Fun galore in store during Hi-Desert Escapades

attending the Hi Desert Escapades this Saturday and Sunday.

Sponsored by the Ridgecrest Chamber of Commerce, the Hi Desert Escapades will provide an introduction to the local desert area, its natural attractions, history, and present day role.

caravans to five nearby areas of interest, an art show at the Community Center, a flower and Saturn show and exhibit at the Enlisted Mess, and a the Desert Empire Fairgrounds, where visitors will also have the opportunity to o'clock. enjoy the night time desert sky with the help of telescopes set up by the China Lake Astronomical Society.

To start the day off right, the Ridgecrest Kiwanis Club will offer "all the pancakes you can eat" for \$2.50 per person. The pancake breakfasts will be served both days from 7 to 11 a.m. at the Kern Desert Regional Park in Ridgecrest.

The first of the tours scheduled for the weekend will begin Saturday morning at 8:30 and will be to the Coso Hot Springs area. For those interested in observing Indian rock art of the past, there will be a tour of the Little Petroglyph Canyon.

A Fossil Falls trip also is planned, as well as two tours to the El Paso Mountains area, one of which is for regular passenger vehicles and will include a visit to "Burro" Schmidt's tunnel. Intended for 4-wheel drive vehicles only, the other trip will be to Last Chance Canyon and to view the petroglyphs at Sheep Springs.

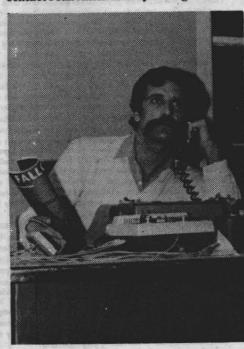

In addition, tours of the Kerr-McGee Chemical Corp. plant in Trona are scheduled on Saturday and Sunday from 1 to

Annual sale of used books slated this weekend by AAUW

The annual used book sale, conducted by the American Association of University Women, will be held tomorrow from 8 a.m. to 4 p.m. at the East Kern Regional Park in Ridgecrest.

This event, which is a part of the Hi Desert Escapades, is the AAUW's principal means of raising funds for a scholarship that is awarded each year to a graduating senior class girl from Burroughs High School.

Local residents who have books they would like to donate to the sale are asked to contact Jean Amundson by calling 375-5924.

CAN I CALL YOU BACK? - Warren Jaul as Andy Hobart, editor of "Fallout," a protest magazine, uses his ingenuity to fend off a bill collector's call in "The Star Spangled Girl." The Neil Simon comedy will be presented by the China Lake Players at 8:15 p.m. on May 1, 2, 8 and 9 at the Groves School auditorium. Others in the cast are Kathy Karner and Glen Bannister. For reservations, phone 375-9470 or 375-5636.

off the day on Saturday, the Rotary Club will offer a barbecued steak dinner for \$8.50 per person (or a hot dog dinner for children, which costs \$1) beginning at 6 o'clock Saturday evening in Joshua Hall on the Desert Empire Fairgrounds in Ridgecrest..

As part of the Hi Desert Escapades, Included during this gala two-day telescopes will be set up tomorrow evening weekend will be outdoor breakfasts, auto at the Desert Empire Fairgrounds for public viewing of the bright planets Jupiter

This desert night show will be sponsored, barbecued steak dinner Saturday evening at free of charge, by the China Lake Astronomical Society from 7:30 to 10

Lined up to the east of the planet Jupiter will be its four bright satellites: Io, Europa, Ganymede, and Callisto. However, the satellite Io will not be visible until 8:40 p.m. at which time it will be seen to emerge from the shadow of Jupiter.

The planet Saturn will be just three degrees east of Jupiter. Saturn's rings will be tilted to the line of sight by only 41/2 degrees. Several of Saturn's satellites may be seen lined up both east and west of the

Throughout the weekend various

Stage set for art show this weekend at Community Ctr.

A Festival of Art, sponsored by the Desert Art League, will be held this weekend at the Community Center. The show will be open to the public from 1 to 7 p.m. on Saturday, and from 11 a.m. to 5 p.m. on Sunday.

This year's show will be different in several respects from the art shows in years

Because of remodeling plans for the Community Center, this year's show is limited to Desert Art League members. They will exhibit larger paintings on displayboards around the room in the Cactus Hall.

These paintings are, for the most part, offered for sale to the public. Also, Art League members have donated miniature paintings, as in years past, for sale to the public. These are matted and may be framed or used on miniature easels by the purchaser.

The show will not be judged this year. Also, because of the space limitations, there Wildflower display will be no school students' work entered or

NAVAL WEAPONS CENTER

Vol. XXXVI, No. 17

May 1, 1981

Secretary of Year Awards presented

on the Naval Weapons Center was rendered during the Secretary of the Year Award luncheon held last week at the Enlisted

Highlights of this special event included announcement of the selection committee's choice of the Center's two top secretaries out of a field of 31 nominees, and a talk by Janie Taylor, Equal Employment Opportunity Director from the Office of the Chief of Naval Material.

Singled out to receive Secretary of the Year Awards that were presented by Capt. William B. Haff, NWC Commander, were Sharon Juarez, a clerk - typist in the Applied Science Branch of the Ordnance Systems Department's Advanced Technology Division; and Barbara Jackson, secretary to the head of the Range Department's Ordnance Test and Evaluation Division.

