Tricarico cited as leader

by JOC Carolyn A. Dettling AZ2 Ann Tricarico enlisted in the Navy in 1981. This year, she is a nominee for Bluejacket of the year. She was selected as a Supervisor of the Quarter (SOQ) by VX-5 in 1988 and currently works in Aviation Administration on the Support Equipment Program and in Maintenance Control on the Vids Board and logs and records

In his letter of notification, VX-5 Commander, Capt. Eric Vanderpoel, cited her outstanding performance, dynamic leadership and exceptional administrative skills. She was lauded (Continued on Page 5)

All China Lakers, including military personnel, civilian employees and their dependents, are invited to submit questions to this column. Such queries must be in good taste and pertain to matters of interest to a large segment of the China Lake community. Answers to these questions are directly from Capt. John Burt. Please call NWC ext. 2727 with your question and state whether you are a military member, civilian employee or dependent. No other identification is necessary. Since only three or four questions can be answered in the Rocketeer each week, anyone who would like to ensure getting an answer to a question may leave name and address for a direct contact, but this is not required otherwise. There is no intent that this column be used to subvert normal, estab-

Skipper, thank you for this opportunity. I have lived on the base for over four years. I am a civilian member of the base, married to a military dependent. I am calling with a concern about the operation of the so-called "Mini-Mart," or whatever that small market is located next to the Exchange and Commissary on base. Recently I have encountered a puzzling situation. I have the ID card that earmarks me as a tenant on base and in times past, I could purchase any item of food (or whatever) located within the bounds of the Mini-Mart, itself, excluding the stereo equipment and such. I was able to purchase beer (I didn't do that a great deal, but I could buy it if I wanted to by showing my pass). I now have some confusion over what I can legally purchase and what I can't. In the past couple of weeks, I have encountered two clerks who have told me that I could not purchase beer there or candy. They simply told me I could purchase health and comfort items. The purpose of this call is simply to identify health and comfort items. I want to go by the rules. If I can't buy beer, candy or what have you, that's perfectly o.k., but I would like to know ahead of time what it is I can purchase. I am hoping, Skipper, that this call might result in some clarification of what the on-base tenants can purchase and what they can't. Again, I want to emphasize I want to go by the rules, but I would simply like to know what they are. As a final remark, I would say the clerks could have been more polite. They made me feel like a criminal in there and there was a long line behind me. It was embarrassing. Thank you for this opportunity.

I have received quite a few questions lately regarding civilian employees residing on Center and their Navy Exchange shopping privileges.

To increase the convenience and quality of life for personnel working and residing on the Naval Weapons Center, the Assistant Secretary of the Navy (Manpower and Reserve Affairs) approved a deviation to the Armed Services Exchange Regulations to allow limited Exchange shopping privileges to civilian employees. This privilege is limited to purchases from the Navy Exchange Mini-Mart and includes all items, with the exception of state taxfree tobacco products and beverages (wines and spirits).

Careful consideration was given to the daily needs of civilian and military personnel. The merchandise selection normally available in a Navy Exchange Mini-Mart facility was extended to include the following: housewares, sporting goods, greeting cards, pet and garden supplies. Additionally, check cashing privileges (if funds permit) is also available

Every effort is made to ensure that merchandise is of the highest quality and available at the lowest practical cost with customer satisfaction being the

Children's fashions gets new line at NEX

Ahoy there parents and kids! There's a new collection of children's fashions on the horizon at the Navy Exchange called "kids ahoy." Created especially for Navy Exchange customers, the "kids ahoy" clothing has styles for active youth from ages two to six.

A colorful "kids ahoy" label has been designed that parents and kids will love. On a sea of turquoise, brightly colored sails of yellow, orange and hot pink float on a turquoise wave. The name "kids ahov" appears on the label and stands for

ment 100 percent.

With up-to-date styling, the "kids ahoy" collection provides quality, durable children's wear at affordable prices and is backed by a name you can trust — the Navy Exchange.

Look for the collection at the NWC Navy Exchange beginning Wednesday.

"All by myself alone?" Part 2

Three weeks ago, I wrote in this column that I often hear this statement: "I don't have to go to church in order to worship God. I can worship Him alone at home." I want us to give more consideration to this statement Such a statement, I believe, reflects the belief that we can make it in the world without others.

