will be awarded those completing the two-week session at ceremonies to be held in the East Wing of the All Faith Chapel at 7 p.m. on June 25.

Leona Osborne is superintendent of this year's Vacation Bible School.

PROMOTIONAL OPPORTUNITIES

Present Station employees are encouraged to apply for the positions listed below: Applications should be accompanied by an up-to-date Form 58.

Illustrator, GS-5 or GS-7, Code 3002—Major responsibilities of incumbent are to provide illustrative and graphic arts services to the Editorial Branch of the Test Dept.

Clerk (DMT), GS-4, PD 28443 AMII, Code 3073—Incumbent is secretary to the Head, Track Instrumentation Branch, and provides the necessary secretarial and office management services required by the branch for efficient operation.

Secretary (Typing) GS-5, PD 230090, Code 306—As secretary to the Head, Instrument Operations Division, incumbent prepares and handles all types of correspondence and reports, and establishes and maintains office files.

File applications for above with Betty Fowler, Bldg. 34, Rm. 34, Phone 71514.

Physicist, GS-7, 9 or 11, Code 5524—Accomplish design improvement and production engineering of the guidance section of infrared and optical weapon systems.

General Engineer, GS-9 or 11, Code 5507—Position is that of Shrike Technical Assistant. Assist the project manager by developing, adopting and/or applying planning tools suitable to the management of the SHRIKE project.

File applications for above with Dora Childers, Bldg. 34, Room 32, Phone 71393.

Cost Accountant GS-510-11 PD 18423 Code 1762—Position is Head, Cost & Analysis Br., Accounting Div., Central Staff. Incumbent will act in capacity of Senior General Accountant, Senior Cost Accountant & Associate Statistician.

File applications for above with Janet Thomas, Room 26, Bldg. 34, Phone 72723.

Clerk DMT or Step, GS-4, Code 404—Performs administrative and clerical duties for two small work groups. Qualifications: Two years of appropriate experience.

File applications for above with Luanna Schneider, Bldg. 34, Rm. 26, Phone 72723. Purchasing Agent, GS-5, PD 325004, Code 2574—Conducts timely purchase of assigned material to meet the needs of the Station while complying with all procurement regulations and insuring an economical expenditure of public funds.

File applications for above with Pat Dettling, Room 28, Bldg. 34, Phone 72676. Deadline for filing is June 19.

NAVY OVERSEAS VACANCIES Supervisory General Engineer, GS-801-14, U.S. Naval Ammunition Depot, Oahu, Hawaii. File applications with Industrial Relations Department, U.S. Naval Ammunition Depot, Navy No. 66, c/o Fleet Post Office, San Francisco, Calif., 96612, no later than July 31.

'DESERT PHILOSOPHER'

How History Is Made

By "POP" LOFINCK

All museums are interesting, as a sort of hindsight on the past for a better understanding of the present and a foresight to the future.

Sort of material memoranda, so to speak. Whether they be antiques—artifacts or rock—specimens or old pictures, or what not.

Keeping these things at home greatly restricts the number of people who have the privilege of seeing them. And they are educational. That's the function of a museum.

Woodrow Wilson said—and I quote "A nation which does not remember what it was yesterday, does not know what it is trying to do. We are trying to do a futile thing if we do not know where we came from or what we have been about." End quote.

The Yellow Aster or Rand Mine in a hill adjacent to Randsburg was discovered in April 1895 by Singleton, Burcham, and Mooers. The town of Randsburg quickly developed—followed by the supply town of Johannesburg in 1896.

NAMED FOR AREA IN SOUTH AFRICA

Both names were adopted from the profusion of minerals resembling those of the Rand area of South Africa.

The Rand Mining District of California is four towns close together—Randsburg, Johannesburg, Red Mountain and Atolia.

Forty million dollars in gold is reputed to have been taken from the Yellow Aster mine. And fifteen million more are in the hill yet.

In 1907 Churchill discovered tungsten at Atolia. In 1914 tungsten was in great demand for use in steel alloy for hardening gun barrels.

Atolia scheelite (a tungsten producing ore) is rated the purest in the world. So during World War I a boom developed at Atolia.

