TO OPEN CONCERT SEASON — The U.S. Marine Band, from Washington, D.C., known as "The President's Own," will be at the Center theater on the evening of Thursday, Oct. 21, to open the Indian Wells Valley Concert Association's 1982-83 season. A few singleadmission tickets for this program are still available, but will be going fast for what Concert Association officials expect will be a sellout performance by this renowned musical group

## Marine Band to open concert season in grand fashion Oct. 21 The 36th season of the Indian Wells Valley A complete sellout is expected by the day

program

Concert Association will open in grand fashion next Thursday, Oct. 21, at the Center theater when the famous United States Marine Band from Washington, D.C., returns after an absence of two years.

During this performance, which will start at 7:30 p.m., the colorful, red-coated bandsmen (some 50 strong) will present a memorable evening of musical entertainment

Directed by Lt. Col. John Bourgeois, the outstanding musicians who make up the band that is known as "The President's Own" (because of their participation in various White House and diplomatic affairs) will present a range of selections that will include something for all musical tastes.

The program for Oct. 21 will include classics by Mendelssohn, Berlioz, Paganini, Leoncavallo and Stravinsky (his "Firebird Suite"), as well as traditional songs and, of course, marches by John Phillips Sousa and others.

A fanfare will announce the arrival onstage of the director, Lt. Col Bourgeois, and the concert will be closed by a stirring rendition of "The Marine Hymn."

Tickets for this concert are on sale at the Maturango Museum from 8 a.m. to 5 p.m. weekdays, and also can be purchased in Ridgecrest at the Music Man and at the Medical Arts Pharmacy. The price is \$7 for general admission, or \$5 for those under 21 or over 65 years of age, as well as for fulltime enlisted military personnel.

The early purchase of tickets by those who wish to attend the concert by the U.S. Marine Band is strongly recommended by Concert Association officials. Nearly 90 percent of the seats in the theater have already been reserved by season ticket holders, and the supply of single-admission tickets is very limited.

### How time flies . . .

If you haven't recognized the battleweary Marine whose picture is featured in this week's "Remember When ... " column of the Rocketeer as Bill Beasley, it's not too surprising.

Beasley worked for 18 months for an independent film producer engaged in making television commercials before joining the workforce at China Lake in December 1969.

He was hired as a cinematographer in the Technical Information Department, and carried out assignments in that line of work until his transfer to the Range Department in 1976.

Beasley, a photographer (scientific and technical) in the Range Instrumentation Support Division, is now an instrumentation equipment specialist His job includes evaluating photographic equipment and television gear, and doing market surveys to determine what is available in the way of new equipment that can be used, or adapted for use, on the ranges at NWC.

### Western days fun planned tomorrow in Bennington Plaza

Tomorrow will be a time for fun for everyone as the Navy Exchange sponsors 'Back to the Days of the Old West" in the Bennington Plaza snack bar parking lot. All civilian and military personnel from China Lake and their dependents are invited to take part in the festivities.

"Eat, drink, and be merry" is the theme for the day. The food part of the affair will be a barbeque with chicken, spare ribs and baked beans or potato salad, at \$3.75 for an adult portion and \$1.50 for a child's plate.

To go with this, soda pop and beer also will be on sale.

Music for dancing by the Renegades, a local country western group, will begin at 11 a.m. At 1 p.m., the Jim Dandies will present an exhibition of square dancing for everyone's enjoyment.

Small fry also have a special treat: pony rides at 75 cents per ride.

In addition to food, drink and music, a raft of prizes will be given away to those who take part in "Back to the Days of the Old

### **Powell Family Band** Show set Saturday night at fairgrounds

Folks who like country-western music can have a fun evening tomorrow and help a good cause while they are enjoying themselves as the Powell Family Band Show puts on a benefit for the American Cancer Society at Joshua Hall on the Desert Empire Fairgrounds in Ridgecrest.

The doors will open at 7 p.m. so that everyone will have a chance to get settled before the show begins at 8 o'clock. At 9:30 those who have been in the audience will get a chance to participate when the music starts for dancing.

To add to the festivities, the Exchange Breakfast Club will man the bar all evening. and, for anyone who develops a hunger while dancing, the American Legion Auxiliary will serve soft drinks, hot dogs and beef sandwiches

General admission for the evening of music and fun is \$3, with children under 12 years of age admitted free.

## Lecture-recital series at college set by pianist Gary Davenport

Music lovers as well as musicians have a rare opportunity to obtain an insight into the world of the piano with a lecture-recital series being offered at the Cerro Coso Community College lecture hall by Gary Davenport

"Exploring the World of Piano Music" consists of six lectures on various composers and forms of piano music that include Daveport's performance of a broad selection of piano compositions. All subscribers also may attend a master class that concludes the series.

The series will be given on Fridays, from 7:30 to 9 p.m. on Oct. 22, Dec. 3, Jan. 21, Feb. 18, March 18, April 22, and May 13. A fee of \$30 covers general admission, while children under 18, students with a valid I.D. card and senior citizens over the age of 65 will be admitted for \$22.50 for the series.

Davenport, who is a member of the piano faculty at the University of California at Riverside, performed at China Lake last Jan. 29 as part of the Indian Wells Valley Concert Association's 1981-82 series.

He is a graduate of the Juilliard School, holding both bachelor's and master's degrees from that institution. He has also won numerous competitions.

Each of the lecture-recitals will be devoted to a different composer, or topic, and will include a number of scheduled compositions. Davenport will discuss the historical background, compositional techniques and musical forms before playing each piece in full. The appeal is both for students and lovers of piano music.

Season tickets for the series are on sale at the Musi Man, 131 North Balsam St., Ridgecrest, or may be ordered by mail from Concert & Concepts, 644 N. Indian Hill Blvd., Claremont, CA 91711.

### Curtain will go up tonight on CLOTA version of 'Tribute'

Tonight is the opening night for the Community Light Opera and Theatre Association's production of the Bernard Slade comedy, "Tribute." The curtain will rise at 8:15 p.m. at the Burroughs High School lecture center, with additional performances beginning at the same time tomorrow, and on Oct. 21, 22, and 23.

Starring as Scottie Templeton ("the Jack Lemon part") is John Clark. Richard Olson has been cast as Jud Templeton, and his girlfriend, Sally Haines, will be played by Mary Lambton

Others, and the roles they portray, include: Natalie Stone playing Maggie Stratton; Rebecca Von Elm plays Dr. Gladys Petrelli; Elena Vitale, Hillary; and Rud Stone serves as narrator in the role of Lou Daniels

The play is directed by Elaine Mikkelsen, with Terrie Daley Owens serving as assistant director, and Art Owens as technical director

Ticket prices are \$3.50 for adults, and \$2.50 for students, senior citizens and enlisted military personnel. Because of the mature subject matter, parental guidance is advised.