We need the support of the community of worship. In the Christian unity, in which I serve as a minister, we believe God established the church on the foundation of Jesus Christ. We believe He did this because He created man to be in community with his neighbor. God Himself said, "It is not good for the man to be alone. I will make a helper suitable for him." (Genesis 2:18; NIV). God grafts us into communities of worship because He calls us to help one another in His name. Simply put, we need one another.

Why do we need one another? It is the way we were created by the Creator. He made us to depend on one another. God did not make any

rugged individualists. Of course we team spirit of her coworkers. can live as such, but God did not During the last three years, Tricarshape us to live in that way.

believers. In the church, Christ calls ribbon. His people to build one another up. Petty Officer Tricarico is the And in doing so, we obey His law. mother of two children, Elizabeth and Daily we face challenges to our faith Vince. She has completed the Navy's in which support from one another is Technical Library School and plans an encouragement to press on. Often to continue her education at Cerro there are challenges (viewed in a Coso Community College in the fall. positive light) which call for all the faith which we can help one another

Certainly we face problems. As we confront these problems, we certainly can give one another a word of encouragement to persevere. Nothing else helps more than a word from someone who has waded through "troubled waters" like ourselves.

The Bible teaches: "Carry each other's burdens, and in this way you will fulfill the law of Christ." (Galatians 6:2; NIV).

All by myself alone? As for me, I confess I cannot make it in this world

By Lt. G. E. Williams, CHC, USNR Airfield Chaplain

"Whatever you do, do like a church steeple: aim high and go

Consider applying to the military's medical school

Established by an act of Congress in 1972, the Uniformed Services University of the Health Sciences in Bethesda, Md., is the military's own medical school. This jointservice school is designed to provide DOD with a cadre of career medical officers for the Army, Navy, Air Force and the U.S. Public Health Service.

The medical students are commissioned as ensigns or second lieutenants on active duty reserve status, and draw full pay and benefits while in school. There is no tuition, and all books and equipment are provided at no charge. Students study the traditional civilian medical school curriculum plus courses of direct military medical relevance.

At graduation, students receive the M.D. degree and a promotion to captain or lieutenant, and must serve seven years to pay back their education. Time spent in graduate medical education, such as an internship or residency, does not count towards the payback.

Both civilians and military personnel with a college degree may apply for the four-year medical

program at the F. Edward Herbert School of Medicine. While civilian applicants may be no older than 27 when they enter the medical school, applicants with military service can exceed the age limit by up to three years -- to age 31 -- based on the amount of their prior service. All applicants must meet the physical and personal qualifications for a commission in the uniformed services as well as certain academic

The university also has a graduate program leading to advanced degrees in the health sciences which is open to both civilians and military personnel. The graduate program offers eight Ph.D. programs in the basic sciences and two master's degree programs. Graduate students, who are not commissioned if they applied as civilians, serve as teaching and research assistants to the faculty in exchange for their tuition-free education.

For more information, contact the Office of Admissions, Attn: PAC, Uniformed Services University, 4301 Jones Bridge Rd., Bethesda, MD, 20814-4799 or call (202) 295-3101.

WACOM sets next meeting

will be the topic of the next Women's Auxiliary to the Commissioned Officers' Mess (WACOM) luncheon meeting on Tuesday, March 14.

Leo Girardot, a local historian, will discuss the area's history and present a slide show.

The meeting will begin at 11 a.m. at the Officers' Club. Members should make reservations by next Friday by calling Ivy Meyer at 446-6837 or Sue Moulton at 375-5364. Babysitting reservations can also be made

WACOM was founded over thirty years ago as an auxiliary of the Officers' Club to support the Club and to provide social activities for wives of its members and for women

The WACOM thrift shop, on Lauritsen Road, serves the community and earned over \$11,000 for charity last

Monthly luncheons on the second Tuesday of the month feature diverse programs through May.

Nominations accepted for **EW Awards**

WASHINGTON (NNS) -- Each year, the Association of "Old Crows" recognizes individuals and units for their outstanding contributions and achievements in Electronic Warfare.

