#### League Art Show To Blossom Here In Plaza Saturday

The Desert Art League will sponsor a sidewalk art show this Saturday from 9 a.m. to 5 p.m. in the Bennington Plaza area between the Shopping Bag Market and the Theater.

This is an open show and all interested artists are invited to display their work. Artists are responsible for hanging their own work and bringing hanging equipment such as stepladders, easels and other means of displaying their art. The artists are also responsible for the protection of their work. Further details may be obtained from the show chairman, Dolores Hoffman, telephone 375-2835.

The public is invited to pause in its Saturday shopping to view the show and visit with the artists.

#### China Lake Ski Club Plans Tue. Night Meet

China Lake Ski Club members will meet Tuesday, October 17 at 8 p.m. at the Community Center, Room "D."

Plans for the annual Woodchoppers Ball, to be held October 21-22, will be discussed during the meeting. In addition, reservations will be taken for those interested in going Saturday, October 28, has depart the NWC Community to Mammoth Mountain for a

Two sailors trapped on a "virgin" island-paradise! (Adult, Very Mature Youth. Shorts: "Run Sweet Roadrunner" (7 Min.)
"Fish Are Where You Find Them" (10 Min.)

McNAUGHTON DISPLAY — Winnifred Troy, (I) and Betty Wilkie, NWC Librarian technicians, scan the latest additions to the much-talked about McNaughton Book plan presently available in the Center Library for interested readers.

#### McNaughton Book Plan Receives **Praise From NWC Library Patrons**

plan has been successful," she sonnel, dependents and civilian employees will bear this

am acquainted with the plan. Other libraries where I have been have had it. It offers a wider selection than most libraries can afford to

"Hey, I hit a gold mine! I recently saw the author on television and he recommended the book for good reading."

And another person was stacks. heard to comment, "Ordinarily I choose my reading from the new book shelves, but now I have learned to watch this section for new and interesting

Why so many favorable observations about library books, you might be saying to yourself. The excited and pleased patrons of the NWC Library have been introduced to the McNaughton Plan.

Some of the more prominent titles of books appearing in this plan include in the fiction area. "Shark Island" by Edelman; "Postscript to a Nightmare" by Hitchens, and "The Sea and The Stars" by Wilder. In the non-fiction line there are such books as "Hell's Angels - A Strange and Terrible Saga" by Thompson and "A Mortal Flower" by Han Suyin.

These are a few of the 100 recently published books placed librarians. So recent are the books, that the library receives copies earlier than they appear on the magazine stands or in book stores.

The 11th Naval District rec- Plan? According to Mrs Ward. ommended it and we wanted to the McNaughton Plan actually try the plan stated Marion began here on July 19, 1967 Ward, NWC Librarian. "The and it is a loan service consisting of a permanent invensaid and the following com- tory of 100 volumes plus a ments made by military per- small shipment of new titles each month. New books arrive and are ready for circulation on or before actual publication

> Furthermore, those books which prove to be of lasting interest to the Center's readers will eventually be purchased and added to the Library collection. Inactive titles or unpopular books will gradually be weeded out and withdrawn from the library files and

Most patrons have expressed their appreciation for the wider selection of new books and commented upon the fact that they are received so soon after the publishing date.

McNaughton books can be found shelved on the north wall of the Library. They are circulated for the usual twoweek period and may be reserved in the same manner as the Library's regular collection. A list of McNaughton titles currently available is posted in the Library.

#### **WACOM Gets Set For** Shopping Bus Trip To Los Angeles Area

The Women's Auxiliary Commissioned Officers' Mess is sponsoring a Christmas Shopping Bus Trip Tuesday. October 17. The bus is scheduled to leave Hucek's Travel in circulation by the Center Agency at 7:30 a.m. Shopping stops will include Moscatels and Farmers Market in Los Angeles. Price of the bus trip is \$8, plus cost for lunch and dinner. For additional details, What is the McNaughton phone Doris Sorge at 723134.

# **NAF Marksman AT-1 Chambers** Is Chosen October 'Bluejacket'

#### Planned Naval Technical Career

One of the NAF Rifle Team's best marksmen of 1966, AT-1 Gerald W. Chambers, has been chosen NAF's "Bluejacket of the Month" for October, for his service as supervisor of the Aircraft Maintenance Division Avionics Shop (electronics).