The two award winners represent a wide spectrum of secretarial work experience at NWC. Ms. Juarez joined the work force at China Lake a little more than a year ago, while Mrs. Jackson has a background of work on the Center that dates back 19 years.

The sizable group of supervisorial employees and co-workers who nominated Ms. Juarez, a newcomer here, for the prestigious Secretary of the Year Award, emphasized the consistently cheerful and willing "take-charge" approach that she

Naval Weapons Center won the Mojave Desert Inter-service League volleyballtourney. The trophy in recognition of this accomplishment is presented to Capt. William B. Haff, NWC Commander, by Ens. Ken Dorrel, who was joined by two civilian members of the team (i.-r.) Loy Vincent and Ted Bailey. Enroute to the MDISL tourney title, the China Lakers defeated teams from the Marine Corps Logistics Center at Barstow, March Air Force Base, and Nellis Air Force Base (2 matches). The tourney was played at March AFB in Riverside.

Youth soccer league results . .

(Continued from Page 6)

A long, breakaway burst by Lance Kilpatrick of the Express enabled his team to slip past the Apollos 1-0 in what was a well-played game by both teams.

Players for the Fury and Rowdies had their scoring chances, but their combined effort produced just one unassisted goal by Chad Bass of the Fury.

For the Chiefs, it was a goal by Mike Bowen, assisted by Mike Egan, that turned out to be the final difference in the Chiefs' 1-0 win over the Sunshine squad.

The Sockers took it to the Earthquakes 4-1 to highlight action in Division 3 of the Youth Soccer League. Results of other games in this division were Aztecs 2, Lancers 1, and Cosmos 1, Blizzard 0.

A penalty kick by Seth LaBorde was all the scoring punch the Earthquakes, who were short two players, could muster in their 4-1 loss to the Sockers. The Sockers were paced on offense by Ernesto Tatunay, who booted home three goals with assists by Jess Smith, who also tallied once on a shot that caromed off a defensive player and into the Earthquakes' goal.

Good play by the goalies for both teams held down the scoring in the Aztecs' 2-1 win over the Lancers. The Aztecs' goals were tallied in the first half by Danny May and in the second half by Jody Sturgeon. The single goal for the Lancers was off the toe of Scott Arts. Defensive aces for the two teams were Ken Ratcliff (fullback) and Craig Malik (safety) for the Aztecs, and Shanon Stuthers, a halfback for the Lancers.

regulation game between the Boomers and for the department. The incumbent will prepare historical Drillers that ended in a 1-1 tie, and three reports and analysis from various sources. Job Relevant abreviated tilts during which the Timbers edged the Atoms 2-1, the Atoms and Strikers procedures, policies and precedents; ability to sumfought to a 1-1 tie, and the Timbers and Strikers game ended in a 3-3 deadlock.

One goal each by Matt Mechtenberg and Jason Black turned the tide in favor of the Timbers over the Atoms by a margin of 2-1.

VX-5 athletes romp to easy win in track, field meet

Military athletes representing Air Test and Evaluation Squadron Five (VX-5) romped to a one-sided win in the Commander's Cup track and field meet held last Friday afternoon at Kelly Field on the Murray Junior High School campus.

Participants from VX-5 posted clean sweeps (winning first, second and third) in three events, and took first place in three other events to win the meet handily.

The closest competition was provided by the NWC Gold team that picked up a win in the men's softball throw for distance and also in the 100 yd. dash.

The victory for the VX-5 Vampires increased their total to 30 points in the Commander's Cup standings. NWC Gold is now in second place with 24 points, and NWC Blue is trailing with 18.

The results of the various events in the track and field meet are as follows:

10 kilometer run - Dr. Jim Thomas, 1st, in 43 min., 26 sec.; Troy fortin, 2nd, 43:27; Dick Peasley, 3rd, 43:37 (all of VX-5).

Men's softball throw - Ken Dorrell, of NWC Gold, 1st: Bob Leitzel, of VX-5, 2nd; and Tom Ransom, of NWC Gold, 3rd. Women's softball throw - Fe Blackburn,

1st; Karen Hutchinson, 2nd, and Barbara Gray, 3rd (all of VX-5).

Football punt - Boyd Dunham, 1st, Patrick McClane, 2nd, and George Crim, 3rd (all of VX-5).

Men's 100 yd. dash - Tom Ransom, 1st, 11:15 sec.; Tony Murph, 2nd, 11.2 sec.; and Mike Howard, 3rd, 11:35 sec. (all of NWC Gold).

Women's 100 yd. dash - Karen Hutchinson, 1st, 13:6 sec., VX-5; Belinda Gainey, 2nd, 14 sec., VX-5; Sheri May, 3rd, 15 sec., NWC Gold.

Mile run - Tim Jenkins, 1st, 5 min., 53 Blue; Dr. Jim Thomas, 3rd, 6:09, VX-5.

Women's 440 yd. run - Barbara Gary, 1st, 72 sec., VX-5; and Sherri May, 2nd, 75 sec., NWC Gold.