Tickets are available in Ridgecrest at the Medical Arts Pharmacy, the Gift Mart, and the Booklet, and being sold by cast and crew members. They also will be on sale at the box office prior to each performance.

### Sign up now for NEX sponsored Halloween costume event Oct. 30

The Navy Exchange is sponsoring a Halloween costume contest for its patrons who are 12 years of age or under. All those who wish to participate can register at Toyland today and tomorrow, as well as on Thursday through Saturday of next week or on Thursday, Oct. 28.

Costumes will be judged at 1 p.m. on Saturday, Oct. 30, at Toyland. Winners will get a shopping spree at Toyland, with the first place winner being able to pick \$25 worth of merchandise; second place, \$15; and third place, \$10.

1982 compared to FY 1981 in new con- chitectural/engineering work in FY 82 work, as well as that of on-going large contracts, will be accomplished by the Western Division of the Naval Facilities Engineering Command in San Bruno, Calif., through its field office at China Lake.

> The field office is headed by Capt. J. L. Horacek, CEC, USN, who, as the Center's Public Works Officer and Officer-in-Charge of Construction, administers all contract construction and maintenance/facilities service work at China Lake.

According to LCdr. D. G. Roach, head of the Construction Division in Code 26, the list of on-going large contracts includes the Weapons System Support Facility that has been erected adjacent to Hangar 3 at Armitage Field. This building, which will cost \$4,931,343, is scheduled for completion on Dec. 20, 1982, and the contractor is Roebbelen Construction Co., Inc., of Sacramento.

This same firm is at work on the Elecronic warrare Operations Center that being built in the Randsburg Wash area at a cost of \$2,059,016. Its completion date is Feb. 2, 1983.

Of the recently-awarded contracts, the largest in terms of cost is for the paving of numerous streets located in the main site area of the Naval Weapons Center. This work, a portion of which is in evidence on Blandy Avenue and East Inyokern Road, will cost \$1,394,300, and is being handled by the Desert Construction Co. of Victorville, Calif.

Another miscellaneous paving contract for work totalling \$367,789 was awarded to the Asphalt Construction Co. of Lancaster, Calff. Work on it also is underway and due to be completed in mid-January.

E&G Contractors, Inc., a joint venture of Huntington Beach, Calif., has its crew busily engaged in the demolition of 500 old housing units (some duplexes and some single-family residences) in the area south of Murray Junior High Schobl and south of McBride Park. Work on this project, which will cost \$884,400, has a completion date of March 7, 1983.

(Continued on Page 5)

The Naval Weapons Center's com- we are equally concerned about all people. mittment to hire handicapped employees is not altogether altruistic, Capt. Lahr told the more than 100 people gathered at a luncheon honoring National Employ the Handicapped Week. "These people have proven to be extraordinary employees," he said.

He pointed out that 350 people on board person's abilities, not disabilities. have some sort of physical handicap, and last year. The Center also has two contracts with Sunshine House, a local activity center for retarded or handicapped young adults. One of these contracts is for preparing color coded sheets for the interactive graphics facilities, and the other is with the Public Works Department for working on various cleanup projects.

"We're not just being good Samaritans," Capt. Lahr concluded. "Hiring the handicapped is good business."

Dr. Talmadge O. Bartley, Equal Employment Opportunity Officer/Equal Employment Opportunity Coordinator at the Naval Ocean Systems Center, San Diego, agreed with Capt. Lahr.

He pointed out that a good handicapped employment program is relevant to everyone because "We are all in an inescapable collision course with some form of disability if we live long enough."

While some people are afraid or reluctant to let handicapped persons prove their worth, Dr. Bartley said they must not misunderstand the abilities of anyone who is handicapped.

Also, he noted, "We must ask ourselves if

We are in the hands of each other." Dan Banks, who is the Center's Hand-

icapped Program Coordinator, served as master of ceremonies. He agreed with Dr. Bartley's remarks by saying that hiring a handicapped person means looking at that

The federal government has been a leader that 29 handicapped individuals were hired in hiring of handicapped individuals, Banks

VISITOR HONORED - Burrell Hays, NWC Technical Director, presents an NWC paperweight to Dr. T. O. Bartley (at right), guest speaker for the National Employ the Handicapped Week luncheon, with the comment that "I'm proud that somebody with your empathy is working for the Navy." Interpreting his remarks in sign language is Catherine Anderson from the Bakersfield Center for Independent Living.

## Youth Soccer League results . . .

(Continued from Page 6) division were Strikers 3, Timbers 0, and Earthquakes 5, Cosmos 0. For the second week in a row, the Earthquakes dominated the opposing team to win by a shutout. Two goals by Mike Bowen paced the Earthquakes' attack.

Three out of four games played last Saturday between teams in the 1st-2nd grade division were close - two of them ending in single-goal victories of 2-1 for the Fury and Eagles over the Chiefs and Apollos, respectively, while the Cobras and Owls battled to a 1-1 tie.

Good play at goalie by Jennifer Bowling and Michael Sieg for the Chiefs kept the score down as their team lost 2-1 to the Fury on goals scored by Scott Ross and Carter Jones. Brass Beck accounted for the only goal of the game for the Chiefs.

Jarod Gonzales led an aggressive offense as he scored twice to lead the Eagles to a 2-1 win over Apollos. The Apollo offense was built around three veteran players -Jonathan Green (who scored his team's only goal), Tommy Mather and Cash Benton who were aided by three newcomers -Haydn Wilson, Scott Richison and Brian

Lots of action at midfield was the trademark of the 1-1 tie game played Jetween the Cobras and Owls. Goal scoring was done by Mike Matson of the Owls and Matt Bullock of the Cobras.

In the only other game between teams of 1st and 2nd grade players, the Rowdies hung a 4-0 defeat on the Express. Steven Sticht scored all of the goals for the Rowdies, thanks to assists from Eric Reuter, Carl Brown and Patrick Rindt.

The outstanding match of last Saturday's play in the Junior High Soccer League was a scoreless tie between the previously undefeated Monroe Bengals and the upset-

## may improve fishing at Lake Isabella

or to the Kern River over the past week have enjoyed the glorious fall weather - but that's about all they enjoyed.

The fishing has been extremely slow. Nothing is biting well - the catfish are snoozing peacefully throughout the evenings, and the trout, crappie, bluegill, and bass have been ignoring whatever lures or bait have been dangled in front of their finny bodies as well.

Chris Johnson, Kelly Burnes, Kelly Vie and Mike DeLa Fuente, as well as by midfielder Sam Greenmun

Players who starred on defense for the Bengals were goalkeeper Bobby Green, and backs Brian Hayes and Peter Hueber, as well as midfielder Brian Collie.

Game statistics show that even though the Bengals had a 19-8 edge in shots at the goal, the final outcome was a scoreless tie.