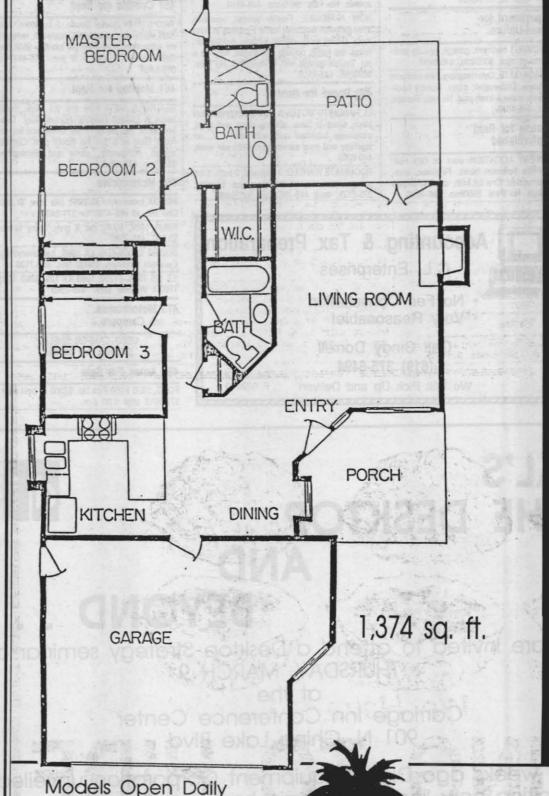

Nominations for the 1989 Outstanding Navy Electronic Warfare Unit Awards should be sent to the Chief of Naval Operations (OP-76) by April 14.

The deadline for the individual awards is May 8. Individual award nominations should be sent to: The Association of Old Crows, 1000 North Payne St., Alexandria, VA 22314-1696.

Traffic laws to be obeyed

Motorists on board the Naval Weapons Center (NWC) are reminded that China Lake Police Division (CLPD) officers enforce state and NWC traffic regulations.

According to Kerry B. Swiggum, traffic manager, CLPD Operations Branch, areas of concentration for radar traffic enforcement for next week are listed below.

·Monday - Randsburg Wash Road.

•Tuesday — Blandy Road.

·Wednesday - Inyokern Road. •Thursday — Lauritsen Road. •Friday - Richmond Road.

On Saturday, March 4, the Eastern Sierra Symphony Chamber Orchestra, under the baton of Bogidar Avramov, will present a concert at 7:30 p.m. This chamber concert, featuring local violinists Jane Kuhlman and Sharon Towner, will be conducted in the Grace Lutheran Church, 502 N. Norma Street. Avramov is the music director of the Beverly Hills Westside Symphony Orchestra and professor of music at Loyola Marymount University. This second local appearance of the chamber orchestra is \$7.50. For further information, call LouAva Seybold, 375-7455.

Everyone is invited to a FREE pre-festival concert put on by the Burroughs High School Band and Orchestra on Wednesday, March 8. The band and orchestra will be performing the music they have been preparing for the upcoming music festival at Quartz Hill High School. Starting at 7 p.m., the concert will be held at the Burroughs High School Lecture Center.

Skywatchers of the China Lake Astronomical Society will be gazing at the sky during the Star Party being held tonight, March 3, at the site south of old Highway 395. People wanting to join the party can bring their own telescopes and binoculars or just come to enjoy the stars as others share their equipment. It's advised to dress warmly, as it gets chilly after dark.

Artist to be speaker to study group

Janet Eyre, Boron artist, will be the speaker at the Desert Design Study Group meeting on Friday, March 3, at 9:30 a.m. at the Knights of Columbus Hall, 725 Ridgecrest Blvd. The study group is made up of members from the California high desert community garden clubs.

Eyre will explain the rules governing "Underwater Design."

The assignment for this meeting is to bring a design featuring color; everyone attending is expected to Shoemobile participate.

DDSG meetings. For information, call coordinator Alice Hirsch at 375-2107.

The public is invited to attend plans visit

According to the Employee Services Board, the Shoemobile will be on-Center Wednesday, March 8 from 7:30 to 9 a.m. The mobile unit will park by the Safety Office located on the corner of Hussey and Nimitz. Safety shoes and related items may be purchased by both military and civilian customers.