THEY SOUGHT RED PAINT PIGMENT

In 1919, two miners searching for red paint pigment claims stumbled across an outcropping of horn silver at Red Mountain, an event which led to the development of the fabulously rich Kelly Mine. So Red Mountain had a silver boom.

With the price of silver going up maybe Red Mountain will boom again!

Over the years the Rand District has gone from discovery to boom to bust to boom again. Never did quite become ghost towns. It's a friendly cooperative area. The spirit of the old west remains. I've heard that during prohibition years, Randsburg and Red Mountain were unaware of it.

MAKE HISTORY DESPITE WIND

About the plaque dedication last Sunday. The wind blew terrific! But the Rand Mining District became a California Historical Landmark. It's about time! After all this delay it would be on a day when the wind blew terrific.

A plaque was unveiled — placed by the Kern County Historical Society—The El Tejon Parlor No. 239, Native Daughters of the Golden West — Bakersfield Parlor No. 42, Native Sons of the Golden West—and the Kern County Museum.

Participating in the dedication program were a color guard from the NOTS Enlisted Personnel Division, and China Lake's Guy Porter, past deputy governor of the Lions International.

Historical speakers for the occasion were Mrs. Marcia Wynn Samelson, authoress of "Desert Bonanza," the story of the Rand Mining District, and R. Burr Belden, desert historical writer for the San Bernardino Sun.

Rand District pioneer Stewart Fraser, whom I wrote about in a previous column, accepted the plaque from the Kern County Historical Society.

Also present was Ed Teagle — age 93 — dean of deserters of this area, whom I wrote about in two previous columns.

NOTS COLOR GUARD led by Troy Shankles, and comprised of Robert Loftus, ICFA, Brian Orcutt, IC2, Acil Lauth, BT3, and James Kim-

SPORTS SLANTS

By CHUCK MANGOLD

With one third of the Station intramural softball season completed the Ridgecrest Merchants team, managed by Denny Crager, have taken over the league lead.

Bob Kochman and Bert Andreason continue to pitch good ball and with Crager catching, Gary Stevenson at first base, Earl Roby at shortstop and Bob Crawford at third base the Merchants have a fine defensive infield.

Bert Kock, Bob Short and Tom Galion form the outfield. Buddy Deffes and Wyn Johnson are two of the best utility players in the league. The Merchants certainly look like the team to beat for the championship.

NOTS IN SECOND PLACE

Bill Elrod has done an outstanding job with the N.O.T.S. team. With only one player returning from last year's club, Elrod has his ball club in second place. Steve McCaughan the lone returnee is probably the best centerfielder in the league.

Joe Seibold has his Kunz Photo team in third place. Bert Galloway and Ross Clayton give Seibold two top pitchers. Max Smith, Bill Underwood and Roger Short are among the best hitters in the league. This ball club will be in contention all season long.

NAF HAS IMPROVED TEAM

Art Greninger's NAF team is another vastly improved club. With Howie Kelly on the mound this is a tough club to beat. Some of the top players from last year's team that have returned for another season include Joe Simmons, Joe Blunt, Jack Miner, Willie Clement, "Candy" Litchfield and manager, Art Greninger.

Pete Zamarron's Public Works team got off to a fast start, but with only one pitcher, Bill Brown, and playing two games a week the team has dropped some close ball games in the last two weeks. Zamarron's team will be bolstered in the next few weeks with the addition of several college students who live here during the summer months.

VX-5 YOUNG HUSTLING TEAM

VX-5 with Wayne Weythman managing has a good young hustling ball club. This is another team that has lost some close ball games. This being the best balanced league in years the VX-5 team is not out of the running by far.

Two games are played each Monday, Tuesday and Wednesday nights with 6:30 and 8:30 game times. The Navy Exchange concession truck is out to all of the games. For an evening of fine entertainment come out and root for your favorite team.

MIKE CLARK, son of Lt. Col. and Mrs. Richard S. Clark of China Lake, has been named to the Oregon All-Star team and will play in the State Metro All-Star Games in Eugene, Ore., tomorrow and Sunday. Mike starred as second sacker for Bend, Ore., High School. His dad is Army Liaison Officer here. —Bend Bulletin Photo

Bowls 710 Series, Highest Ever Here

Ken Dalpiaz, 20, assistant manager of China Lake Bowl, sent the pins flying Wednesday evening when he bowled a 710 series: 244, 233 and 233.