In contrast to the lack of scoring in the Bengals vs. Pegasus tilt, the Monroe Cougars hung a 14-0 defeat on the Murray Colts in another Junior High Division game played last Saturday, while the Monroe Tigers shut out the Murray Mustangs 5-0.

Scoring leaders for the Cougars in their lopsided win over the Colts were Brian Lindsey and Craig Rindt, with 5 goals each, and Tony Haaland, who tallied 3 times.

## Series of handcraft classes offered in

#### preparation for Xmas

"Crafty" persons still have the opportunity to learn how to make some of the Christmas gifts that they will give family and friends. To help them in this endeavor, the Recreation Services Department is offering a series of classes starting next week

On Monday a new class in ceramics, taught by Carol Hape, will begin at the Craft Center at 6 p.m. This two-hour class will be taught each Monday for six weeks.

Basic knitting and crocheting will be taught by Ann Nixon each Tuesday from 6 to 8 p.m. for six Tuesdays.

Basic quilting will be taught on Wednesday evenings from 6 to 8, starting on Oct. 27. This class will be taught by Tina Chavez.

Anyone seeking further information is encouraged to contact Carol Hape by calling NWC ext. 3252.

#### Anglers who headed over to Lake Isabella Advanced Life Saving Class to begin Oct. 20

Plans were announced this week for offering an Advanced Life Saving class that will be held at the indoor swimming pool on Mondays and Wednesdays, from 7 to 9 p.m. starting on Oct. 20 and continuing until Dec.

Registration for this class, which will be taught by Adrienne Swinford and Fred Last week two loads of 5,000 pounds of Whitfield, is being handled at the Center trout apiece were dumped into Lake gym office. There is a \$15 per person fee that Isabella and a few of these are now being is payable on or before the first class

Students must be at least 15 years of age and be able to swim 500 yds. Young people 11 Since Lake Isabella is open year-round for through 14 years of age may enroll in this fishing, anglers will be able to go after these class if they wish to receive basic rescue and water safety certification.

## 5 local bike riders vie in Death Valley to Whitney Portals race

8.361 ft.

Five bicycle racers from the Indian Wells climb from the 4,400-ft. level in Tuttle Creek Valley area took part last weekend in the ninth annual Death Valley to Mt. Whitney 'cycle race, which drew a field of 76 participants

Starting point for this race, which began at 6:30 a.m. last Saturday, was near a sea level elevation sign in Death Valley.

From there the racers headed for the first night's layover at Lone Pine. Enroute they climbed Townes Pass (18 miles from the starting point at an elevation of 4,956 ft.) before descending into Panamint Valley.

The bike riders attained speeds of 65 mph on this downhill stretch, but then had to climb from 1,100 ft. Panamint Valley over the 5,200 ft. high Panamint Pass before reaching a 10-mile stretch of fairly level roadway as they headed towards Owens Valley (elevation 3,500 ft.)

For the last 20 miles of the first day's race around Owens (dry) Lake, the travel-worn bicycle riders had to contend with a wearisome headwind that had started to blow earlier in the race.

The entrants in the Death Valley to Mt. Whitney race and their support crews were welcomed at around 4 p.m. Saturday at a picnic in the park at Lone Pine that marked the end of a long day of bike racing.

The race to the finish line at Whitney Portals resumed on Sunday morning at the top of Tuttle Creek Canyon. This canyon usually is a part of the race, but was eliminated this year due to rain damage from a recent storm.

At 8:05 a.m. Sunday, bike racers began the final 20-mile leg of the race — a grueling Sunday with an overall time of 9:20:35.

Of the five IWV bike racers entered in this event, John Rahn competed in the veterans' division (for those 35 to 44 years of age), and

Canyon to Whitney Portals at an elevation of

the four others were placed in a local division for entrants living within 100 miles of Lone Pine. The latter were Chuck Lewis, Tony Kratz, Guy Bien and Dave Lawrence. Even though his bike had a flat tire just a

half-mile from the starting point of the race near Stovepipe Wells, Lewis had the best overall time for the locals of 6 hr., 46 min., 2 sec., in the 2-day event.

Despite the wind, Rahn bettered his time on the first day of the race by more than 7 min. compared to last year as he was clocked at 4:57:30 on the grind from Death Valley to Lone Pine. He finished with a total time of 6:46:48.

Kratz did well by making up a 5-min. headstart as he caught and passed several of the senior class licensed racers on the uphill climbing portion of the race on the first day. His overall time, third best in the field of local entrants, was 7:03:13.

Bien, a student at Burroughs High, turned in a good performance that would have earned him a second place in the Junior Class had he been a licensed rider. His total time for the Death Valley to Mt. Whitney race was 8:41:41.

Lawrence covered the Death Valley to Lone Pine portion of the race in a little more than 7 hours on Saturday, and finished

## Happenings around NWC

Both beginning and intermediate coun- a.m. in the Chart Room of the Comtry/western dance classes will be taught by Dan Smith under the sponsorship of the **Recreation Services Department starting** on Tuesday, Oct. 19. The classes will be held each Tuesday evening at the Community Center through Nov. 23.

The beginning class, which meets from 7 to 8 p.m., will cover dances such as the two step, cowboy polka, and some line dances. The intermediate class, from 8:30 to 9:30 p.m., covers more advanced line dances such as the Tulsa time, calico crossing, and buck and wing.

A fee of \$20 for either set of classes is due at the time of registration. All participants must register at the Community Center before the night of the first class because the classes will be cancelled if a minimum number of participants does not enroll.

Anyone seeking further information should telephone NWC ext. 2010.

#### ST. ANN'S SCHOOL BAZAAR

from the fourth annual Country Holiday and doughnuts, cookies, pies or candy. Bazaar that will take place at the school on Oct. 22, 23 and 24.

Parishioners from St. Ann's have been busy preparing hand-crafted dolls, knitted and crocheted items, pies, cookies, cakes and jams, as well as toys, religious items and ceramics for this yearly event.

According to Mrs. Dean Pansci, chairman of the bazaar, nearly a dozen booths will be set up and attractively decorated for this fund-raiser that is open to the public.

Fresh-baked bread will be sold on Saturday, Oct. 23, and cinnamon rolls hot out of the oven will be offered for sale on Sunday, Oct. 24.

be open from 9 a.m. until 7 p.m. on Oct. 22 each student in attendance at schools of the and 23, and from 8:30 a.m. until 2 p.m. on Sierra Sands District. Oct. 24.

#### AIAA MEETING SLATED TUES.

A talk on the subject of "Human Performance in Response to Parachute Opening Shock/Force" will be presented at a luncheon meeting scheduled by the China Lake Section of the American Institute of Aeronautics and Astronautics (AIAA).

will be held on Tuesday, starting at 11:30 once each year for each pupil.

missioned Officers' Mess.