AT-1 Chambers arrived at China Lake in May 1966, from duty aboard the USS Pine Island, a guided missile ship home ported in San Diego. He took four cruises aboard the Pine Island, two of them to

Gerald is a native of Vandervoort, Arkansas, and enlisted in the Navy in December 1955. He made full use of Navy schooling opportunities, including AT "A" School in Memphis and eight Class "C" schools at North Island, San Diego, where he served with Patrol Squadron 42.

Gerald Chambers and his wife, Pamela, make their home at 136-B Langley with their dia as the Center's top sailor three children, Theressa, 8; Connie, 7, and Gerald, 5. The interest-filled family keeps their free time active, with Gerald pursuing pistol and rifle marksmanship, auto mechanics and home electronics, and Pamela making her plans to work with the local Brownie

In recent competition at China Lake, Gerald shot 227 out of 250 with his M-1 Garand and placed third at an 11th Naval District meet last year. He also fires .45 and .22 caliber pistols, and owns a .264 Winchester rifle and a 12-gauge shotgun, and plans to head for the hills during the coming quail and chukkar season.

His interest in electronics, along with his career proficiency in the field, began from scratch after his Navy enlistment in 1955.

"I didn't know what a vacuum tube was before I started my Navy schooling," Gerald

#### **Public Works** Readies Heaters, Coolers Left On

Home heating equipment throughout China Lake is now being readied for the winter season, the Public Works Department announces.

The Department says the work will be completed by October 27. Pilot lights will be relit where necessary, and heaters will be inspected to ensure correct operation.

Meanwhile, air coolers will be left in operation to be ready for the desert's usual Indian

MARKSMAN RELAXES — AT-1 Gerald W. Chambers of NAF's AMD Avionics checks over his M-1 Garand in his China Lake home, with the approval of his family (I-r) Connie, wife Pamela and Theressa. Gerald Jr., in kindergarten, completes family. Chambers makes top scores with NAF Rifle Team.

(Continued on Page 4)

CAPT. R. L. WESSEL

Captain Robert L. Wessel has received his orders to report to the Corona Laboratories of the Naval Weapons Center on November 6. He will relieve Captain E. B. Jarman, present Commanding Officer, sometime in December.

The command change date has not yet been determined, and will be set when Captain Jarman's retirement orders are received from the Navy Department.

Captain Wessel is currently Officer in Charge of the Livermore Division, Research and Development Group, Field Support Agency at Lawrence Radiation Laboratory, Livermore, California.

Born in Fresno, California in 1919, Captain Wessel was graduated from the Engineering School, University of California in 1941. He also attended Harvard University and Massachusetts Institute of Technology. He has had additional Navy - sponsored courses at Cruft Radio Laboratories, and attended the Naval War College at Newport, R.I.

He entered naval service in 1941, and was commissioned in July 1942. During World War II, he served in motor torpedo boats in the South Pacific, at Guadalcanal and in the Philippine campaigns. He also participated in the Southern France campaign.

Since the end of WWII, Captain Wessel served aboard heavy cruisers USS Toledo and USS Rochester, and destrovers USS N. K. Perry and USS F. E Evans He assumed command of the USS Shields in September 1961. Shore duty billets have in-

cluded Research and Development Surface Fire Control Systems, Bureau of Naval Ordnance: Technical Training Group, Armed Forces Special Weapons Project, Albuquerque; and Air and Surface Weapons Applications, Naval Ordnance Laboratories, White Oak.

Captain Wessel has been awarded the Bronze Star Medal and Letter of Commendation with Combat "V.s." He tirement from military service also wears campaign ribbons of American Area, Asiatic-Pacific Area, European - African-Middle Eastern Area, World War II Victory, Navy Occupation Service, China Service (Extended), Philippine Liberation, National Defense Service, Korean Service and United Nations Service.

## Combined Federal Campaign Kick-Off

CAMPAIGN KICKOFF - Captain M. R. Etheridge, NWC Commander, opened the initial meeting of the Combined Federal Campaign keymen last week. "Needs at home and abroad are greater than ever,"

### **Boiler Plants Steam Tielines Being Replaced**

Sharp eyed observers may have noticed excavations and big boxlike forms ready for concrete pouring around NWC this week. This activity is part of a quarter-million dollar contract to replace steam tielines between Boiler Plants 1 and 2 according to Public Works Officer K. C. Abplanalp. Boiler Plant 1 is the main steam plant next to the Gym.