ROCKETEER

VX-5 SETS PACE - Dr. Jim Thomas (at left) and Troy Fortin, who was just a step behind him at the finish line, placed one-two in the 10 kilometer run — the most grueling event of the Commander's Cup track and field meet. In third place, not far behind, was Dick Peasley, another VX-5 distance runner

2-1 win by Rogues highlights Mile run — Tim Jenkins, 1st, 5 min., 53 sec., VX-5; Chris Long, 2nd, 5:54, NWC youth soccer 20-game schedule

A 2-1 win by the Rogues over the Tornado team highlighted the Youth Soccer League's 20-game schedule of play last Saturday. It was the first victory so far this season for the Rogues, who are proof that persistence pays off since they lost all nine of their games played last fall.

In this Division 5 contest, Danny Flores and Paul Grenier scored 1 goal each for the Rogues and good defensive play by Richard Flores and Carl Hibberts was instrumental in holding the Tornadoes to a single goal on a free kick by Eric Blackwell.

Results of other games played in Division 5 were Sting 6, Sounders 2; Diplomats 3, Hurricane 0; Kicks 6, Surf 0; and the Whitecaps and Roughnecks battled to a 2-2

Tom Dobbs was the leader on offense for the Sting with 3 goals in his team's 6-2 win over the Sounders. Clint Caffee was credited with assists on two of the goals by Dobbs, and Ted Ingle helped out on the other one. Guy Stanton also got into the scoring act with two goals for the Sounders and Ingle had one. The two goals for the Sounders

were tallied by John Peterson and Tim Wee. Scott Piri's two goals and one by Ross Malik were enough to clinch a 3-0 win for the Diplomats over the Hurricane. A deflection off a defensive player for the Hurricane inadvertently helped on the scoring play by Malik, while Piri scored once on a solo breakaway drive, and the second time on a

pass from Bobby Burge. In the day's most one-sided game, the Kicks shut out the Surf while rolling up six goals - three by Bill Ledden and one each by Jeff Dufendach, Joe Pakulak and Matthew Maloof.

The Whitecaps got two first-half goals by Brian Collie (one on an assist by Tony Haaland), but couldn't hold off a rally by the Roughnecks, who evened the score on one goal each by Scott Parmenter and Steve Hill during the second half of the game that ended in a 2-2 tie.

In Division One competition, a lot of goose eggs went into the record book during the four games that were played last Saturday. The results were: Eagles 3, Panthers 0; Cobras 5, Cougars 0; Owls 1, Coyotes 0; and Hawks 0, Roadrunners 0.

Operating on the premise that a strong defense can be the key to victory, the Eagles shut out the Panthers 3-0 on two goals by Ted Mechtenberg and one by Ryan Christensen. Defensive stalwarts for the Eagles were Jeff Wood and Levi Combs.

Superior teamwork enabled the Cobras to dominate their game with the Cougars. Two goals by Scott Becker and one each by Tim Seufert, Chris Marshall and Mike Graves added up to 5-0 win for the Cobras.

A single goal by Dirk Hartman, assisted by Chris Brown, turned out to be the margin of difference in the Owls' 1-0 win over the Coyotes. Greg Kasselbaum was singled out for his play on defense for the victors.

Several second-half saves by Jimmy Bailey, goalie for the Hawks, helped to pave the way for a scoreless tie in the game between the Hawks and Roadrunners.

All three games played in Division 2 ended in identical scores of 1-0. On the winning side of the ledger were the Express, Fury, and Chiefs, who edged the Apollos, Rowdies, and Sunshine, respectively.

(Continued on Page 7)

Outlook for BHS varsity baseball team hits skids

Outlook for the Burroughs High School varsity baseball team, which had improved following two straight wins as the second round of Golden League play got underway, took a nosedive this past week.

The Burros couldn't hang in there last Friday after getting off to a 2-0 lead against the Canyon Cowboys in a game played at home, and ultimately came out on the short end of a 4-2 final score. It was their seventh loss in nine Golden League games played to

On Tuesday afternoon, there was what Coach Bill Sizemore called a "disciplinary incident" on the bus with the result that the BHS varsity baseball team didn't make a scheduled trip to Quartz Hill, but instead forfeited the game to the Rebels.

During last Friday's game here with the visitors from Canyon High, things were looking good for the Burros for the first three innings of play.

Jody Gaunt, the team's ace hurler, gave up just one hit to the Rebels and held them scoreless in their first three times at bat.

In the BHS half of the third inning, Tim Allen and Dave Hatzenbuehler, of Burroughs, walked, and Dave Wooten singled to load the bases with two outs. Gaunt then delivered a hit to the outfield that drove in Allen and Hatzenbuehler to give the Burros a 2-0 lead.

Turning point in the game came in the top half of the fourth inning when George Dodd singled to get on base. Successive walks to Lunden, McVicker and Colbee forced in Dodd with the first run of the game for the Cowboys. With the bases still loaded, Jeff Morrison, the Canyon High first baseman, drove in two runs with a singles to give Canyon a 3-2 lead.

After a scoreless fifth inning, Dodd came to bat again and this time hammered out a two-base blow. Lunden, the next batter, laid down a bunt and Gaunt - trying for a putout at first base - threw wildly into right field on a play that enabled Dodd to score from second base with what turned out to be the final run of the game in the Cowboys' 4-2 win over Burroughs.

The Burros, who draw a bye today in the Golden League varsity baseball schedule, are due to wind up the final week of the season with a game at home on Tuesday against Hart High School, and at Antelope Valley High School in Lancaster next Friday, May 8. Starting time for both games is 3:30 p.m.