Guest speaker will be Tomas J. Bozack, an aerospace engineer employed in the Exploratory Development Section of the NWC Parachute Systems Department.

Luncheon reservations can be made by calling any of the following AIAA members: Stephen Carter, NWC ext. 2627; Dennis Sorges, ext. 6401; Kenneth Katsumoto, ext. 2233; George Menard, ext. 2943; or George Stiehl at Ridgecrest Engineering, phone 446-

#### BAKE SHOP GOODIES NEEDED

In preparation for one of the activities that will be a part of the annual Maturango Junction Day fete in Ridgecrest on Oct. 23, a call has gone out for contributions of baked goods that will be offered for sale at Gramdma's Bake Shoppe.

Women or men who enjoy baking and would like to help raise money that will go into the Maturango Museum building fund St. Ann's School in Ridgecrest will benefit are invited to prepare breads, cakes,

> Arrangements for the bake sale booth are being handled be Rose Varga and Charlotte Braitman, who will be happy to pick up baked goods on Friday, Oct. 22. Phone either 446-3939, or 446-4462 to have baked goodies taken to the booth.

#### PARENT-PUPIL SURVEY CARDS

A parent-pupil survey card will be sent home with students next Wednesday, Oct. 20, by the Sierra Sands Unified School District.

The cards are to be completed by the parents or guardians of all students. In order to qualify for federal funds in full, the The St. Ann's Country Holiday Bazaar will local school district must have a card for

> Information provided by those who complete the parent-pupil survey form will enable the school district to determine if a student lives on federal property, or if the student's parent or guardian works on Federal property.

This data is needed in order to substantiate the school district's claim for The meeting, which is open to the public, financial assistance, and must be obtained Page Six

## '82 league season begins tonight for **BHS** varsity gridders

The Burroughs High School varsity football team will open the 1982 Golden League season at home tonight by hosting the Palmdale Falcons.

Kickoff time is 8 o'clock for the varsity contest, which will be preceded by a game between the Burroughs and Palmdale sophomore teams that will get underway at 5p.m.

Both the Burroughs and Palmdale varsity squads broke into the win column for the first time this season on Oct. 1 after losing three earlier non-league tilts.

FALCONS DEFEAT BARSTOW

While the Burros were tuning up for the start of league play by posting a 35-21 victory over the Bishop High Broncos in a game played at Bishop, the Palmdale Falcons upset the Barstow Aztecs 12-6. This same Barstow team trampled the Burros 37-0 on the Ridgecrest team's home field in the first game of the 1982 season on Sept. 10.

On the latter occasion, miscues by the Burros played into the hands of the visitors from Barstow, who ran roughshod over the Burroughs High varsity gridders.

The Palmdale Falcons, who went through a 10-game winless season in 1981, will be out to avenge their 14-7 loss to Burroughs in the final game last year.

**KEYS TO BURROS' OFFENSE** 

The 1982 edition of the Burroughs High varsity football team is led by Dan Means, a junior who has returned to play the quarterback spot for the second year in a row.

The Burros' offense is built around the power running of Randy Aguon and the touchdown passes so far this season.

Adrian Baer, tight end for the Burroughs High varsity, also has made some timely catches of passes thrown by Means, and the Burros have a speedy running back, Ray Eastmon, to call on when the opposing team begins to concentrate upon stopping Randy Aguon

Stalwarts in the BHS line include Allen Jones (6 ft. 4 in., 225 lb.) and Tom Lane (6 ft., 2 in. 205 lb.) at the tackle positions. Both are newcomers to the varsity squad, but have shown steady improvement in the three games played so far this season.

At the guard positions, the Burros have a pair of veterans in Dan Allen and Pete Aguon, both of whom also excel on defense. Other starters are Dwayne Merrill, Mark Lathron, Hud Minshew and Mike Conlon.

## **Over-Hill Track Club** schedules 10-km run at China Lake Sat.

event arranged by the Over-the-Hill Track competition will have to pay a late entry of Club, will be held on Saturday, Oct. 16. The \$7. race will start and finish at the Center gym. and runners will follow a well-marked course along China Lake streets.

Registration for the 10-km. run will begin at 8 a.m., and the starting gun will be fired at 9 o'clock.

group categories for men and women. The division for women only 18 years of age and winners of each of these divisions will over. receive a distinctive hand-made award, and competition that will be presented to those who finish the race.

There is an entry fee of \$3 per person that is payable at the time of registration.

Additional information can be obtained by calling David Rugg at 375-2191.

A 3-2 win by the Roughnecks over the Kicks and a 2-1 victory for the Surf over the Whitecaps highlighted the five games played last Saturday in the 5th-6th grade division of the Youth Soccer League, sponsored by the NWC Recreation Services Department.

On this, the second weekend of the 1982 fall season, 14 games were played between teams composed of youngsters in the first through sixth grades, and there were three more contests in the Junior High League that is sponsored jointly by the Recreation Department of the City of Ridgecrest and the Sierra Sands Unified School District.

In an evenly matched game between the Roughnecks and Kicks, the score was tied 1-1 at the half on goals by Donald Duniphin for the Roughnecks and Dean Waldron (assisted by Matt Mechtenberg) for the Kicks.

The Kicks went ahead 2-1 on a goal by Paul Mercer in the third quarter, but the Roughnecks came charging back to tally twice in the final period of play to win the game. Duniphin got his second goal of the game for the Roughnecks, and also was credited with an assist on a goal scored by Billy Matlock as the Roughnecks edged the Kicks 3-2.

Two goals by Armando Valdivia paced the Surf to a 2-1 win over the Whitecaps in what was a hard-fought defensive contest. Valdivia's scores came on assists from Ivan Chirinos and Ken Ratcliff, while the lone goal for the Whitecaps was tallied by Stacy Schoen.

Scores of other games played in the 5th-6th grade division were Hurricane 4, Rogues 2; Tornado 4, Sting 2; and Diplomats 9, Sounders 2.

The Hurricanes were led in the scoring department by the 2-goal performances of Geoff Dinger and Michael Rindt in their win over the Rogues. David Mann also tallied twice as he sparked the Tornadoes in their 4-2 win over the Sting. After scoring twice, Mann dropped back to help his team's defensive unit, which was shorthanded.

Not to be outdone, Tim Matson scored two goals in a losing effort for the Sting in the

THE CHASE IS ON - All eyes are focussed on the ball in this Youth Soccer League tilt between the Roughnecks and Kicks that was won, 3-2, by the Roughnecks. The two players nearest the ball are Ricky Robinson (at right) of the Kicks and David Wooley (dark jersey) of the Roughnecks. Other players for the Kicks who are moving over to get in on the action are Paul Mercer (in center) and Dean Waldron (in background).

game with the Tornadoes.