Alumni sets date for annual chili dinner

al Chili Feed." The feed will begin at for only \$2. 11 a.m. and will continue until 8 p.m. in the Student Center. This year's menu includes a choice of a bowl of

On Wednesday, Mar. 8, the Cerro helping of corn bread dripping with to the college. Proceeds from this butter, a chili dog with all the works, year's dinner will go into the Alumni or a delicious chili-size burger — all Association's Scholarship Fund.

either mild or hot chili and a heaping students, alumni and the community of the entire community.

Each year the association holds a Cerro Coso Community College "Chili Feed" in order to get Alumni are especially invited to acquainted with, and welcome the attend this dinner, as are the residents

St. Patrick's Day dinner is March 12

St. Ann's Church and the Naval Weapons Center's Catholic Chapel will co-sponsor their traditional Saint Patrick's Day Celebration corned beef and cabbage dinner at the Knights of Columbus Hall (725 W. Ridgecrest Blvd.) on Sunday, March 12, from 5 to 7:30 p.m.

Enjoy dinner, Irish music (including sing-along of Irish favorites), door prizes and live entertainment (part of which will be a presentation by Georgia Knutsen's Sierra Academy of Dance students) for a low price of \$5 per adult and \$2.50 per youth under 12.

Tickets are available after all weekend masses at St. Ann's and NWC's All Faith Chapel. They are also available during the week at St. Ann's School Office and the Chapel Office at NWC.

Proceeds are designated for the Children's Committee 10, Inc., under whose auspices many Irish children are privileged to visit families in the United States for several weeks during the summer months.

For further information, call Agnes at NWC ext. 2773.

An FBI agent goes undercover to get evidence
on a group of white supremacists responsible for a
eries of racist murders, only to fall in love with eir chief conspirator.
(Thriller, rated R, 127 min.)

"CLARA'S HEART"

Starring Whoopi Goldberg and Michael Ontkean (Drama, rated PG-13, 108 min.)

MONO DIGGINGS Frank S. Wedertz

Historical Sketches of Old Bridgeport Big Meadows and Vicinity Copiously Illustrated

A comprehensive account of Mono County's settlement, early mining districts, cattle and sheep business, law and lawless, newspapers, roads, hotels, toll stations, saloons, resorts, and pioneers. The appendix contains a "Directory of Residents of 1861," a list of names in their original spellings before they were Americanized.

The book is profusely illustrated with historic photos plus pen and ink sketches by Lee Symonds. and packed with details that will interest the casual reader as well as the historian.

Only an author from a pioneer Mono County family could have gathered such a wealth of photos and information. Frank Wedertz was born in 1939, graduated from San Francisco State in 1963, summered in Bridgeport, and taught English at Arvin High School.

Available at Chalfant Press and local bookstores for \$12.95 or use coupon below. 245 pages; 51/2 "x 81/2"; paperback, \$16.04 including tax and postage.

Applications for positions listed below are being accepted from Department of Navy employees currently working at NWC and from eligible employees of attached activities who are permanently assigned to NWC. This group includes employees with career or career conditional appointments; employees with permanent Veterans Readjustment Act (VRA) appointments; temporary employees with reinstatement eligibility; and handicapped employees with Sch.(A) continuing appointments. Also included are spouses, with competitive status, of civilian sponsors hired by a DOD activity within NWC's communing area. Applications from other groups will be accepted when specified in an advertisement. Vacancies are subject to restrictions imposed by the DOD Priority Placement Program, Applicants must meet all legal and regulatory requirements, including minimum qualifications requirements, by the closing date of the advertisement. Evaluation of applicant's qualifications will involve using at least two assessment measures. Assessment measures are work experience, annual performance assessment rating and narrative, education, training, performance assessment and

Eligible spouses (of military sponsors) with competitive employment status may apply for employment preference. Those enrolled in this program will automatically receive consideration for employment on vacancies for which they applied. For initial employment information, career counseling and enrollment, call 939-3317 for an appointment.

career counseling and enrollment, call 939-3317 for an appointment.