By replacing the tieline from it to Plant 2, next to the Laundry Building, steam from a single plant will serve the needs of all users in the FH area.

Conversion to gas heating in much of the housing area, said the Public Works Officer, has reduced the demand for steam to such an extent, significant economy can be achieved by securing the second boiler plant. It will be used when maintenance or repair is underway on the main plant, and it will serve as a standby facility for steam.

Nearly a mile of tieline will be replaced by Santa Monica contractors, said Captain Abplanalp. In his capacity as Resident Officer in Charge of Construction, the NWC Public Works Officer represents the 11th Naval District in San Diego at the construction site. Engineering for the project and inspection is furnished by NWC Public Works Depart-

# Desert Empire Fair Parade Shines in Sun

#### Imagination, Elan Win Top Honors

Friday, October 13, 1967

A bigger, more varied and colorful Desert Empire Fair Parade than ever rolled down China Lake Blvd. last Saturday morning, in keeping with the entire Desert Empire Fair success this year.

Individual entries, clubs, civic organizations and military units all joined to produce a long list of winners in 15 general categories. Imagination and energy captured the bulk of awards given paraders and

The China Lake Student Union, a group newly formed this fall, won distinction with the best junior organization float, with the Edwards Chamber of Commerce entry "A Desert Tragedy" taking the senior prize.

The Marines from El Toro were picked as the best musical organization, Edwards Air Force Base marchers were chosen the top drill outfit, and another newly formed group, the VFW Auxiliary of Ridgecrest, took first place in the color guard category.

Capt. M. R. Etheridge stood top-center in the reviewing stands as the Grand Marshal of this year's parade, the first major public event of his NWC

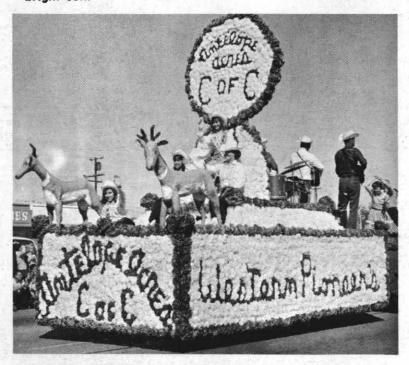

brand new outfit, the VFW Auxiliary, supplied the winning color guard to the Desert Empire Fair. Ladies pass stand under bright sun.

PASADENA, CALIFORNIA

#### A Message From The Captain

Again this year the United Fund, the National Health Agencies and the International Service Agencies have banded together for one fund raising drive, the "Combined Federal Campaign." The CFC concept originated from the desire of government employees to contribute once a year for all charities.

Your donation to the CFC assures continuing support to the Boy Scouts, Children's Hospital, Orthopaedic Hospital, American Hearing Society, USO, Crippled Children's Society and many other worthy organizations, providing help at home and

Payroll deduction makes it easy for you to contribute. Even the minimum deduction of 50 cents per pay period (less than the cost of a pack of cigarettes per week) is a worthwhile sum. I hope that NUWC employees will respond 100 per cent.

Please discuss your contribution with your keyman. I am sure you will answer this call with the enthusiasm all Americans G. H. LOWE, CAPTAIN, USN, COMNUWC Tanglefoots Head have answered similar appeals in the past.

MRS. ESTHER SCHWARZ, secretary to John Hickman, completes a final assignment for him before her retirement from NUWC, San Diego, on September 30.

# Fire Fighters Keep Equipment In Shape

Seven Days A Week Fire Fighters On The Job For Center's Protection

Twenty-four hours a day, sev- gines come screeching up to en days a week, NWC fire their house - especially if fighters are on the job as in- the fire is small. But rememsurance against possible out- ber, no one but a professional break of fires regardless of fire fighter can judge the potheir size or where they may tential of those flames.

Friday, October 13, 1967

Advice is probably one of -your life - and the lives of the cheapest commodities on your family. the market today and very few of us pay attention when it may be given in earnest. But the professional firemen at this Center have a word for all of us which may amount to quite a large personal savings in the end. "Don't be bashful" about calling in to report a fire. You have all the information for calling the fire department right at your fingertips, so use it if the occasion should ever

Far too many of us, it seems, are reluctant to call the firemen when we should. If the outbreak seems trifling, we are afraid we will be accused of sending a false alarm - or, at best, of being a "nuisance" to the firemen. This is just not so. Obviously any fireman would rather be "bothered" by a call to quell a small fire than to risk his life in a delayed-alarm blaze that is out of control.