Matt Ziegler led the Diplomats to their 9-2 goalie. victory over the Sounders by scoring 5 goals

Two close, low-scoring games that resulted in wins by a score of 2-1 by the Atoms and Blizzards over the Lancers and Drillers, respectively, and a 1-1 tie in the game between the Sockers and Aztecs topped last Saturday's Youth Soccer League action in the 3rd-4th grade division.

The outcome of the Atoms vs. Lancers tilt was decided on a goal by Carey Underwood after Derek Brown of the Atoms had scored his team's first goal with the an assist from David Bartels. Amy Shumway tallied for the Lancers on a good solo drive from the left side of the net. The game remained

close due to good play by the Lancers'

Chad Bass played well both on offense and defense for the Blizzard in his team's 2-1 win over the Drillers. Bass scored one goal and did a good job as goalie for his team during part of the game. Lamonte Dawson accounted for the only goal in the contest for the Drillers.

Sockers came about on goals scored by Mike Maloney for the Aztecs and Jared Christiansen for the Sockers. Maloney took advantage of a loose ball in the goal box to tally for the Aztecs.

Scores of other games in the 3rd-4th grade (Continued on Page 7)

### **Bowler in Premier** League just misses perfect game Monday

A close call on a 300 (perfect) game highlighted Monday night's Premier (scratch) League action at Hall Memorial Lanes

Pat Nalley, a member of the Turner Real Estate team, put together a string of nine strikes during his first game in the matchup between Turner's and the Hideaway squad, but was off the mark with his next ball and had to settle for a 279 game.

Nalley, who had an exceptional night, also turned in single game scores of 232 and 247 to finish with a 758 series, which was high for the evening.

Two other Premier League bowlers -Mark Barkemeyer and Glenn Collins also did well with triple 200 series scores of 647 and 632, respectively. Barkemeyer had single game totals of 215, 206 and 226, while Collins' built his triple 200 series on games of 219, 212 and 201.

In the team competition, Turner Real Estate knocked off the Hideaway 13-7, and the Buggy Bath keglers outpointed National Car Rental 14-6. As a result, both teams are now tied for first place in the Premier League standings with identical records of 62 won, 38 lost.

High team game for the night was the 1,008 turned in by the Hideaway bowlers, but it was the Turner Real Estate gang that had the high team series-a total 2,924.

In addition to those already mentioned, bowlers who topped the 600 series mark on Monday night were Dick Reymore (621), Chuck Rouland (617), and Hub Zimmerman (604)

Others with single game scores of more than 220 were Reymore (237), Bob Wallace (231), Rouland and Steve Zissos (224), and Ron Keck (223).

## passing of Means, whose favorite target, Joe Byrd, the split end, has caught five Registration open for bicycle race planned Oct. 23 on Center division, as well as merchandise prizes from

Registration is now being held for a bicycle race, sponsored by the NWC Recreation Services Department, that will be held on Saturday, Oct. 23.

Participants in this event will follow a course 8/10ths of a mile in length that will start at the NWC Federal Credit Union building. The route is north to Blandy Avenue where a right turn is made that will take bike riders past the Commissioned Officers' Mess. The bike racers will turn right at the COM and, a short distance later, turn right again to Inyokern Road. They then head back to the Credit Union building to complete one lap of the prescribed number of laps for those competing in various divisions of the race.

There is a \$5 per person registration fee that is in effect and payable when the completed entry form is submitted at the Center gym office. Those who wait until The ninth annual 10-kilometer run, an after Monday, Oct. 18, to sign up for this

Bicycle racers will be placed in one of five divisions based on their age. These divisions, and the age brackets are: midgets, 12 years of age and under; juniors, 13 through 17 years of age; seniors, 18 through 34 years of age; veterans, 35 years Runners will compete in separate age- of age and over; and there is an open

Midgets will compete in a race that exthere will be some 60 other mementos of this tends for 3 laps around the 8/10ths of a mile course; juniors will cover 10 laps; seniors and veterans will travel 20 laps (16 miles), and in the open division for women, the entrants will race for 10 laps (8 miles).

There will be awards for those who finish in first, second and third place in each

You, House of Senn, Western/English Emporium, the Mail Box, Tom's Touch of Class, Johnson's Bird Farm, T. J. Frisbee, and the Obvious Edge. Additional information can be obtained by calling the NWC gym office at NWC ext. 2334, or Chuck Lewis, the race director, at 375-9580 after 5 p.m.

the following Ridgecrest business places:

The Yogurt Factory, Lindberg Nutrition,

Audrey's Pantry, John's Pizza, Creation of

KIDS WELCOME — Boys and girls 12 years of age and under are invited to enter a bicycle race slated at China Lake on Saturday, Oct. 23. Bree Lewis, age 5, the youngest entry in the recent Cerro Coso College hill climb, expresses her enthusiasm for this kind of competitive event.

#### ROCKETEER

Page Three

# The Skipper sez

All China Lakers, including military personnel, civilian employees, and their dependents are invited to submit questions to this column. Such queries must be in good taste and pertain to matters of interest to a large segment of the China Lake community. Answers to these questions are directly from Capt. Lahr. Please call NWC ext. 2727 with your question and state whether you are a military member, civilian employee or pendent. No other identification is necessary. Since only three or four questions can be answered in the Rocketeer each week, anyone who would like to ensure getting an answer to a question may leave name and address for a direct contact, but this is not required otherwise. There is no intent that this column be used to subvert normal, established chain-of-

#### QUESTION

Civilian employee - I attended the 11:30 a.m. Catholic service on Sunday, Sept. 5, and was appalled that the service began with the "Pledge of Allegiance" and closed with the singing of "God Bless America." I thought that a church would be separate from patriotism and nationalism and I resent this being imposed upon my religious beliefs. Thank you.

mand channels

#### ANSWER

I am appalled that you are appalled by a touch of patriotism and nationalism conducted in concert with a religious ceremony aboard a military base. It seems appropriate and natural to me. Fortunately for you, there are other Catholic services in the area so you might find them more to your liking. QUESTION

Civilian - I noticed recently that some wells were being drilled out here in the range area around the Pole Line Road and Water Road and they said it was to investigate seepage of water from the sewer plant that could contaminate the dry lake.

I was just thinking it is a waste because there's been probably data gathered in tests for 15,000 years on how water filtrates through various sands and stuff like that for purification. I'm just wondering why they're digging those wells. ANSWER

15,000 years? The problem being addressed is that the water tables are rising in certain areas on the Center causing upheaval, which in turn causes cracking of buildings and roads and increases the probability of bad waste being introduced to our system. If we had all the information necessary in order to address the problem we would not have had to drill 15 test holes, but we didn't.