HOW TO APPLY: Submit the following: a current application, SF-171 or other Human Resources Department pre-approved form; a copy of your most recent annual performance assessment narrative (note: a copy of your performance plan should be attached if the annual performance narrative description does not clearly state the tasks/duties performed); and a completed Background Survey Questionnaire. A supplemental narrative which relates your qualifications to each knowledge, skill or ability (KSA's) as cited in the advertisement is always desirable and may be required if stated in the vacancy announcement. Write the title, series, level (grade), and announcement number on all application materials. Not submitting the annual performance parative may adversely affect your evaluation scores. Prior to subthe annual performance narrative may adversely, affect your evaluation scores. Prior to submitting your application, complete Cover Sheet Form 12335/2, available at the reception desk. Make sure your address, phone number, etc. are current, correct and that all forms are complete and accurate. If information is missing, your qualifications may not be fully and completely rated. Additional information cannot be submitted after the closing date of the completely rated. Additional information cannot be submitted after the closing date of the announcement. A current date and a signature on the last page completes the application. Civilian Spousal Program Eligibles with competitive employment status must submit a copy of their sponsor's PCS orders with each application in order to be considered for Merit Promotion vacancies which do not state that status eligibles may apply.

Application materials are accepted, and blank forms are available, at the Reception Desk, Room 100, Human Resources Department, 505 Blandy. Announcements close at 4:30 p.m. on Friday, one week after the opening date of the announcement, unless otherwise specified. Applications received after 4:30 p.m. on the closing date will not be considered. Copies of applications may be submitted since applications are kept in an announcement file and cannot

Technician, DT-802-1/2, Code 6221 - This position is in the Air Operations Branch, Range Department. The incumbent functions as an air test conductor during

Secretarial opportunities

This column is used to announce secretary positions for which the duties and job relevant This column is used to announce secretary positions for which the duties and job relevant criteria are generally similar. Secretaries serve as the principal clerical and administrative support in the designated organization by coordinating and carrying out such activities. Secretaries perform numerous tasks which may be dissimilar. Positions at lower grades consist primarily of clerical and procedural duties and, as positions increase in grades, administrative functions become predominant. At the higher levels, secretaries apply a considerable knowledge of the organization, its objectives and lines of communication. Depending on grade level, typical secretary duties are implied by the job relevant criteria indicated below.

Applicants will be rated against four or more of the following job relevant criteria: (1) ability to perform receptionist and telephone duties; (2) ability to review, track, screen and distribute incoming mail; (3) ability to review outgoing correspondence; (4) ability to compose cor-respondence and/or prepare non-technical reports; (5) knowledge of filing systems and files management; (6) ability to meet the administrative needs of the office; (7) ability to train cleri-cal personnel and organize workload of clerical staff processes; (8) ability to plan and coordinate travel arrangements; (9) ability to maintain and coordinate supervisor's calendar and to

Unless otherwise indicated, applicants for branch secretary will be rated on eleme Unless otherwise indicated, applicants for oranch secretary will be rated on elements 1/2/3/5/8; division secretary applicants will be rated on elements 1/2/3/4/5/8/9; and department secretary applicants will be rated on elements 1/2/3/4/5/8/9; and department secretary applicants will be rated on elements 4/7/8/9. A SUPPLEMENTAL FORM IS REQUIRED AND MAY BE OBTAINED IN ROOM 100 OF THE PERSONNEL BUILDING.

No. 27-003, Secretary (Typing), DG-318-2/3, Code 273 - Incumbent provides secretarial and administrative support to the Head, Information Management Division, the Information Management Applications Branch, and the Information System Resource Management Branch. No. 64-010, Secretary (Typing), DG-318-1/2, Code 644 - Incumbent support to the Electronic Warfare Threat Environment Simulation (EWTES) Division. Acts as division point of contact computer forms management. Knowledge and working skill on the Macintosh PC is desirable. Must be able to obtain a secret clearance. Work schedule is first forty. Status eligibles may apply. Promotion potential to DG-2.