22 teams entered in slow pitch softball tourney on weekend

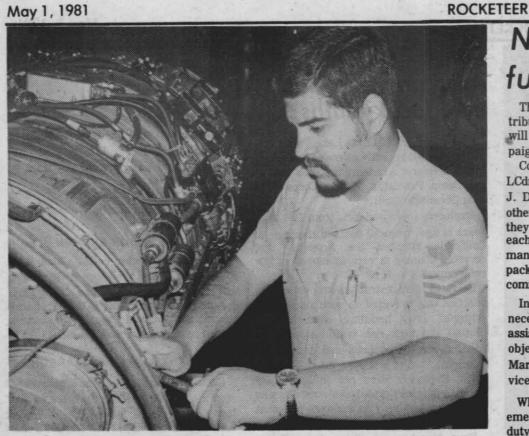

An "early bird" slow pitch softball tournament, co-sponsored by the Kern Area Umpires Association and the NWC Recreational Services Department, will get underway this evening, and continue with games on Saturday and Sunday.

A dozen local teams will be competing in this event, along with 10 out-of-town squads who will be traveling here from as far away as Port Hueneme, Orange County, and Palm Springs.

First round action in this double elimination tourney will get underway tonight at 6 with a game at Schoeffel Field between Stare Montagne and the Zephyrs, and another contest at Knox Field between Clancey's Claim Co. and the ERA Raiders.

Tourney tilts will resume on Saturday morning at Knox ball fields Nos. 1 and 2, as well as at Schoeffel Field, and continue throughout the day.

After 9 a.m. games on Sunday at Knox field No. 1 and at Schoeffel, the final stages of tourney action will be moved to Schoeffel Field, where the championship game is scheduled to get underway at 1 p.m., Ernie Paiz, the tournament director, stated. Spectators are welcome at all games.

SPECIAL HONOR — AD1 Israel Morales has been singled out for recognition as NWC's Bluejacket of the Quarter for the 3-month period from January through March. He is the assistant supervisor of a group in the Aircraft Intermediate Maintenance Division that works on J-47 jet engines.

AD1 Israel Morales selected as **NWC Bluejacket of Quarter**

Aviation Machinist's Mate First Class Israel Morales has been selected as the Naval Weapons Center Bluejacket of the Quarter for the 3-month period of January through March.

Bluejackets of the Quarter are chosen from Bluejackets of the Month during each quarter of the year. The Bluejackets of the Quarter from NWC and from Air Test and Evaluation Squadron Five (VX-5) then become eligible for the Bluejacket of the Year competition that is sponsored by the Indian Wells Valley Council of the Navy

AD1 Morales is assigned to the Aircraft Intermediate Maintenance Division, and is

Lecture on timely subject of burro problem set May 6

An informative lecture on a controversial subject of timely interest to local area residents will be sponsored by the Maturango Museum on Wednesday, May 6, at 7:30 p.m. in the Richmond Elementary School auditorium.

"Up to Our Ears in Asses" is the title of a talk, accompanied by the showing of film slides, that will be presented by Pete Sanchez, a resource management specialist from the Death Valley National Monument.

Sanchez, a representative of the National Park Service, will outline the history of feral burro-related problems and tell about and show photographs of the impact these animals have upon the desert's natural

On two weekends during the month of March, an emergency feral burro reduction program was carried out within a 275 square mile area of the Naval Weapons Center's inner test ranges.

Concern of the NWC Commander for the lives of aviators using the aircraft runways and the safety of NWC employees who must travel range roads in areas where feral burros abound prompted the emergency measure that resulted in the killing of 648 burros by a team of rifleequipped civilian marksmen.

This action aroused outcries in defense of the free-roaming quadrupeds by groups to your ability to work well with both juniors such as the Animal Protection Institute and the Fund for Animals.

During his program on May 6, Sanchez will evaluate the circumstances that led to the emergency burro reduction program by the Navy from the point of view of what the future is apt to bring if the feral burro population is reduced periodically and what may occur if it is not.

the assistant supervisor of a group whose personnel work on the J-47 jet engines.

Even though formal training no longer exists on the J-47 power plant and publications are in short supply, AD1 Morales has become - through hard work, study, and on-the-job training - one of the better mechanics in the Aircraft Intermediate Maintenance Division.

In addition, the NWC Bluejacket of the Quarter has assisted from time to time as a crew member on helicopter search and

AD1 Morales is due to be transferred on May 22 to the Pacific Missile Range on the Island of Kaui.

For his selection as Bluejacket of the Quarter, AD1 Morales will have the use of a rental car from Hucek's Travel Service on the weekend of his choice, plus a \$25 gasoline allowance from the Ridgecrest Chamber of Commerce.

He also will receive a gift certificate worth at least \$25 from the local CofC, and businessmen's group at a lunch meeting. Rounding out the list of his awards is a dinner for two at Clancey's Claim Co. in

VX-5 Sailor of Month honor goes to DP1 Aquino The Air Test and Evaluation Squadron homeported in Naples, Italy.

Five (VX-5) Sailor of the Month award for March went to Data Processing Technician First Class Edmond D. Aquino.