#### QUESTION

Civilian employee - In reference to driving on the Center, there's a California Vehicle Code requirement which states that if more than five vehicles are slowed or waiting to pass, the bicyclist must pull off the side and allow the vehicles to go by. I believe this would apply to bicycles going considerably slower than the flow of traffic. Why is it not being enforced by the China Lake Police?

#### ANSWER

Who says it isn't being enforced? If a China Lake Police officer is not present when a violation is committed, it is incumbent on a citizen to turn the violator in did you?

#### QUESTION

Civilian - With the emphasis on facilities here on base, why isn't the Center theater capable of handling people in wheel chairs? I recently had a guest in town who is confined to a wheel chair, and she was unable to attend the theater.

I don't feel this is appropriate and some action should be taken. Thank you.

#### ANSWER

The theater is scheduled for a major rehab that will begin this fall. Part of that rehab includes taking out the last two rows of seats all across the rear of the theater. This will enable handicapped people to sit safely in their wheel chairs.

Unfortunately, because of the rehab, there will be some inconvenience to patrons for approximately four months. Bear with us, because when it's completed, the facility will be of much better service to everyone.

#### Sorry your guest was inconvenienced. QUESTION

Civilian employee - We went to the movies on a Saturday night and the problem was with the sound

I think people should get their money back if they can't hear the sound track on a movie. It happened on the final reel. Thank you.

ANSWER The projectors are almost new and I think that you should have complained about the loss of sound. I'm sure it would have been corrected. It's too bad you missed the last reel, but it really is just a case of getting the projectionist to turn up the volume. Sorry.

CONGRATULATIONS DUE - LCdr. Royle Pariseau, Officer-in-Charge of the NRMC Branch Clinic, hands LCdr. Elinor Spita the commendation that accompanies the Navy Achievement Medal that she was presented during a recent all-hands meeting of Branch -Photo by Don Cornelius Clinic personnel.

## Nurse at branch medical clinic gets Navy Achievement Medal

Nurse at the NRMC branch clinic, was presented a Navy Achievement Medal at an all hands meeting of clinic staff members recently

LCdr. Royle Pariseau, clinic Officer-in-Charge, presented the medal for Capt. L. H. Eske, Commanding Officer of NRMC Long Beach, on behalf of the Secretary of the Navy.

The medal was presented to LCdr. Spita for the superior performance of her duties while serving as Officer-in-Charge, Acting, of the branch clinic from June 18 to July 19, 1982.

The citation notes that "Exploiting her exceptional insight and leadership abilities, she significantly enhanced the productivity and customer satisfaction of the health care services provided by the Branch Clinic."

It cites her, in addition, for the organization and direction of the evacuation of a seriously ill patient from Lone Pine, Calif., to a hospital in Portsmouth, Va. This evacuation involved complex logistics problems since she had to deal with two hospitals, the Medical Airlift Command, and two Air Bases, yet while solving the logistics problems, she was also able to allay the fears of the concerned parents.

LCdr. Spita has spent the last seven years of her more than 17 years' nursing experience in the Navy and has been at China Lake since January 1981.

While she had always intended to emulate an aunt by becoming a Navy nurse, she got sidetracked after graduation from St.

AZ1 Robert L. Matney

A surprised LCdr. Elinor J. Spita, Senior Francis Hospital School of Nursing in Hartford, Conn., by a job as head nurse at the Massachusetts Institute of Technology.

> "I got bored with administration and no patient care." LCdr. Spita says, and joined the Navy.

> "The fun part of being in the Navy is the people, especially the corpsmen," she says. "They're so neat. I like to teach them and to work with them.'

> In her spare time she considers herself a budding archaeologist. She has begun work on a degree in archaeology at the University of Alabama, and hopes to complete that degree when stationed where she can take the additional course work that she needs.

### Bluejacket . . .

(Continued from Page 1) she chose a Navy enlistment instead.

"My father builds airplanes as a hobby and I've helped him since I was 12," she says. "It's something I really like to do."

She has been at China Lake for nearly a year, following her husband Glenn here from the Naval Air Station at Lemoore, Calif., where they had met while he was in the Navy there. (He is now employed by Kentron to work on A-7 aircraft here.)

The Risleys are very excited about the impending birth of their first child, which is scheduled to arrive on Christmas Day. Both hope that it will be a little girl, but add that they won't be disappointed with a boy.

For being chosen as Bluejacket of the Month, Petty Officer Risley received a letter of congratulations signed by the Commander, an NWC plaque, 96-hour special liberty, and 30 days of no-duty status. She also received a reserved parking place at the Enlisted Mess, has the use of a new car from Desert Motors for that 30-day period, and will be a guest at a luncheon meeting of the local Rotary Club.

## New telephone area code will go into effect here Nov. 6

Effective on Saturday, Nov. 6, the region that includes the China Lake-Ridgecrest area will be assigned a new telephone area code. The new number is 619.

This is necessary because there has been such growth in southern California that the telephone companies have exhausted all available prefixes in the 714 area.

There will be a 3-month transition period during which telephone calls to the 619 area code will go through if either 619 or 714 are dialed.

Beginning on Feb. 2, 1983, however, any incoming calls dialed to the 714 area code will be routed to a recording, and the person placing the call will be instructed to use the 619 area code instead.

Page Four

SURPLUS CHEESE DISTRIBUTED - Navy trucks were used on Oct. 6 to transport more than 12,000 lb. of government surplus cheese from Visalia to Ridgecrest for immediate distribution to low income families in the Eastern Kern County area. Mather's Dairy Service was the central delivery point here. Tom Mather, shown on the loading dock at his place of business, is lending a hand to the volunteers who assembled to get the cheese moving to its ultimate recipients. We Care handled distribution to low income families in the Ridgecrest and Invokern area, while other volunteer groups made sure that the cheese was transported to the Rand District, Kern River Valley, Tehachapi, Mojave, California City, Cantil and Boron. According to Assemblyman Phil Wyman, R-Tehachapi, this was the second batch of surplus cheese to be released by the federal government for distribution to the needy. -Photo by PHAN Rebecca Carpenter

## FPW award nominations open, banquet slated

The Federal Women's Program Com- ext. 2738), and from the head of the FWPC. mittee is again requesting nominations for the annual Women's Award, Supervisor's Award and Department Award.

Criteria for Supervisor's and Department Awards basically remain the same from year to year, but the Women's Award each year has had a special and different emphasis. This year the FWPC Women's Award is slated for women who work in the support codes.

Any woman working in one of the support codes, military or civilian, no matter what grade or job title, who has been employed at China Lake for at least two years, is eligible to be nominated.

The nominator can be a supervisor, coworker, or someone in one of the codes that is being supported by that individual. Nominations are now being accepted, and must be in the hands of the FWPC by the close of business on Friday, Oct. 29.