This is the highest series score ever bowled at China Lake. Ken is the son of Fred Dalpiaz, ADJC, manager.

LADIES TEE-TIME — Honored at recent gathering at China Lake Golf Club were (l-r) Joyce Lippincott, who was presented Farewell Cup; Hazel Cooper, 1963 putting champ; Jane

Bracken and Mary Lynn McIntosh, who broke 90, and Mary Dolloff, who broke 100. Cdr. and Mrs. Lippincott have since left for Charleston, S. C.

Two in a Row For Tiger Pitcher

BOBBY BROWN HURLS ANOTHER NO-HITTER

NO-HITTER pitcher Bobby Brown shows Manager Ed Nelson of the Tigers how he grips ball to "burn 'em in."

Last No-Hitter Was in Final Game of 1963

Note to major league pitching scouts: Catch the action of 14-year-old Bobby D. Brown, starting pitcher for the China Lake Pony League's Tiger squad!

He pitched his SECOND CONSECUTIVE NO-HIT GAME last Tuesday night against the Cardinals, shutting out the opposing squad with a lop-sided 13-0 score.

His first flawless performance came in the final tilt of 1963 when the ace, starting pitcher for the Tigers, won in a seven-inning performance.

This week's season opener — and thus Bobby's first mound performance for '64 — went only five frames. In accordance with Pony League rules, the game is called after five innings if one team has an 11-run lead over its opponent.

Manager Justly Proud Tiger Manager Ed Nelson beamed his approval of young Brown, a sophomore at Burroughs and the son of Mr. and Mrs. Robert L. Brown, 403 Tyler.

"He's a fine young player with a great future... be it in baseball or business," commented Nelson.

Nelson recalled that he planned on using Bobby for the first three innings of last Tuesday's game.

"Once things started rolling though, I didn't have the heart to pull Bobby. The combination between this youngster and catcher Stan Spurgeon was just unbeatable."

A "hustling player," according to Nelson, Bobby will climb the mound again Thursday night.

His 3 Doubles, Too! A .300 batter last season, the young right-hander expects assignments to the outfield as the season progresses and when punch-power is needed.

In addition to his mound demonstration this week, Bobby rapped out three doubles in four times at bat!

"The rest of the team was backing me real good, but I needed the insurance," smiled the youngster who claims his pitching idols in the majors today are Sandy Koufax and Whitey Ford.

Wind, Wind, Go Away, Hollister Golfers Want to Play (Sun.)

The wind wound up and whipped the Hollister Tournament right out of a wind-up last Sunday. It was a bit too breezy to continue play in the fourth annual event at China Lake Golf Club.

The first 18-holes of competition were completed okay on Saturday. The second half of the tourney will be resumed this Sunday, June 14, weather permitting.

Leading so far in the low net scoring are Milt Wolfson and Sam Someson, with 61.

Five pairs are tied for second with 62. They are Fred Santangelo and Mike Mamula, Floyd Rockwell-John Lewis, Capt. B. L. McCreery-Al McDonald, Gary Stevenson-Earl Robey, and Hal Richey-Gus Mead.

In third spot with 63 are Dick McLaughlin and Bob Crawford.

Low gross first place is shared by three teams with 74: Capt. McCreery-Al McDonald, Stevenson-Robey and Richey-Gus Mead.

Softball Standings

Table with columns: Team, Won, Lost. Merchants 6-2, NOTS 5-3, Kunz Photo 5-3, NAF 4-4, Public Works 3-5, VX-5 1-7.

Softball Schedule

Table with columns: Date, Time, Teams. June 15: NAF vs VX-5 6:30 p.m., NOTS vs Kunz Photo 8:30 p.m. June 16: Merchants vs Public Works 6:30 p.m., NAF vs Kunz Photo 8:30 p.m. June 17: NOTS vs Merchants 6:30 p.m., VX-5 vs Public Works 8:30 p.m.

SPORTS QUIZ

- 1. What sport is involved in the play for the Thomas Cup? 2. What nation will supply the competition for the 1964 renewal of the America's Cup races? 3. Who won and what was the score of 1964's annual congressional baseball game? 4. What is reputed to be the world's longest log-rolling contest?.