A letter to DP1 Aquino from Capt. P. F. Hollandsworth, VX-5 Commanding Officer, stated, "In recognition of your outstanding professionalism, selfless devotion to duty, exemplary military appearance and cheerful attitude in the performance of your duties, you have been selected as VX-5 Sailor of the Month for March 1981."

The letter continued, "While assigned to the Data Processing Division of the Projects Department, your unhesitating efforts and dedication to duty coupled with your resourcefulness have allowed you to quickly gain the administrative and technical knowledge usually attained only by a more senior petty officer."

The letter concluded, "Your high principles and exceptional initiative in addition and seniors has contributed significantly to Data Processing's ability to carry out its mission and to the overall accomplishment of the Command's mission."

DPI Aquino, who was born in Baguio City, Republic of the Philippines, joined the Navy eight years ago. His first assignment after completing bootcamp was as a disbursing clerk aboard the USS Cascade (AD-16),

Navy Relief Society's annual fund campaign to begin Mon.

The annual campaign to collect con- provided to mothers of newborn infants or to tributions for the Navy Relief Society (NRS) will get underway on Monday. The campaign will continue until June 5.

Co-chairmen of this year's event are LCdr. E. J. Lancaster, of Code 2101, and Lt. J. D. Martin, of Code 254. Together with other members of the central committee, they will meet with the key person from each NWC department and military command to provide them with information packets and other materials prior to commencement of the campaign.

In addition to seeking the contributions necessary to continue Navy Relief Society assistance, the campaign has another objective, which is to make Navy and Marine Corps personnel aware of the services NRS can provide in times of need.

What Navy Relief does is to provide emergency financial assistance to all active duty and retired Navy and Marine Corps personnel and their dependents for basic needs. These basic needs may be food shelter, medical and dental expenses, or emergency leave. Assistance comes in the form of no-interest loans and outright grants or a combination of these two.

The Navy Relief Society also does budget counseling and makes referrals to other agencies when problems are not within the scope of Navy Relief policy.

Although the primary purpose of the NRS is to provide monetary assistance for the basic needs of active and retired Navy and Marine Corps personnel, their dependents, or surviving widow and children, the Society also performs other services.

One such service is to provide vocational training for widows or orphans at either public or private schools when the training is needed in order to support the family.

The Navy Relief Society Guaranteed Student Loan Program is a service given to help finance post-secondary education for eligible dependents. Under this program, a student can borrow up to \$2,500 a year (with a maximum of \$12,500) for full-time undergraduate study at an approved institution. In addition, up to \$5,000 a year can be borrowed for graduate study, with the maximum combined total set at \$25,000.

The loans, which may be used for tuition and fees, room and board, books, supplies, and transportation, require no collateral will join members of the local because of NRS backing. In most instances, repayment of the loans begins 10 months after graduation, but there are exceptions.

After completing a two-year tour there, he

Petty Officer Aquino enjoys bowling and playing basketball, but doesn't find much time to indulge in these sports since he is taking data processing classes at Cerro Coso Community College. He stated that he and his family often visit the local attractions in San Diego, such as Sea World, during his weekend visits home.

As Sailor of the Month, Petty Officer Aquino received a VX-5 plaque with his name inscribed, a 72-hour weekend pass (which he spent with his family), and a month free of duty. He also received a reserved parking place for the month.

DPI Edmond D. Aquino

EASY DOES IT — Two members of China Lake Police Explorer Post 811 put into practice techniques of handcuffing high risk felony suspects that they learned by attending the Police Explorer Academy at Camp Pendleton. The arresting officers are Sarah Bun (at left) and Caren Burmeister, whose actions are being observed by Bill Irby (kneeling), post senior advisor, and Geoff Wilson, another of those who attended the Police Explorer Academy. The "dangerous suspects" are Mark Servais and Jeff Oubre, two other Police Explorer Post members.

Save energy by consolidating use of refrigerators at NWC

"Don't let refrigerators in your area grind on and on just to cool \$1.27 worth of material," is advice given by the Naval Weapons Center Energy Conservation

A recent Energy Survey here revealed that one way the Center could more effectively conserve electrical energy is by consolidating refrigerator requirements.

There are many refrigerators on the Center that are being used to store food, batteries, film, chemicals, and other supplies, the Council reports. Some are filled with materials that are used frequently,

and are therefore used well. Others contain only a small box of film, a few batteries, or a couple of lunches.

The Council asks that Center employees make a concerted effort to conserve energy with other refrigerator users in their area.

NWC management provides its employees with equipment and utilities necessary to get the work done and to maintain a reasonably comfortable work environment. Every employee is responsible for conserving these resources.

"A refrigerator should be full and well used," the Energy Conservation Council advises. "Be willing to walk a few hundred

Police Explorer Academy attended by 4 local youths

Four members of China Lake Police Explorer Post 811 recently attended a nine-day Police Explorer Academy that was held at the Camp Pendleton Marine Corps Base near Oceanside, Calif.

Explorers (boys and girls from 141/2 to 21 years of age) from all parts of the State of California attended the Academy and received training in various aspects of law

Lectures, demonstrations and classroom practice was provided on such subjects as criminal law, handling disturbances, routine and high risk traffic stops, con- caused by this act of vandalism was set at fronting armed suspects, and community \$415.

The Explorers were put through their paces by Marine Corps drill instructors who are assigned to duty as military police at Camp Pendleton.

