Attendance Supervisor

Patrick J. Kennedy was named attendance supervisor of Burroughs High School at the Kern County Union High School District Board of Trustees' meeting on Dec. 17.

"OPERATION WIGWAM" swung into high gear on Station this week with donation of emergency relief clothing and supplies for flood victims in California-Oregon-Washington areas. Sponsored by Greyhound Van Lines, the operation included pickup of donations by Ridgecrest's Gene Hurley (on tail gate) assisted by Douglas Wilson, PN3, Eugene Bakke, SN, and Ray Montoya, SA, attached to Chaplain's Office.

LEROY M. JACKSON

Vol. XX, No. 1

LeRoy Jackson Honored Today At Luncheon

LeRoy M. Jackson, Head of Community Relations Office here until his election to the office of Kern County Supervisor, will be honored today at a farewell luncheon at the Executive Dining Room.

Employed here since 1952 and prior to that, an employee at NOTS Pasadena, Jackson ended his federal service career to enter into Kern County political

Won Numerous Awards

The recipient of many public service awards and an officer in numerous civic organizations, the newly elected supervisor for Kern County's District One had come to China Lake as Senior Training Supervisor for the Personnel Department.

Over the ensuing years he became Head, Employee Management Relations Division and was named Associate for Community Relations in 1959. He was appointed Head of Community Relations Office in 1961.

Within the past dozen years here, Jackson had served three years with the China Lake of the Kern County Planning Commission, a member of the

Alas, Not a Stork in the Flock

Management Inspection

An 11-man Bureau of Naval Weapons inspection team, led by Captain J. M. Weeks, is scheduled to arrive here next Monday, Jan. 11, to conduct a management inspection.

Included in the team's 5-day 'Comprehensive Survey" will be 12 key areas of special interest to SecNav and CNO.

The inspection will consist of an appraisal of management abilities to perform assigned missions, tasks and functions with the organization, manpower, funds and facilities provided and the efficiency and effectiveness with which assigned resources are utilized.

Conducted under the Naval Inspection Program, the management appraisal follows a Military inspection held here last

Special interest areas to be included in the Management Inspection include: Shore Facilities Planning and Programming System; Management and Conservation of Renewable Resources; Uniform Material Issue Priority System; Naval Leadership; Fraud in Connection with Procurement and Property Disposal: Civilian Career Planning: Reduction of Terminal Leave; Implementation of General Accounting Office Recommendations; Improving Manpower Controls and Utilization in the Department of the Navy; Equal Employment Opportunity; Temporary Storage of Household Goods, and Project SCRAP.

Details of the forthcoming Survey are contained in NOTS Notice 5040, issued Dec. 16.

College Office Open For Counsel And Registration

The office of the Desert Division of Bakersfield College is open for counseling and registration, Dean Omar H. Scheidt announced this week.

Counseling and registration may be completed by appointment through Jan. 22, by students intending to attend the college's spring semester. Open registration will begin on Jan. 25. Appointments for counseling and registration may be made by calling the College Office, FR 5-2348.

Scheidt stressed that students working for their high school diploma through the college should make early appointments so that records may be processed.

Such students should be certain to have transcripts of their previous high school work sent directly to the College's Burroughs office as soon as possible, he added.

NEW SAFETY PATROL members at Rowe School are fifth graders (I-r) Susan Beedle, Michael Ogan, Robert Simerl, Martin Stedman and Kelly Barkemeyer. Deborah Sewell, also

a member of the patrol, was not present for photograph. The youngsters assumed the duty from the Mothers' Patrol group which served diligently for three years.

Fire gutted the China Lake Soaring Club building at Sanduist and SNORT Road in the early morning hours of Thurslay, Dec. 31.

The blaze in the 40-by-80-ft. structure was spotted by Security Patrolman Sgt. Don Wright at 6:40 a.m. Three companies of firemen and two pumper trucks were at the site of the fire at 6:42 a.m.

The fire was brought under control at 7:08 a.m., according to Fire Chief James A. Davis.

Cause of the blaze was believed to be of an electrical source. Further investigation is being made

Irwin Koff, Soaring Club president, estimates that individual property losses to Club members would be \$17,000. The Club's loss is estimated at \$5,000, Koff said.

Twelve gliders in various stages of construction were destroyed, Koff reported. They included two flying wings, eight PG2s, one Cherokee glider, and the Club's PG2 glider.

Koff praised the prompt refire which saved the Club's Schwitzer glider stored next to the building.

Essay Contest On 'College in East

All high school students in vited to enter an essay contest on the subject, "Why I Believe a Four Year College Should Be Built in East Kern County," China Lake Elementary School District Superintendent Harold E. Pierce announced.

Three hundred and fifty dollars (\$350) in prize money has been earmarked for the project,

The contest is part of an allout effort of the East Kern County Association in its effort to present the East Kern area as a logical location for a state college campus.