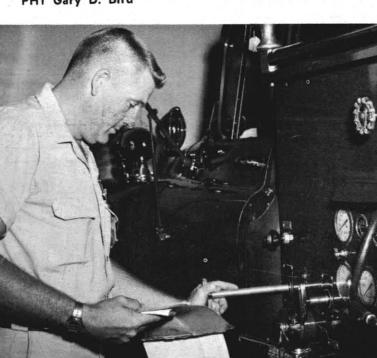

Others put off calling the firemen because they feel it's embarrassing to have fire en-

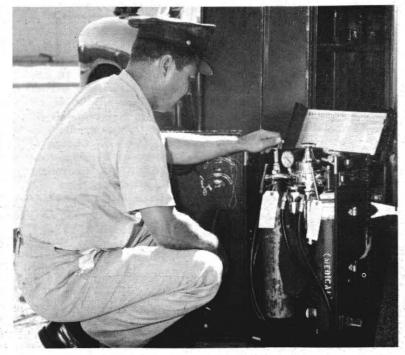

BREAK TIME - Fire Fight ers take short breaks during their tour of duty to discuss new training procedures and World Series ball games, naturally.

MAKING SURE - Fire Fighter, Andy Weise makes sure that fire fighting equipment is in tip-top shape every day to insure for that unexpected emergency which may occur anywhere within the Center's boundaries. Responsibility and dedication to duty are part of the firemen's code.

TO SAVE A LIFE — Experienced fire fighters, such as Jimmy Lane, make it a point to know their equipment for they never know when they may have to save a life at NWC.

HOUSE ON FIRE - When this call comes into the NWC fire station, Fireman Joe Becker is there to read and plot information as part of his dispatcher duties.

THEY MUST WORK-(I-r), Jamie Adams and Ron Wilson pull a daily check on fire extinguishers for use on small fires which may occur. Class "A" extinguisher is checked

READY TO GO-Jamie Adams pulls a last minute inspection on his fire fighting gear in the event he has to move fast with his life-saving equipped, shiny fire truck.

#### CHAPLAIN'S MESSAGE

# The Pursuit Of Happiness

CHAPLAIN JOSEPH F. SHARPE

Since "pursuit of happiness" has become one of the stock American phrases to signify the great freedom we enjoy, it would be a sorry frustration to find that this chase did not produce any happiness at all. Not that this is an American problem as becomes directly involved in the work of such — it seems that the unsatisfied spirit of the happiness chasers echoes around the globe and is a favorite topic of novelist and essavist alike.

The philosophers, as a matter of fact, have filled our libraries with their profound thoughts on the subject. They have made the chase their "stock in trade," but seemingly without cumbent will be Head of the Radar Section, Metric Electronics Branch, Code 3067, and will be responsible for the satisfactory demade the chase their "stock in trade," but seemingly without adequate success for either themselves or for us. Nor has the light - hearted comedian convinced us with the quip "happiness is a dry martini."

Jesus Christ did come up with a formula, though, that seems to work in the lives of those who put it into practice. He did this in a rather startling talk he gave from a very informal setting, a hillside in Galilee, in which he seemed to show that the pursuit is something quite different from the pursuit of

Some philosophers' suggestions had shown that man's success came in eating well, staying in good health, reproducing, having power and friends: not one of these was mentioned in AB in one of the social sciences. Well-roundthis mountain address

The entire formula is outlined in St. Matthew's gospel, but here is one man's vernacular summary:

Do not chase after money. In spirit, be poor. Don't throw your weight around. Be meek

Don't be expecting everything to go always your way. When you mourn, you will find comfort.

Don't be barking up the wrong tree. Look for the right things and you will be satisfied. Don't try to "get even" when someone harms you.

Keep other people from hurting one another.

Put up with injustices that come to you from authorities. Don't worry about being scorned because you practice a

THE LOCKER ROOM

# Ode To An Earache

By ED RANCK

The third week of the China Lake flag football season was completed last night, and as the schedule nears the halfway point, there are a few undeniable facts that are becoming apparent to all interested observers. It seems that should the defending champions, the NAF Hawks, win again this year, they ated the game to win their will do it only after receiving a strong argument from the VX-5 Vampires and the civilian club, or Crabs as they are known throughout the football world.