Four members of China Lake Police Explorer Post 811 attended the Police Explorer Academy and received high academic scores on the final test given to all participants. Those who attended from China Lake were Caren Burmiester, Geoff Wilson, Sarah Bun and Jeff Oubre.

The young people were accompanied to Camp Pendleton by Officer Bill Irby, of the China Lake Police Division, who serves as an adult advisor to the Explorer unit that is supervised by Lt. A. E. Edmunson, the Police Division's Training and Special Project Officer.

Police Explorer Post 811 meets every Thursday at 7 p.m. at the China Lake Police Station. Boys and girls interested in joining by consolidating refrigerator requirements or learning more about this youth program can obtain additional information by calling NWC ext. 2978 and asking for one of the

mathematics and science courses at night. For more than 17 of the 19 years that she has worked here, Mrs. Jackson has been secretary to the head of what is now the Ordnance Test and Evaluation Division in Code 62 — a group composed of about 70 employees that includes engineers, engineering technicians, and ordnancemen.

Those who joined in nominating Mrs. Jackson for the Secretary of the Year Award noted that having long ago mastered the mechanics of her profession, she has shown a ready willingness and ability to knowledge she has gained to others.

She is an excellent example of a meticulous worker, one of those who nominated her wrote, and is the one on whom the technical staff depends for correctness of procedures and detail in communication skills and day to day office management and procedures.

Her trademark, it was added, is a willingness to give that extra bit of performance cheerfully and in a workmanlike manner when the workload gets out of hand and (needless to say) she can be depended on to be there when needed.

Mrs. Jackson also excells in her role of extending a welcome to official visitors, and has the ability to make strangers feel at ease and welcome.

In addition to her secretarial duties, Mrs. Jackson has taken on tasks for the division head and the associate divison head - thus relieving them of many general administrative matters, such as weekly tracking of project costs, monitoring and performing follow-up activities concerning procurements, work requests, and providing logistics support and conference

sponsors and foreign visitors.

All of the candidates for the Secretary of the Year Award who were present at last week's Secretaries' Day luncheon were introduced by Belle Hervey, Federal Women's Program Manager at NWC, prior to presentation of the engraved plaques that the two winners received

During her preliminary remarks, Ms. Hervey described how flustered and difficult the work day for a typical supervisor

She also read a "Prayer for Secretaries" that had been clipped from a "Dear Abby" column in a metropolitan newspaper.

She was pleased, Ms. Hervey said, at the number of nominations for the 1981 Secretary of the Year Awards, and the quality of work represented by those singled out for

Mrs. Taylor, the guest speaker, expressed pleasure at the large attendance (the EM dining room was packed) for the or manager on the Center would be if it were Secretaries' Day luncheon. She began her not for the capable assistance of secretaries remarks by stressing that secretaries have

EVENT WELL ATTENDED — The dining room of the Enlisted Mess was filled to capacity for the Secretary of the Year Awards luncheon that was held in recognition of the important part that secretaries at all levels play in the day-today work on board the Naval Weapons Center. As this photo was taken, introductory remarks were being presented by Ms. Hervey, Federal Women's -Photo by Don Cornelius

Police

reports . . .

Siphoning of gasoline from a portable generator located near Hanger 2 at Armitage Airfield was reported last week to China Lake police.

Over a period of approximately four weeks, 145 gallons of gasoline valued at \$ 195 have disappeared.

GLASS DOOR BROKEN

A housing inspector called China Lake police last Friday afternoon after finding that the glass was broken on a sliding glass door at a vacant residence in the Capehart B housing area. Cost to repair the damage

WANTED MAN COLLARED

China Lake police who had occasion to stop a bicycle rider shortly before 9 p.m. last Friday at the intersection of Halsey Avenue and Lauritsen Road learned a short time later (by running a warrant check on the bike rider) that he was wanted on Vehicle Code and auto tampering charges in Los Angeles County.

The suspect was transported to the Ridgecrest jail.

RESIDENTIAL BURGLARY

Burglary of a residence in the 300 block of Blue Ridge Road was reported to China Lake police last Saturday afternoon when the tenant discovered that two cameras and other camera equipment valued at \$590 were missing. Police could find no evidence of forced entry.

TRUCK PART STOLEN

A thief with a knack for working on motor vehicles is being sought by China Lake police, following a report received Monday regarding the theft of parts from a government vehicle.

Missing from a truck that had been left parked over the past weekend at Armitage Airfield is a newly-installed U-joint, valued

The thief had helped himself to a new Ujoint that he replaced with an old, worn-out one. The estimated loss from this caper was

of a professional group, and enumerated some of the essential skills that those who aspire to the highest level in their field must

Transcribing and transmitting scrambled messages to make them sound like flawless prose, finding key persons in time to insure their presence at important meetings, turning away unwanted visitors without offending them, and making a raging negative response from the boss sound like a calm denial of an individual's request were just some of the special talents Mrs. Taylor attributed to a capable and efficient

Advice for secretaries offered by the speaker included such points as being able to understand people, as well as themselves, and thinking about their work in terms of a job or a career, but being sure they know the difference between the two.

One thing a secretary must learn quickly, Mrs. Taylor said, is how to set priorities by deciding who is, above all others, the key person for whom work must be completed when other demands also are being placed on her work time.