Reassignment opportunities

This column is used to fill positions through reassignment only. For this reason, the Reassignment Opportunity Announcements are separate from the Promotion Opportunities column in the Rocketeer. Applications will be accepted until the date stated in the announcement. Employees whose work history has not been brought up to date are encouraged to file an SF-171 or 172. All applicants must meet minimum qualification requirements established by the Office of Personnel Management. Information concerning the recruitment and placement program and the evaluation methods used in these reassignment opportunities may be obtained from Personnel Management Advisors (Code 096 or 097). Applications should be filed with the person whose name is listed in the announcement. The Naval Weapons Center is an Equal Opportunity Employer.

Secure telephones on-Center...

(Continued from Page 5)

The Key Management System (KMS) electronically rekeys the phone annually.

These new phones have replaced all former generation (STUII) phones on Center. NWC started receiving the STUIII units in June. Two STUII's have been retained, as they have the capability to carry secure communications with NATO

This retention will be temporary and all STUII's will be replaced as soon as the STUIII/A (NATO compatible) is available.

"Our goal is to place a secure phone within arm's reach to users who have justifiable needs and have protected areas within which to conduct classified disucssions," said

The 'protected area' criterion is determined by the Physical Security

division and includes audits of an area's audio security, access controls and physical security.

A "Secure Booth" with a STUIII has been installed in the Safety and Security building. This booth can be used by China Lakers to conduct classified conversations without fear

> of faulty physical security. The STUIII's are in limited quantities and were placed first to replace the STUII's. As they become available, other STUIII's will be placed in areas based on criticality of need.

The procurement of these units is currently handled by a central buy through the National Security Agency (NSA). Individual commands are restricted to obtaining the units through this central buy.

Additional STUIII's may be purby coordinating the purchase through a program sponsor. Contact for additional information on one of

SPAWAR (Space and Nava) Warfare Command) is the lead activity for the management of the STUIII Low Cost Terminal implementation program. "We need to tighten up our secure

voice communications efforts on Center," said Pond, "The accomplishment of this goal depends upon the users. We intend to educate the NWC population on how to develop good phone security habits."

"Whenever we actually impose security requirements, they will have been thoroughly researched to ensure the most cost effective and realistic measures to reach our goal of a sound secure telephone system,' concluded Pond.

Questions and comments about chased by mipering funds to NSA or the STUIII's or any other communications security issues should be addressed to Humberto Pond or Larthe communications security office ry Duysen at NWC ext. 2083 or mail

HOW TO GO FROM 0 TO 60 WITH A CREDIT UNION LOAN Month

Ever notice how most automobile advertisements try to sell you on the idea of performance? They often mention the responsiveness, durability and how easy it is to handle their cars. Some will even tell you how many seconds it

At the Credit Union we are interested in performance as well. But our performance is not measured in terms of miles-per-hour. In fact, we view performance as satisfaction-per-member. We are interested in how well our loan programs perform and how the Credit Union can help you get the maximum mileage out of your money. When you come to your Credit Union for automobile financing, we will sit down with you and help you find the payment and terms that are right for you.

The next time you are in the market for a new or used automobile, visit your Credit Union for fast performance. Find out how our affordable terms and low interest rates can help get you where you want to go.

March is Women's History

in a series of articles by the NWC American Heritage Committee. Each vignette will illustrate the 1989 American Heritage theme: Pride in Diversity and reflect upon NWC's

This particular vignette was chosen for this week's issue to recognize that March has been designated "Women's History Month" by the U.S. Congress.

"Remember the ladies in the laws of the new nation," urged Abigail Smith Adams in 1776. Abigail Adams, the wife of second U.S. President, John Adams, was an early champion of women's rights.

Mrs. Adams was born Abigail Smith in 1744 at Weymouth, Massachusetts. Besides being a proponent of women's rights, she opposed slavery. She was an educated, keen observer of society and the world around her. She has been described as an intellectual who surmounted most of the barriers which confronted women in the 18th century.

During the Revolution War, Mrs. Adams' letters to her husband contained valuable observations about the British forces around Boston.

Correspondence between her husband, Thomas Jefferson, and herself contains observations about the new government, and comparisons between American, English and French society.