#### CHAMPIONSHIP UNDERWAY

It is also noteworthy that for the second time in the past six months there is a genuine championship race under way at China Lake, and there should be quite a few hotly contested football games at Schoeffel Field before the issue is decided

There is also an aspect of the local fun and games program which, though receiving no publicity, seems to have become an integral part of each championship race

For lack of a better terminology, let's call it the "cry babies syndrome." Fortunately the vast majority of athletes who participate in the local sports program are capable of winning graciously and are equally adept at accepting an occasional defeat without a whimper or an alibi.

There are a few however, who lose only because the umpires are against them, who are handicapped because a scorekeeper cheats them or fails to impress in the sport of their choosing because the coach or manager fails to recognize their abundant talent

#### POOR SPORTS

There are also those who cheer when another player receives an injury, who consider it a personal insult when a more talented opponent receives favorable publicity, or who consider a man's ancestry to be a major issue on the playing field. The cry babies spend more time making excuses and finding

fault with others than they do playing the game. Fortunately these individuals are in the minority, but like many minority groups of this nature, they stand out from the crowd.

It is extremely hard to have a genuine interest, and actively participate in competitive sports without getting vocal and a little hot-headed at times. It's doubtful that there is anyone who has ever played, say, football, baseball or basketball who never at one time or another said something to someone in the heat of the moment that was less than charitable. But when this sort of thing becomes the dominant factor on the field, then we feel there should be some adjustments made to the player's way of

#### WELL-KNOWN ACT

It is a well-known fact that not every call that was ever made by an umpire or referee has been correct, although it might be hard to find an ump who didn't make the call honestly. Equally true is the fact that not every athletic coach has always made the right decision as far as the utilization and placement of his livestock is concerned. But if some coaches or managers play only those individuals whose approval off the field is important, how come most football backfields aren't loaded with mothers-in-law? Or maybe tax collectors?

To take exception to the fact that someone else has attained a modest degree of success in amateur athletics is, of course, a matter of jealousy. When a person indicates that this is the way he feels, then he has become a comedian without really trying. When a person regards the injury to another as a highly gratifying event, we get the impression that this person has had his brains removed and replaced with lukewarm oatmeal. PART OF THE GAME

Being yelled at from the stands and accepting a bit of good natured abuse from the opposition is, as they say, part of the game. Those who can't take it, shouldn't be playing. But there are certain types of conduct that doesn't belong in sports. We have noted them here, and they all have taken place at China Lake in the last few months.

It doesn't take a particularly agile mind to grasp the fact that these things seldom, if ever, occur in professional sports There the heat is really on, and the prospect of winning or blowing a lot of money can add a considerable load to badly frayed nerves. Therefore it shouldn't happen here, where the ultimate prize is a trophy and a few lines in the newspaper.

For those few who take exception to another man's ancestry take a tip from the people of Boston. Who would have ever thought that a fellow named Yastzremski would have become a hero on Beacon Hill? Now, that is tolerance.

#### **Vampires Move** Into First Place In League Play

The VX-5 Vampires moved into first place in the China Lake Flag Football League Tuesday evening, scoring an impressive 25-0 win over the NAF Hawks. Behind the sharp passing of Russ Draper and Terry Atkinson and the running of Jim Curran and Glen Smithen, the Vampires dominthird straight.

Smithen took the opening kickoff and raced 70 yards for VX-5's first score. On their first offensive series, the Vampires drove 45-yards with Curran's 8-yard dash up the middle making it 13-0. Early in the fourth period Curran scored from three yards out to make it 19-0. The Vampires added one more touchdown late in the game when Gerald Prophet raced behind the Hawk defense and took a 45yard touchdown pitch from

Dick Lasell scored in the last 28 seconds of the game as the Crabs scored a 12-7 victory over NAF. The touchdown culminated an uphill battle for the Crabs and moved them into second place in the league standings. The Hawks went ahead 7-0 in the first half as Jerry Howard raced 45-yards for a touchdown. NAF added the extra point on a pass from Larry Brown to Al Holford.

Lasell scored on a 15-yard touchdown dash early in the fourth period to make it 7-6. then took a handoff from Neil Shotwell late in the game to score the winning touchdown.