She also reminded secretaries to keep their working ability up-to-date and to familiarize themselves with new equipment that could expedite the performance of work and, in so doing, save money.

In closing, Mrs. Taylor asked that bosses think about the work status and role of the secretary, and be open to suggestions made by secretaries. She concluded by congratulating the winners of the Secretary of the Year Awards, and urged all those within the sound of her voice, whatever their jobs may be, to strive for a high level of work performance and excellence in every-

Law Day U.S.A. noted here in speech made to Rotary Club

Today marks the 24th annual observance of Law Day U.S.A., a day proclaimed by joint resolution of Congress and presidential proclamation as a "special day of celebration by the American people in appreciation of their liberties" and as an occasion for "rededication to the ideals of equality and justice under the law."

The day has special significance this year in that the nation has seen the return of the diplomatic hostages held in Iran, as well as the inauguration of a new president selected according to a system of laws established over two centuries ago.

To encourage all citizens to increase their understanding of the role of law in American life, naval legal service officers and judge advocates assigned to naval commands around the world participate with their fellow lawyers, both civilian and military, in local community observations of Law Day.

Law Day U.S.A. was observed here with a speech to the Rotary Club on Wednesday by Cdr. Perry Patterson, NWC Staff Judge

Speaking on the theme of "Law - the Language of Liberty," Cdr. Patterson stressed the responsibility of the individual to exercise his civil rights, and to restrict the power of government by the checks and

Varied events . . .

(Continued from Page 1)

When the laboratory closes at 12 o'clock, the focus of the day's activities will move to the area near the Little League diamonds for the NWC Olympic (?) Afternoon. Lucky ticket holders will be able to stop off at the Enlisted Dining Facility for a sumptuous Navy lunch en route to the athletic fields. (Tickets for this event are going fast. A few are still available for a nominal fee at the Mess Office in Building 880.)

Plenty of refreshments will also be on hand at the athletic fields. Soft drinks, beer, hot dogs, cake and coffee will be sold by a variety of organizations at low, low prices.

Bleacher seats will beckon those who want to enjoy the spectacle of the Olympic (?) events and to cheer their favorite teams to victory. (Hoses to wash off the contestants will also be plentiful. Events like the mud volleyball and the egg toss don't promise to be good clean fun.)

A lineup of NWC villains and heroes have promised to make a splash for Navy Relief as they wait their turn to be dunked at the dunk tank operated to benefit the Navy Relief Society. The list of those who have volunteered (or who have been volunteered) may surprise all comers.

Armed Forces Day at NWC has often meant seeing the Blue Angels in action, and this year is no exception. "Threshold," a 90-minute videotape giving a pilot's eye view of flying a Blue Angels routine, will be shown on the giant screen at the Enlisted Mess at 11 a.m., and 12:30 and 2 p.m.

With the camera riding in the cockpit, the audience gets a spine-chillingly different look at the traditional Blue Angels aerobatics. Chili, cold drinks, and other low cost refreshments will be served throughout all three showings of the film.

All local military and civilian personnel and their dependents are invited to come and join the fun for a memorable day.

Entries sought . . .

balances in the U.S. political system.

ROCKETEER

"The machinery and infrastructures are present in our society to secure individual rights and personal freedom and to ensure a responsive government," he emphasized. "It is up to us as individuals to check the power of government to see that it works right. Let public officials know what you want - use the system, with its provisions for petition and lawsuit. Apathy can cause

Special week set aside for Asian Pacific Americans

Asian/Pacific American Heritage Week will be observed at the Naval Weapons Center beginning on Monday, May 11.

A special luncheon at the Enlisted Dining Facility on Thursday, May 14, will feature menu items such as egg drop soup, baked pineapple chicken, Philippine rice, salad

Lunch will be served between 11:30 and 12:30 and all active duty military and dependents are invited to attend. The Food Service Division will also serve a "special dinner in lieu of the regular dinner menu.

First established by Public Law in 1978 to recognize the contributions made to this nation by people of Asian and Pacific ancestry, Asian/Pacific American Heritage Week is observed throughout the Department of Defense.

The American society, characterized by freedom and opportunity for every individual, has been greatly enriched by the influence of the strong and varied heritages of Asian/Pacific Americans' ancestral homelands - China, Japan, Korea, Guam, the Philippines, Hawaii, and other Pacific and Asian lands.

The theme of this year's DoD observance is "Asian/Pacific Americans in Defense of Our Nation." This observance provides an opportunity for all Americans to recognize unique accomplishments of Asian/Pacific Americans.

2 VX-5 fliers make emergency landing in Tucumcari, N.M.

A wheels up, emergency landing at a civilian airport in Tucumcari, N. M., on Sunday night cut short a cross country flight being made by two naval aviators from Air Test and Evaluation Squadron Five (VX-5).

Lt. Douglas Magnant, pilot of the TA-7 aircraft, came through the ordeal uninjured, but Lt. Ralph Fife, the co-pilot, suffered a minor back sprain after ejecting from the aircraft at a low level.

Willow Grove, Pa., when it apparently experienced a loss of electrical power. The airport at Tucumcari was close by at the time, and Lt. Magnant promptly made the emergency landing that resulted in major damage to the aircraft.