Detailed nomination criteria and nomination forms are printed in today's issue of the NWC announcements. Anyone who does not receive a copy of the Announcements can obtain copies from department offices, the EEO office (NWC held on Wednesday, Nov. 17, at the Enlisted

Rebecca Von Elm (NWC ext. 2997).

In 1976, the Women's Award was given to clerical and administrative employees; this was before the FWPC established the Secretary of the year awards to honor these employees.

The award in 1977 went to women who "made significant contributions to the Center mission," while the 1978 award went to women who were role models and mentors to their co-workers.

In 1979, the Committee recognized technical personnel by giving two Women's Awards: one for women in science and engineering, and one for technicians. The 1980 award was for women in nontraditional roles, and last year's award was for involvement in community activities.

In each case, nominees were rated on four general criteria: leadership, attitude, initiative, and quality of work. In addition, the nominee also had to qualify in the particular emphasis area selected for that vear's award.

Winners of the awards will be announced at the annual FWP banquet, which will be

The banquet will begin with a social hour at 6 p.m., followed by a buffet dinner featuring roast beef and ham at 7. A program of musical selections will follow at 8 p.m., and the announcement will be made of award winners at 9 o'clock.

Tickets for the dinner cost \$8.25 each. A reservation may be made by telephoning Eloise Burklund at NWC ext. 2634 before the close of business on Nov. 12. Tickets for the dinner may also be ob-

tained at the time reservations are made by telephoning members of the Federal Women's Program committee. These individuals and their NWC telephone numbers are as follows:

Ltjg. Sharon Beck, ext. 3042; Wanda Clark, ext. 3361; Jack Crawford, ext. 2254; Belle Hervey, ext. 2738; Electa Huston, ext. 5540; Hope Lewis, ext. 7520; JoEllen Ming, ext. 2880; Naomi Mulhern, ext. 2738; Leah Reusche, ext. 2393; Lee Ann Riddock, ext. 3643; Howard Schafer, ext. 7386; Gene Schneider, ext. 2886; Jennifer Seffel, ext. 3733; Rud Stone, ext. 3713; Rebecca Von Elm, ext. 2171; Cheryl Wall, ext. 2951; and Gwen Williamson, ext. 2347.

### Police reports ...

A billfold, temporarily lost in the parking lot of the China Lake golf course, was found a short time later by its owner, who reported to police that \$270 was missing.

The incident occurred shortly after 7 p.m. on Wednesday, Oct. 6. The owner of the wallet told police that he placed it on the rear bumper of his car. Momentarily forgetting that it was there, he drove away and was part way home when he realized that he didn't have the wallet with him.

A short search back at the golf course parking lot turned up the wallet, minus the cash that it contained.

GAS SIPHONED FROM CAR

A thief siphoned about \$15 of gasoline from a car parked at a Hubbard Circle home. The gasoline was apparently taken between 9 and 10 p.m. on Oct. 11. Retirement fete for Lt. Col. Gibbons, USAF

# set Oct. 28 at COM

Plans are being made for an "R&R" (roast and retirement) party honoring Lt. Col. James Gibbons, U.S. Air Force Liaison Officer at the Naval Weapons Center for the past eight years.

This event, which is being sponsored by the Laboratory Directorate (Code 03), will be held at the Commissioned Officers' Mess on the evening of Thursday, Oct. 28. A nohost social hour at 6 will precede the program at 7 p.m

Those wishing to stay for the dinner that will follow are asked to make reservations by calling the COM, phone 446-2549.

Preparations for the evening are being handled by the Program Coordinator's Office, Code 0031. Any department, group or individual that would like to take part in the farewell "roast" for Lt. Col. Gibbons is asked to contact "Chips" Mauer by calling NWC ext. 2634.

### Handicapped . . .

(Continued from Page 1) Integration Department, and Darrell Herr, an auto mechanic in the Transportation Division of the Public Works Department, are the Center's nominees whose names have been forwarded.

Recognizing that not only Herr, who is totally deaf, needed sign language to understand the speakers remarks, Catherine Anderson, Director of Interpretive Services from the Bakersfield Center for Independent Living, provided this service for the hearing-impaired members of the audience.

terms of five members expire this year.

HN Lazaro L. Leon and Hazel H. Albers His aim in the military, too, is to qualify had an extra special reason to celebrate for additional training - he would like to "Happy New Fiscal Year" recently - become a medical photographer and their selection as Sailor and Civilian of the combine the work that he was doing in Quarter for the Naval Regional Medical commercial photography as a civilian with Center branch clinic was announced during an all hands meeting at the clinic on the last day of the old fiscal year. Their selection was for the period of July 1 through Sept. 30.

At the ceremony held in the lobby of the clinic, Officer-in-Charge LCdr. Royle Pariseau presented each of them with a letter of commendation. They will have their names engraved on a plaque in the lobby of the clinic building, and their pictures will be displayed there. Each will also be assigned a special parking place for the next three months, and HN Leon will also get a special evaluation and a 96-hour liberty for his selection.

"I'm shocked," was HN Leon's reaction to his selection. He has been in the Navy just a year and a half, and has spent most of that time at China Lake. Before entering the military service, HN Leon was a biology major at Rutgers University in New Jersey, but finances got so tight that he decided to go into the service.

His ven for education has kept him taking classes - since he has been at China Lake, he has completed Emergency Medical Technician One training at Cerro Coso Community College and plans to take additional classes.

his interest in medicine.

HN Leon's father was a military man an officer in both Cuban and Spanish armies - so he has lived in Madrid and Paris as well as in his native city of Havana, Cuba, before he came to the United States seven years ago.

Despite his cosmopolitan background, HN Leon thinks that "this area is lovely." He

event to celebrate in this area: the birth of their son, Leandro, five months ago.

The letter of commendation to HN Leon says, in part, "It is obvious to all that observe you that you have set high goals for vourself and have made a personal commitment to provide the best possible care to your patients. You continuously express a genuine concern for the patients' physical and mental well being. You consistently keep them informed of their situation, reassuring them as necessary, while providing outstanding medical care."

Concern and care for patients is also emphasized in the letter of commendation received by Mrs. Albers for her work with Occupational Health. Her letter notes that "The by-word in

Occupational Health is 'ask Hazel.' If you want a job done promptly and properly, 'ask Hazel.'

The letter continues, "You're a coach that makes the health care team a constant winner, the health care you provide is respected by your peers and requested by your patients.'

Mrs. Albers has served as a nursing assistant at the China Lake clinic for eight years - ever since she and her husband, Victor, came to the area from Nebraska.

She says that she has always liked nursing, but got married instead of entering nursing training. Later she spent three being busy.'

and his wife, Lourdes, have a very happy years in an on-the-job hospital training program in Nebraska to become a nursing assistant, and has worked as a nursing assistant ever since.