At its December meeting in Mojave, the association was told that the coordinating Council of Higher Education has recomnended to the 1965 California State Legislature to establish immediately a state college in this county.

The recommendation will be considered by the legislature in its regular session this month. the report said. If the recommendation receives favorable action, a committee will be assigned to survey the county for a college site.

A sub-committee of the Four County Area Development Committee endorses the project and plans to submit a resolution to the committee of the whole at a regular meeting in Ridgecrest next Friday, Jan. 15.

Eagles' First Meet Of New Year Monday

The Fraternal Order of Eagles will hold its first meeting of the new year Jan. 11 at the Ridgecrest Moose Lodge, starting at 7:30 p.m.

Organizing Chairman Bob Waters FR 8-6386 extends invitaions to all persons interested in membership in the Eagles to attend the meeting, noting that plans for the unit's activities in the year ahead will be revealed.

JEWISH MESSAGE_

Resolutions-And His Help

By (Student) Rabbi David Zucker

Towards the end of December and the beginning of January, our thoughts turn periodically to the question of making resolutions for the new year. We reflect on what has happened the past twelve months, and we start to make plans, plans that we will do this or that, or we will try to accomplish certain things in the new year. Usually we discard these fine thoughts and rather quickly return to our regular habits. One can ask then, why make these plans if we do not follow through on them? If however, we do take ourselves seriously, if we do make an honest effort, change can and will come.

When we make these resolutions we should not place impossible goals before ourselves, rather we should strive for things that we can realize. Bearing this in mind, it is worthwhile to look at something that the Prophet Micah said about 2,700

In answer to the question of how we should live, he replied quite simply: "It has been told to you oh man, what is good, and what the Lord requires of you, only to do justly, and to love mercy, and to walk humbly with your God." (Micah 6:8). Certainly these are not goals which are above us or impossible

Justice can take many forms. We can see that all people have the right to speak, to worship, to assemble, and to live as they please. When we see injustices being done to our fellow men, whether the perscuted be of the same religion, race, national origin, or political persuasion as us, or not, it should make no difference, we must speak out. We must act. Right here in the United States we know that in certain states one can even commit murder, and if the murderer is a Caucasian he will either go free, or will receive only a light sentence. This is no conception of just living.

Micah did not say, "think about justice" rather he was quite clear, "do justly" — see that all men are treated equally before the law.

"And to love mercy." Justice is in a sense a negative ideal. If man was merciful we would not have need for laws for establishing justice, for it would be there of itself. Mercy is an opposite of hate. The bitter hate that is found in many groups of the United States is a poisonous thing. It eats into one and destroys one's life. This must be changed.

Mercy is again not a possible choice; it is a requirement for a proper life. If we do not feel for our fellow human beings, and treat them with respect, how can we expect to be treated decently. It is by giving of ourselves that we can attain a full life, that we will bring about change.

The third part of Micah's statement was that man should walk humbly with God. While man is, figuratively speaking, "little lower than the angels," he should still realize that there is a power above him. At the same time the prophet said, "walk with" God. If we lead a more moral, ethical and religious life, if we follow those laws which imitate God, and if we go - walk - in His way, then we will realize the third part of the prophet's statement. The way to walk with God is already explained to us. If we do justly, and love mercy, then quite naturally we will walk in the ways of our God.

This is not an impossible task, and if followed through, can be one of the most important resolutions we can make for the

> BOWLING -NEWS

By Dick Zinke Premier 865 Scratch

With the Christmas lay off over, the balls are rolling again and in this first week of 1965 some good scores were already turned in.

Dick Furstenberg had an outstanding set with games of 183, 210 and 229 for a 622 and along with the help of Bobby Lockwood rolling 213, 184 and 214 for a 611.

The Mercury Movers were paced to set a new league high game of 987 and ammassed a 2779 series by adding games of

888 and a 904. Bob Dausch fired high game of the night by posting a big 231 and ended up the night's

action with a 607 series. Women's Scratch (Foursome) The Unpredictables are still in first place with the next three

teams not far behind. The individual highs for the night were shared by Patty Maxwell who pushed over a 203 game and Margy Zinke putting three together for a 527 series.

The Tigerettes turned in high team game with 678 while the Unpredictables again took the series by rolling an 1831. I must also mention the fine

conversion of the 5-10 by Phyllis Rutledge and congratulations to Co Dausch who was awarded a gold pin in becoming a new member of the "86 Club." Meeting Jan. 27

The next meeting of the Ridge crest-China Lake Bowling Association will be held at the Hideaway 7:30 p.m. Wednesday the 27th of January. All interested bowlers are invited to attend.

Miniature gold footballs, signifying Golden League Champions of 1964, will be presented Tickets, priced at \$2.75 per to all team members.