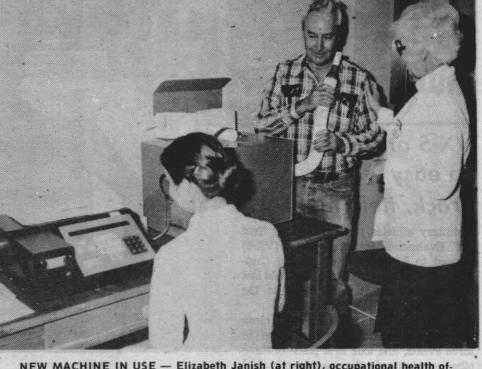

The pilot and co-pilot were flown back to China Lake the day following the accident, which is being investigated by the Navy.

Personalized Services Store now holding sale

A grand opening sale in the Personalized Services Store operated by the Navy Exchange began yesterday at the store's new location in Bennington Plaza.

This special sale at the Personalized Services Store continues today and tomorrow in the old ESB barber shop - next door to the Package Store. Regular hours of operation at the Personalized Services Store are 10 a.m. to 5 p.m. Tuesday through

A truckload tire sale, vendors selling cowboy hats, and paintings, plaques and jewelry are some items being featured during the grand opening sale.

NEW MACHINE IN USE - Elizabeth Janish (at right), occupational health of ficer at the NRMC Branch Medical Clinic, gives instructions to NWC employee Richard J. Kistler, before the latter undergoes a test using the medical clinic's new pulmonary function analyzer. Seated at left is Grace Seal, an occupational health nurse, who punches in certain information before each test is conducted, and

NWC occupational health officer attends workshop held in Norfolk

Elizabeth Janish, occupational health officer at the Naval Regional Medical Center's (NMRC) Branch Medical Clinic at China Lake, recently attended the 23rd annual Navy Occupational Health Workshop held at Norfolk, Va.

Mrs. Janish attended the workshop in order to take a course in pulmonary function testing and become certified as a spirometry technician.

With this training, she is qualified to oversee the use of a machine newly acquired at the Branch Medical Clinic that is called a Spirotech 200 Microprocessor Pulmonary Function Analyzer.

This machine measures the movement (under forced conditions) of air entering and leaving the lungs of the individual being

During the Occupational Health workshop, which was held for six working days, a number of other courses were offered in a wide range of subjects, including preventive medicine, occupational health, and industrial hygiene.

Mrs. Janish, who has been employed here at the NMRC's Branch Medical Clinic for the past two years, has responsibility for

Letters to Editor

The statement that the recent launching of Sidewinder from a helicopter at NWC was "the first time a fixed-wing missile has been

One early example was the air-to-surface Bullpup A, which was launched from a helicopter in Air Force tests conducted during the 1960s.

Helicopter ordnance in standard use includes unguided rockets of a type originally carried by fighter and attack aircraft.

Further, Soviet HIND F armed helicopters equipped with triple launchers for firing air-to-air missiles of type AA-8 Aphid have been reported to be assigned to the Soviet forces in East Germany since 1979 (see Soldat und Technik, March 1981, p. 126). The Aphid missile is normally carried by Fishbed and Flogger fighter aircraft.

Other examples of a similar nature are believed to exist.

> Fred Camphausen Physicist Code 3913

Editor's note: The statement referred to was contained in a lengthy feature article on the successful test firings of the Sidewinder missile from an AH-1 helicopter. It was the first time this had been done from this helicopter.

running the occupational health dispensary. Her staff includes an occupational health nurse, a nursing asistant, a secretary, and Civilian employees reporting to NWC for

work undergo physical examinations conducted by the occupational health officer, who also sees anyone who receives a job-related injury - referring those who need it to hospitals for medical care.

In addition, NWC civilian employees who have been off work for a minimum period of time (three days), are required to see the occupational health officer before returning

Code 61 ready . . .

(Continued from Page 1) "We have a smattering of weaklings, he men, women and 'non-athletes,' but we're still going to go for the gold," AE3 Long proudly proclaimed

In his proclamation regarding the superiority of Code 61 personnel, AE3 Long couldn't resist taking a potshot or two at other potential adversaries noting:

"Competition appears to be particularly weak. The 'pencil pushers' of mainsid military can't even muster a team. . . Echo Range is apparently just an echo. . . Range personnel have ranged too far. . . Michelson Lab personnel probably shouldn't try to compete since the most exercise they get is lifting computer decks, retorts and

"What can you say about VX-5?" AE3 Long asked scornfully, before adding his view that "Hangar 2 contractors seem as old as the aircraft they work on, Supply Department personnel can't deliver, and Public Works can't respond in time."

The foregoing has led AE3 Long, the Code 61 team leader, to the confident conclusior that his group has the NWC Olympic? Afternoon all wrapped up, since, to quote Long, "There is no competition."

Blue Cross field rep. to visit here May 6

Naval Weapons Center employees enrolled in the Blue Cross/Blue Shield Insurance health benefits plan will have an opportunity to meet with a representative of the company on Wednesday, May 6, from 9 a.m. to 12:30 p.m. in the Personnel Building conference room. Robert C. Herb, insurance company field

representative, will be here to assist enrollees who are having problems with claims they have submitted, or have questions about the filing of claims.

Appointments to see Herb can be made by calling Eileen Baird at NWC ext. 2592 or