Patient contact is what she likes most, she says, so she is happy to be with the Occupational Health group.

"I'm very family oriented," she says,

Hazel H. Albers adding that she and her husband enjoy spending time with their son and two daughters, seven grandchildren and two stepgrandchildren.

"We keep busy," she says, "and enjoy

Lake.

# Remember when. . .

The assignment as a photographer in the nation's capital provided him with the opportunity to take photos of the inauguration ceremony that preceded Dwight Eisenhower's second term in office as President of the United States. After his discharge from the Marine Corps as a gunnery sergeant in June 1968, this ex-Marine pursued the training in photographic work he received in the military service and is still engaged in this line of work on the Naval Weapons Center.

Editor's note: Readers' contributions of old photos for the "Remember When..." column can be made by delivering them to the Public Affairs Office, Code 003, phone NWC ext. 3511 Please include a telephone at work so that information to accompany the photos can be obtained.

October 15, 1982

#### ROCKETEER

**Page Five** 

This "mud Marine" was having a rough time of it when this photo of him was snapped by a combat photographer during the Korean War. The place was somewhere in the east-central portion of South Korea as the men of the 1st Marine Division's 1st Regiment were driving north toward the 38th parallel.

The strain of being among the assault forces for 45 days without letup shows on the face of this week's "Remember When ... " personality who, at the time (mid-1959) was an anti-tank assault gunner, or a bazooka man.

A 20-year stint in the Marine Corps later included an assignment as a photographer assigned to Marine Corps Headquarters in Washington, D.C., and a tour of duty as a motion picture combat cameraman for 15 months (during 1966-67) in Vietnam, where he served with the 1st Marine Air Wing and the 3rd Marine Amphibious Force.

If you can't match the face shown in the above photo with that of anyone you know at NWC, turn to Page 8.

### Contracting out of work is subject of two meetings

Two meetings by two different groups have been scheduled to discuss the possible contracting out of about 200 Civil Service jobs on the Naval Weapons Center. Both meetings are open to all interested persons.

These jobs involve family housing maintenance, warehousing and supply operations, and vehicle maintenance. Several hundred additional jobs would be affected by the Reduction in Force process.

The first meeting, sponsored by the China Lake-Ridgecrest Branch of the American Association of University Women, will be held tomorrow at 10 a.m. at St. Michael's Episcopal Church, 200 Drummond Drive, in Ridgecrest

Speaker at that meeting will be Lewis Carr, president of local 422 of the International Association of Machinists and Aerospace Workers.

A status report on the contracting ou Association (FMA) on Tuesday at 11:30 a.m. at the Enlisted Mess.

To ensure adequate seating, all those who plan to attend the FMA meeting are asked to telephone the Enlisted Mess at NWC ext.

### Navy helicopter joins in search for 2 missing fishermen

Despite a massive search effort that involved two days of flights by the NWC Search and Rescue helicopter and ground searches by the Kernville Search and Rescue ground teams, two Hollywood men missing in the Greenhorn Mountains were finally found by a deerhunter.

The two men, Anthony Tassillio and Kaz Ohata, both 23, were reported missing at 9 a.m. Sunday after they failed to return from a fishing trip. Both the ground and aerial search was set into motion in an effort to locate them in the steep and very rugged terrain of the Tiger Flat section of the Greenhorns.

NWC's helicopter, piloted by Lt. Col. Scott Smith, USMC, joined the search. Aircrew members on that flight were AMS3 Mike Clenny and AEAN Barry Beavers. The next day's flight was made by LCdr. Byron Dieckman, who was accompanied by AMH3 Mike Granato, ADAN Larry Clark, and HM2 Stephanie Bright.

Deer hunter Keith Wilson of Bakersfield beat all searchers to the missing men by accidentally coming across them. They rode out of the mountains with him early on Tuesday. Although tired and hungry, both men were in good condition.

ENERGY AWARENESS WEEK POSTER CONTEST UNDERWAY - Peggy Murphy from the Center's Energy Program Office is visiting each school to talk to the children, grades 1 through 6, about energy and the need to conserve it. Solar panels, mounted on a trailer, show the children how solar energy is used. The annual poster contest is now underway and all entries by the school children are due today. Winners will announced during Energy Awareness Week, Oct. 25 through 29.

## Plans shape up for celebrating decision will highlight an open luncheon meeting of the Federal Managers' Navy's 207th birthday Oct. 23

Birthday Ball on Oct. 23 one of the outstanding events of the year.

All active duty and retired Navy personnel and their guests will gather at the Enlisted Mess for a no-host social hour at 6 p.m. before a lavish buffet dinner is served at7 o'clock.

The main entrees on the buffet line will be steamboat round of beef and ham with all the trimmings.

An hour-long program will honor the Navy's 207th birthday and the men and women who have served the Navy and the nation during those years. Main speaker of the evening during the program will be

### Vic Rehn to discuss science in Russia at ASPA mtg. Oct. 26

A look into science in Russia will be given to members and guests of the East Kern Chapter of the American Society for Public Administration (ASPA) when Dr. Vic Rehn presents his impressions of a visit he made to the USSR recently.

Dr. Rehn will talk at a luncheon meeting to be held on Tuesday, Oct. 26, at 11:30 in the Chart Room of the Commissioned Officers' Mess

Reservations must be made by close of business on Tuesday, Oct. 19. Menu choices are either a chef salad or roast chicken; both are \$4.25. Reservations may be made by telephoning Joan Crista at NWC ext. 3537 or George Lindsteadt, phone NWC ext. 2305.

Because of widespread interest in the subject, the program is open to members of the community.

Plans are shaping up to make the Navy's Harry Parode, Captain, USN (ret.), who is well known for his lively and entertaining

> A large assortment of prizes will also be awarded those who attend the ball. These include gifts donated by local merchants who extend their greetings and congratulations to the men and women of the Center.

> Dancing to the music of Message, a band from Los Angeles that plays a variety of music, will complete the evening's festivities.

> Cost of the evening, including dinner, is only \$7.50 per person. Tickets may be purchased from AD1 Michael Newman. NWC ext. 5292; YN2 Thomas Meadows, NWC ext. 5728; AG1 John Smith, NWC ext. 5470; SH1 John Elliot, NWC ext. 3138; AQ1 Larry Woeller, NWC ext. 5140; or RM1 Roger Heiser, NWC ext. 3046. They may also be purchased at the Enlisted Mess.

Appropriate dress for the occasion is service dress blue for active duty military, coat and tie for civilian men guests, and either a cocktail dress or gown for civilian women guests.

## Extra CFC pledge cards

needed by coordinator

Any Combined Federal Campaign representatives who have more pledge cards than they need for the personnel in their group are asked to get these extras to Loretta King, Rm. 2027 Administration Building, as quickly as possible.

Some organizations do not have enough cards for all their personnel.