Mrs. Adams was the first resident of the White House. The Adams' family moved in 1800 while the building was still under construction. Mrs. Adams died 18 years later of typhoid fever. Her son, John Quincy, became the sixth President of the United States. Source: World Book Encyclopedia & The Adams Jefferson Letters by Lester J. Cappon (University of North Carolina Press,

The 1989 American Heritage Committee is planning a special American Heritage Week for June 5-9. The festivities will include the traditional food booths, international entertainment and other events staged to raise China Lakers' awareness of the Pride in Diversity.

Racing club consists mainly of NWC people

Devils' membership are DOD per- the title. Other contenders in this sonnel or related to DOD personnel," said Traci Wiles, an active member of the club. "Currently, we don't have any military personnel on our membership roster, but we do races we hold," she added. "Richard Whitcomb, a staff sergeant at VX-5, is in pretty good standing for points so far this season," Wiles said.

According to Wiles, there are four brackets racers can participate in. Bracket 1, Super Pro, consists of racers driving dragsters, alters and funny cars. There are also some regular, medified, vehicles in this category. The cars run from zero seconds to 10.69 seconds.

At present time, David Leighton 1402 points. Dan Kibler and Ken McCormack are tied for second place with 1102 points. Chuck Cutler is presently in fourth place with 802 points and Dave Hill and Steve Lovern are tied for fifth place with 702 points each. Kriste Garrett, Ron Kowallis, Bo Crossland, Ray Owens, Mike Judson and Dean Miller are also still contenders for the championship title.

Bracket 2, Pro E.T., runs from 10.70 seconds to 12.19 seconds. It consists of modified body cars with special safety hardware.

Presently, Earl Burley leads this category with 902 points. Ron Coble and Gary Whiteside are tied for second place with 801 points each. Tracy Brownlee and Marilyn Wood are tied for fourth place with 702 points each and Bill Mitchell has sixth place with 602 points. Bill Morris, Joe Fuentes, Bert Leighton and Tom Fidger are also still contenders for Bracket 2.

The Heavy Bracket Bracket 3. runs from 12.20 seconds to 13.69 seconds. It consists basically of regular street cars with souped-up motors and street bikes.

Tom Burgess has currently taken over the lead in Bracket 3 with 1302 points. John McInerney is in a close second with 1102 points and Gary Jordon is in third place with 1002 points. Richard Whitcomb, who has 902 points; and Stefanee Kenney and Glen Rooves, who each have ci(Continued on Page 15)

"Ninety-five percent of the Dust 702 points, are still in the running for bracket are Robert Renfroe, Ron Smith, Brett Halpin, Dave Wadelin, Don Cearley, Joe Walker and Dale

Bracket 4, the Street Car Bracket, have some who are very active in the consists basically of "mama's grocery car." While hub caps can't be used, regular seat belts can.

With 1002 points, Bill Fletcher currently leads this bracket. He is closely followed by Virgil Young with 902 points and Ed Dufrene and Larry Titus, each with 901 points. Joni Hill and Dennis Lank are tied for fifth place with 802 points each. Craig Romney (702 points), Suzanne Conner (701 points), and J.D. Minnick (701) are still hot contenders. Eric Marshall, Jay Casort, is in first place in Bracket 1 with George Conner and Mike Kamer are also still in the running with points ranging from 601 to 401.

A High School Bracket is also included for the races sponsored by the Dust Devils.

Currently, Anna Rosono is in the lead with 1102 points. She is closely followed by Niki Young with 902 points and Darby Neagle with 801 points. Mike Kaynan (601 points) and Jeff Steiberg (301 points) are also trying to earn the coveted title of

According to Wiles, the club would really like to see more high school students get into legalized racing. The overall winner of the high school bracket earns his high school automotive department \$1,000, noted Wiles.

"Our racing helps to take the racing off the street," she said. "In fact, it's safer. We are sanctioned by the National Hot Rod Association (NHRA) and must meet all NHRA safety requirements. In street racing, there are no safety requirements.

"All cars must meet the safety uirements in their brackets," said Wiles, "the higher the bracket, the more safety hardware is needed. All drivers must have a valid driver's license and a special license is needed to drive a dragster."

Another item Wiles stresses is the club is a "family affair." David Leighton's father was an original member of the club, noted Wiles,

CLPD reaches out to children
